**The Private Press Ventures of Samuel Lloyd Osbourne and R. L. S.** James David Hart, 1966      Between Generations Victoria Ford Smith, 2017-08-07 Winner of the Children's Literature Association's 2019 Book Award Between Generations is a multidisciplinary volume that reframes children as powerful forces in the production of their own literature and culture by uncovering a tradition of creative collaborative partnerships between adults and children in nineteenth and early twentieth century England. The intergenerational collaborations documented here provide the foundations for some of the most popular Victorian literature for children from Margaret Gatty's *Aunt Judy's Tales* to Robert Louis Stevenson's *Treasure Island*. Examining the publication histories of both canonical and lesser known Golden Age texts reveals that children collaborated with adult authors as active listeners, coauthors, critics, illustrators, and even small scale publishers. These literary collaborations were part of a growing interest in child agency evident in cultural, social, and scientific discourses of the time. Between Generations puts these creative partnerships in conversation with collaborations in other fields including child study, educational policy, library history, and toy culture. Taken together, these collaborations illuminate how Victorians used new critical approaches to childhood to theorize young people as viable social actors. Smith's work not only recognizes Victorian children as literary collaborators but also interrogates how those creative partnerships reflect and influence adult-child relationships in the world beyond books. Between Generations breaks the critical impasse that understands children's literature and children themselves as products of adult desire and revises common constructions of childhood that frequently and often errantly resign the young to passivity or powerlessness.      **Private Press Books**, 1966

Literary Culture and the Pacific Vanessa Smith, 1998-01-08 This 1998 book examines a range of nineteenth century European accounts from the Pacific depicting Polynesian responses to imported metropolitan culture, in particular its technologies of writing and print. Texts designed to present self-affirming images of native wonderment at European culture in fact betray the emergence of more complex modes of appropriation and interrogation by the Pacific peoples. Vanessa Smith argues that the Pacific islanders called into question the material basis and symbolic capacities of writing even as they were first being framed in written representations. Examining accounts by beachcombers and missionaries, she suggests that complex modes of self-authorization informed the transmission of new cultural practices to the Pacific peoples. This shift of attention towards reception and appropriation provides the context for a detailed discussion of Robert Louis Stevenson's late Pacific writings.      **Guide to the Study of United States Imprints** George Thomas Tanselle, 1971      **Collected Poems of Robert Louis Stevenson** R. L. Stevenson, 2019-08-07 At last a complete new edition of the poetry of Robert Louis Stevenson. During his lifetime Stevenson published *A Child's Garden of Verses* 1885, *Penny Whistles* 1887, and *Ballads* 1890. There were also various private press adventures in poetry with his stepson Lloyd Osbourne and the posthumous *Songs of Travel* 1895 and *New Poems* 1918. This new edition contains these collections and also some of Stevenson's printed and

manuscript poems that have never been published in any collection The edition also identifies and restores various poems assembled by Stevenson in his Notebooks many of which were mutilated by members of The Boston Bibliophile Society The editor Roger Lewis has carefully studied Stevenson s manuscripts and letters identifying many variants in individual poems and in orders of his collections as well as in the editorial procedures of a succession of RLS s literary associates who claimed to be fulfilling his intentions or acting on his authority The ordering of this edition will follow Stevenson s own final arrangement over unauthorised editorial rearrangements or strict considerations of chronology Complete and accurate dates of composition and publication of individual poems and of collections are given wherever possible Appendices include bibliographical description and location for manuscript and printed sources of all poems in the edition poems in process how Stevenson sketched and revised during composition notebooks bibliographical history and significance chronology and ordonnance of poetic units There are also explanatory and textual notes Scots poems are glossed and annotated using The Concise Scots Dictionary and web resources of the SNDA A substantial introduction covers the publishing histories of individual volumes and literary influences placing emphasis on Stevenson as a Scottish poet and arguing for his best verse to be considered
