**Transnational Land Grabs and Restitution in an Age of the (De-) Militarised New Scramble for Africa: A Pan African Socio-Legal** Warikandwa, Tapiwa V., Nhemachena, Artwell, 2017-09-26 One of the fundamental challenges in deconstructing rethinking and remaking the world from a Pan African vantage point is that some captives have tended to delight in the warmth of the imperial predator's mouth. In other words, some captives forget that the imperial predator's mouth gets warm because empire is eating and heating up from prey on the continent. *De Militarisation Transnational Land Grabs and Restitution in an Age of the New Scramble for Africa: A Pan African Socio-Legal Perspective* is a book that knocks on key aspects relating to land militarisation, a Post-African World Order and a chaotic Post-God World Order which require critical scholarly and policy attention in the quest to free Africa from centuries-old imperial depredations. The book carefully navigates the imperial entrapments which are designed to focus African attention only on decolonising African minds without also engaging in the imperially more unsettling decolonisation of African materialities. Constraints and Impacts of Privatisation V. V. Ramanadham, 2002-03-11 This book contains papers on some 25 countries written by experts directly connected with privatisation either as academics or as policy makers and practitioners with a comparative review at the end by the editor. It highlights the major factors in the success and the failings of privatisation attempts in different countries in Europe, America, Latin America, Africa, Asia and Australasia. In particular, there are studies on the evolving experience of transformation to free market economy in the former socialist countries of Eastern Europe. **Privatisation in Developing Countries** Paul Cook, Colin H. Kirkpatrick, 2000 In recent decades, privatisation has been a key policy instrument in the move to more market-based economic systems in all parts of the developing world. Privatisation, however, has not necessarily been accompanied by an increase in market competition. In recent years, many public utilities have been privatised as monopolies and, in addition, regulatory systems have been developed to restrict their market power and protect the interests of consumers. These authoritative volumes bring together a collection of important papers that have shed new theoretical and empirical insights into privatisation and regulation and have provided new policy perspectives in relation to developing countries. *Privatisation in Developing Countries* will appeal to policymakers and researchers at the forefront of economic policy debates in developing countries. **Indonesia Privatization Programs and Regulations Handbook Volume 1 Strategic Information and Regulations** IBP, Inc., 2013-08-2011 Updated Reprint Updated Annually *Indonesia Privatization Programs and Regulations Handbook* **International Privatisation** Thomas Clarke, 2011-07-20 No detailed description available for *International Privatisation* Indian Economy, 72nd Edition Datt Gaurav & Mahajan Ashwani, 2018 This book presents a comprehensive survey of the Indian Economy in terms of GDP growth, savings, investment and developments in various sectors such as agriculture, industry and services. A contradiction observed in India is that while the reform process has resulted in boosting GDP growth, it has failed to yield acceleration in the process of poverty reduction and growth of
