Problem With Paul

Patrick Gray

Problem With Paul:

The Problem with Paul Brian J. Dodd, 1996-04-22 People outside the church have often found Paul hard to stomach His views on women sex and marriage his failure to attack the institution of slavery his verbal attacks on his opponents have all come under fire Regrettably Paul hasn't always fared that much better among believers who themselves like the apostle Peter sometimes wonder what to make of him Let's face it Paul just isn't politically correct Brian Dodd offers a fresh look at the somewhat enigmatic and misunderstood Paul With a pastor's heart and a scholar's insight he helps us to bridge the gap between Paul's world and our own providing the perspective we need to begin to make sense of Paul the man and his message Whether you stand outside the church looking in or whether even from the inside you struggle to make sense of Paul in the contemporary world *The Problem with Paul* will deepen your understanding and help you to grapple with one of the New Testament's most important authors

Paul and the Gentile Problem Matthew Thiessen, 2016-02-01 Paul and the Gentile Problem provides a new explanation for the apostle Paul's statements about the Jewish law in his letters to the Romans and Galatians Paul's arguments against circumcision and the law in Romans 2 and his reading of Genesis 15:21 in Galatians 4:21-31 belong within a stream of Jewish thinking which rejected the possibility that gentiles could undergo circumcision and adopt the Jewish law thereby becoming Jews Paul opposes this solution to the gentile problem because he thinks it misunderstands how essentially hopeless the gentile situation remains outside of Christ The second part of the book moves from Paul's arguments against a gospel that requires gentiles to undergo circumcision and adoption of the Jewish law to his own positive account based on his reading of the Abraham Narrative of the way in which Israel's God relates to gentiles Having received the Spirit/pneuma of Christ gentiles are incorporated into Christ who is the singular seed of Abraham and therefore become materially related to Abraham But this solution raises a question Why is it so important for Paul that gentiles become seed of Abraham The argument of this book is that Paul believes that God had made certain promises to Abraham that only those who are his seed could enjoy and that these promises can be summarized as being empowered to live a moral life inheriting the cosmos and having the hope of an indestructible life

Wisdom According to Paul in Relation to the Corinthian Problems Richard C. Rojas, 2024-09-30 The problems of boasting division and human wisdom are apparent in 1 Corinthians 1:4 Addressing their interrelated nature Dr Richard Rojas argues they are rooted in a false understanding of wisdom He skilfully explores how Paul's response to the issues is found in his wisdom teaching especially the meaning and significance of Christ the wisdom of God In this detailed study Dr Rojas presents a sociological and rhetorical analysis of 1 Corinthians 1:4 that brings a fresh perspective on Paul's response to church tension with important truths for churches today Pauline scholars and church practitioners alike will find in these pages a rich resource on 1 Corinthians and Paul's teaching

The Spirituality of Paul Thomas H. Tobin, 2008-04-16 We know more about Paul of Tarsus than we know about any other New Testament author During his lifetime he was also one of the most controversial

figures in early Christianity He was a Pharisee a Christian missionary a community organizer and someone who was both deeply committed and highly opinionated Tobin gives the reader an understanding of Paul as a human being as well as a sense of his faith his vision the major themes of his theology and especially the overarching metaphors that lie at the root of his religious outlook *A Basic Survey of the Old and New Testaments* Daniel Cameron,2011-03-11 Want to get a good idea about whats going on in the Bible but time have time to read long survey books about it Here is a short easy to read book that will do just that **Paul Unbound** Mark D. Given,2022-06-24 As long as there are readers of Paul there will be always be other perspectives The essays in this second edition of Paul Unbound Other Perspectives on the Apostle provide introductions to Paul s relationship to and views on the Roman Empire first century economic stratification his opponents ethnicity the law Judaism women and Greco Roman rhetoric Contributors Warren Carter Charles H Cosgrove A Andrew Das Steven J Friesen Mark D Given Deborah Krause Mark D Nanos and Jerry L Sumney have added addendums to their original essays and updated the bibliography to take into account scholarship produced in the decade since the publication of the first edition The collection provides essential background and sets out new directions for study useful to students of the New Testament and Paul s letters *Imagine Paul* G. Roger Greene,2024-10-17 Can the real Paul the apostle live again in a postmodern technological age Paul s ministry stood at the very headwaters of the Christian gospel surrounding Jesus of Nazareth His letters are the earliest documents contained in the New Testament The current work calls upon the reader to actively engage Paul in his context rather than to affirm the assumed theological Paul of later Christian orthodoxy The reader is thus invited to walk with a more real Paul as he may be imagined from the sources we have to think Paul s thoughts with him through his letters and to more fully experience the gospel of God that Paul knew and proclaimed Paul was a man in Christ directly called by God to announce the gospel of God to both Jew and gentile in the midst of a world ruled by Rome He did so through two major campaigns rather than three missionary journeys He wrote pastoral letters to real first century churches The real Paul did not write theology but he rather proclaimed a gospel to a world in search of a soul St. Paul's Theology of Proclamation A. Duane Litfin,1994-02-24 A book which puts an entirely new perspective on the manner in which Paul operated as a preacher The Problem of Orthodoxy Michael Blanco,2024-07-08 The Problem of Orthodoxy Evangelicals at the Crossroads of Truth and Power reexamines Christian orthodoxy especially contemporary evangelicalism in the United States from the standpoint of structure instead of content Rather than focus on which Christian doctrines are correct Michael Blanco explores how orthodoxy functions to invite cajole warn demonize and perpetrate violence against those who are within and without its circle The author is particularly interested in the nexus of power and orthodoxy including violence and many of his examples also touch on diversity equity and inclusion DEI To the degree that orthodoxy acts to coerce viewpoints and actions especially over doctrinal and moral peccadilloes this fact constitutes the problem of orthodoxy The Mathematical Coloring Book Alexander Soifer,2008-10-13 This is a unique type of book at least I have

never encountered a book of this kind The best description of it I can give is that it is a mystery novel developing on three levels and imbued with both educational and philosophical moral issues If this summary description does not help understanding the particular character and allure of the book possibly a more detailed explanation will be found useful One of the primary goals of the author is to interest readers in particular young mathematicians or possibly pre mathematicians in the fascinating world of elegant and easily understandable problems for which no particular mathematical knowledge is necessary but which are very far from being easily solved In fact the prototype of such problems is the following If each point of the plane is to be given a color how many colors do we need if every two points at unit distance are to receive distinct colors More than half a century ago it was established that the least number of colors needed for such a coloring is either 4 or 5 or 6 or 7 Well which is it Despite efforts by a legion of very bright people many of whom developed whole branches of mathematics and solved problems that seemed much harder not a single advance towards the answer has been made This mystery and scores of other similarly simple questions form one level of mysteries explored In doing this the author presents a whole lot of attractive results in an engaging way and with increasing level of depth

Paul's Language about God Neil Richardson, 1994-11-01 Does Paul offer a new understanding of God Or was his Christology simply added to his inherited Jewish beliefs about God Scholars have tended to ignore questions such as these or to take for granted the possible answers to them This new study based on recent research examines in detail Paul's language about God Four chapters are devoted to Romans 9 11 Corinthians 1 18 3 23 2 Corinthians 12 14 4 6 and Romans 12 1 15 13 exploring their God language and drawing out its significance against the wider Jewish and Graeco Roman backgrounds A fifth chapter explores the interplay of Paul's language about God and his language about Christ including his use of the title Kyrios Flyer blurb This is a book which breaks new ground in offering new perspectives on some of Paul's familiar theological language

A Simple Guide to Paul's Epistles Jeff Scoggins, 2014-12-22 Do the writings of the Apostle Paul ever cause you to scratch your head Do you ever hear people explain Paul's theology in a way that doesn't fit with the rest of Scripture And have you ever wished for an informal verse by verse guide that walks you through Paul's epistles from start to finish If so then keep this book handy whenever you read the New Testament You might use it as a basic reference look up a passage that puzzles you to find a clear explanation Or you might read through it as a devotional alongside your Bible Few Bible writers have influenced Christian beliefs more than the Apostle Paul Listen as God's voice speaks through these timeless letters

The Innovative Church Scott Cormode, 2020-09-15 The church as we know it is calibrated for a world that no longer exists It needs to recalibrate in order to address the questions that animate today's congregants Leading congregational researcher Scott Cormode explores the role of Christian practices in recalibrating the church for the twenty first century offering church leaders innovative ways to express the never changing gospel to their ever changing congregations The book has been road tested with over one hundred churches through the Fuller Youth Institute and includes five questions that guide Christian

leaders who wish to innovate

The Rhetorical Functions of Scriptural Quotations in Romans Katja

Kujanpää,2018-10-02 Quotations from Jewish scriptures play a crucial role in the Letter to the Romans The Rhetorical Functions of Scriptural Quotations in Romans explores their rhetorical functions in Paul's argumentation It offers a careful text critical analysis of the 51 quotations in Romans and asks questions such as does Paul quote accurately according to a wording known to him or does he adapt it himself Moreover to what extent does Paul strive to preserve the sense that the quoted words have in their original context Katja Kujanpää's approach of combining rhetorical matters with close textual study results in a more comprehensive picture of quotations in Romans than has been previously seen Thus the book opens new perspectives on Paul's argumentation rhetoric and theological agenda

Studies of Paul's Letters to the Corinthians Dennis Dinger,2013-11-19 The two letters from Paul to the Corinthians address many fundamental issues in a struggling carnal church The Corinthian saints needed to hear sound teaching and Paul was the servant God chose to educate them Paul taught lots of fundamentals in his first letter In his second he continued with fundamentals but he explained more deeply He described how God's servants think and how God's people should respond He also briefly taught about the coming judgments in which all mankind will stand before God to be judged according to their works Because the Corinthian saints were typical of all believers the wonderful insights in these two letters are valuable to all God's children
