"The" Problem of The Judgement Angel Flores,1977 *The Problem of the Judgement* Angel Flores,1977

Understanding The Judgment is crucial to an understanding of Kafka's entire subsequent work all of his themes are here in tantalizing miniature The apparently simple text of the story open this book as if in a challenge to interpretation book jacket

A Companion to the Works of Franz Kafka James Rolleston,2006 Essays by leading scholars on the most perplexing of modern writers Franz Kafka **Kafka** Howard Caygill,2017-12-14 By challenging many of the assumptions misguided presuppositions and even legends that have surrounded the legacy and reception of Franz Kafka's work during the 20th century Howard Caygill provides us with a radical new way of reading Kafka *Kafka In the Light of the Accident* advances a unique philosophical interpretation via the pivotal theme of the accident understood both philosophically and in a broader cultural context that includes the philosophical and sociological basis of accident insurance and the understanding of the concepts of chance and necessity Caygill reveals how Kafka's reception was governed by a series of accidents from the order of Max Brod's posthumous publication of the novels and the correction of misprints to many other posthumous editorial strategies The focus on the accident casts light on the role of media in Kafka's work particularly visual media and above all photography By stressing the role of contingency in his authorship Caygill also fundamentally questions the 20th century view of Kafka's work as kafkaesque Instead of a narration of domination *Kafka In the Light of the Accident* argues that Kafka's work is best read as a narration of defiance one which affirms often comically the role of error and contingency in historical struggle Kafka's defiance is situated within early 20th century radical culture with particular emphasis lent to the roles of radical Judaism the European socialist and feminist movements and the subaltern histories of the United States and China

Selected Stories Franz Kafka,2024-05-21 *Selected Stories* by Franz Kafka offers new renderings of the author's finest work Mark Harman's English translations convey the uniqueness of Kafka's German the wit irony and cadence Expert annotations illuminate Kafka's cultural allusions and wordplay while a biographical introduction places the man and his work in historical context *The Politics of the Dreamscape* Seth Rogoff,2021-08-25 This book traces the intersection of dreams and power in order to analyze the complex ways representations of dreams and paradigms of dream interpretation reinforce and challenge authoritarian hierarchical structures The book puts forward the concept of the dreamscape as a pre-representational space that contains anarchistic attributes including its instability or chaotic nature and the lack of a stable or core selfhood and identity in its subjects The book situates this concept of the dreamscape through an analysis of the Daoist notions of the transformation of things and *hundun* chaos and the biblical concept of *tehom* the deep Using this conceptual framework this book analyzes paradigmatic moments of dream interpretation along a spectrum from radical anarchist assertions of the primal dreamscape to authoritarian dream texts that seek to reify identity define and establish hierarchy and support coercive relationships between unequal subjects The book's key figures include William Blake Robert

Frost Jacob and Joseph from Genesis Sigmund Freud Carl Jung Jean Rhys Franz Kafka and the neurobiologist J Allan Hobson

The Problem of the Judgment Ángel Flores, 1977 *Kafka and Wittgenstein* Rebecca Schuman, 2015-11-15 In *Kafka and Wittgenstein* Rebecca Schuman undertakes the first ever book length scholarly examination of Ludwig Wittgenstein's philosophy of language alongside Franz Kafka's prose fiction In groundbreaking readings she argues that although many readers of Kafka are searching for what his texts mean in this search we are sorely mistaken Instead the problems and illusions we portend to uncover the important questions we attempt to answer Is Josef K guilty If so of what What does Gregor Samsa's transformed body mean Is Land Surveyor K a real land surveyor themselves presuppose a bigger delusion that such questions can be asked in the first place Drawing deeply on the entire range of Wittgenstein's writings Schuman can only shed new light on the enigmatic Kafka

Reading in Detail Naomi Schor, 2013-10-18 Who cares about details As Naomi Schor explains in her highly influential book we do but it has not always been so The interest in detail in art in literature and as an aesthetic category is the product of the decline of classicism and the rise of realism But the story of the detail is as political as it is aesthetic Secularization the disciplining of society the rise of consumerism the invention of the quotidian have all brought detail to the fore In this classic work of aesthetic and feminist theory now available in a new paperback edition Schor provides ways of thinking about details and ornament in literature art and architecture and uncovering the unspoken but powerful ideologies that attached gender to details Wide ranging and richly argued *Reading in Detail* presents ideas about reading and viewing that will enhance the study of literature and the arts

Journal of the Kafka Society of America, 2004 *Stations of the Divided Subject* Richard T. Gray, 1995 A sociohistory of German bourgeois literature from 1770-1914 based on detailed readings of six canonical literary texts

Fiction Sets You Free Russell A. Berman, 2007-09 In what can only be called a genuine intellectual adventure Russell Berman raises fundamental questions long ignored by literary scholars Why does literature command our attention at all Why would society want to cultivate a sphere of activity devoted to the careful study of literary fiction Written as a tonic to what he calls the debilitating cultural relativism of contemporary literary studies *Fiction Sets You Free* advances the innovative argument that literature and capitalism rather than representing merely commercialization actually belie a long and positive association literary autonomy is a central part of modern Western culture thoroughly intertwined with political democracy and free market capitalism

Kafka's Ethics of Interpretation Jennifer L. Geddes, 2016-04-30 Kafka's Ethics of Interpretation refutes the oft repeated claim made by Kafka's greatest interpreters including Walter Benjamin and Harold Bloom that Kafka sought to evade interpretation of his writings Jennifer L. Geddes shows that this claim about Kafka's deliberate uninterpretability is not only wrong it also misconstrues a central concern of his work Kafka was not trying to avoid or prevent interpretation rather his works are centrally concerned with it Geddes explores the interpretation that takes place within and in response to Kafka's writings and pairs Kafka's works with readings of Sigmund Freud Pierre Bourdieu Tzvetan Todorov Emmanuel Levinas and

others She argues that Kafka explores interpretation as a mode of power and violence but also as a mode of engagement with the world and others Kafka she argues challenges us to rethink the ways we read texts engage others and navigate the world through our interpretations of them **The Myth of Power and the Self** Walter Herbert Sokel,2002 The Myth of Power and the Self brings together Walter Sokel s most significant essays on Kafka written over a period of thirty one years 1966 1997 Franz Kafka 1883 1924 has come to be one of the most influential writers of the twentieth century The Myth of Power and the Self brings together Walter Sokel s most significant essays on Kafka written over a period of thirty one years 1966 1997 This volume begins with a discussion of Sokel s 1966 pamphlet on Kafka and a summary of his 1964 book Tragik und Ironie Tragedy and Irony which has never been translated into English and includes several essays published in English for the first time Sokel places Kafka s writings in a very large cultural context by fusing Freudian and Expressionist perspectives and incorporating more theoretical approaches linguistic theory Gnosticism and aspects of Derrida into his synthesis This superb collection of essays by one of the most qualified Kafka scholars today will bring new understanding to Kafka s work and will be of interest to literary critics intellectual historians and students and scholars of German literature and Kafka

Biblical Parables and Their Modern Re-creations Gila Safran Naveh,2012-02-01 In Biblical Parables and Their Modern Re creations Gila Safran Naveh carefully charts the historical transformation of these deceptively simple narratives to reveal fundamental shifts in their form function and most significantly their readers cognitive processes Bringing together for the first time parables from the Scriptures the synoptic Gospels Chassidic tales and medieval philosophy with the mashal the rabbinic parables commonly used to interpret Scripture this book brilliantly contrasts the rhetorical strategies of ancient parables with more recent examples of the genre by Kafka Borges Calvino and Agnon By using an interdisciplinary approach and insights from current semiotic linguistic psychoanalytic and gender theories Naveh reveals a dramatic social cultural and political shift in the way we view the divine **Narcissism and Paranoia in the Age of Goethe** Alexander Mathäs,2008

The analyses of poems narratives dramas and critical texts by Moritz Schiller Herder Tieck Goethe Lavater and others shed new light on how progress in the medical philosophical and anthropological discourses of the time converge with aesthetic and literary considerations The volume illustrates how aspects of Freud s psychology have grown out of notions of subjectivity not confined to the Victorian age as is often assumed but with roots in the contradicting values of bourgeois emancipation Jacket Fiction of the Modern Grotesque Bernard McElroy,1989-07-31 **Other Country** James Perrin

Kafka's Other Prague Anne Jamison, 2018-06-15 Kafka s Other Prague Writings from the Czechoslovak Republic examines Kafka s late writings from the perspective of the author s changing relationship with Czech language culture and literature the least understood facet of his meticulously researched life and work Franz Kafka was born in Prague a bilingual city in the Habsburg Empire He died a citizen of Czechoslovakia Yet Kafka was not Czech in any way he himself would have understood He could speak Czech but like many Prague Jews he was raised and educated and wrote in German Kafka critics to date have had little to say about the majority language of his native city or its minor literature as he referred to it in a 1913 journal entry Kafka s Other Prague explains why Kafka s later experience of Czech language and culture matters Bringing to light newly available archival material Anne Jamison s innovative study demonstrates how Czechoslovakia s founding and Kafka s own dramatic political professional and personal upheavals altered his relationship to this other Prague It destabilized Kafka s understanding of nationality language gender and sex and how all these issues related to his own writing Kafka s Other Prague juxtaposes Kafka s German language work with Czechoslovak Prague s language politics intellectual currents and print culture including the influence of his lover and translator the journalist Milena Jesenská and shows how this changed cultural and linguistic landscape transformed one of the great literary minds of the last century
