Problem Of The Passions Feminism Psychoanalysis And Social Theory

James M. Glass

Problem Of The Passions Feminism Psychoanalysis And Social Theory:

The Problem of the Passions Cynthia Burack,1995-03-01 Women says conventional wisdom are warm nurturing caregivers with an intrinsically enhanced capacity for attachment and compassion Feminists says the popular image are full of rage devoid of the feelings that are natural to women How have feminists themselves dealt with this dualism and more specifically with the disagreeable passions What has too often been missing from discussions of women s psychology in social theory is an account of women as ambivalent both empathic and enraged loving and hating The Problem of the Passions fills this void Examining the work of such feminist theorists as Carol Gilligan Nancy Chodorow Jessica Benjamin and Dorothy Dinnerstein in a new light Burack argues that feminist social theory can be repaired through attention to the pioneering psychoanalytic work of Melanie Klein Sure to be of interest to feminists psychoanalysts political scientists and social theorists The Problem of the Passions is essential reading for anyone concerned with feminism and questions of identity in social thought

The Problem of the Passions Cynthia Burack,1995-03-01 Women says conventional wisdom are warm nurturing caregivers with an intrinsically enhanced capacity for attachment and compassion Feminists says the popular image are full of rage devoid of the feelings that are natural to women How have feminists themselves dealt with this dualism and more specifically with the disagreeable passions What has too often been missing from discussions of women s psychology in social theory is an account of women as ambivalent both empathic and enraged loving and hating The Problem of the Passions fills this void Examining the work of such feminist theorists as Carol Gilligan Nancy Chodorow Jessica Benjamin and Dorothy Dinnerstein in a new light Burack argues that feminist social theory can be repaired through attention to the pioneering psychoanalytic work of Melanie Klein Sure to be of interest to feminists psychoanalysts political scientists and social theorists The Problem of the Passions is essential reading for anyone concerned with feminism and questions of identity in social thought

Power and the Self Jeannette Marie Mageo,2002-01-24 Power and the Self first published in 2002 deals with an important but neglected topic the ways in which power is experienced by individuals both as agents and as objects of the exercise of power Each contributor presents a series of case studies drawn from a variety of cultural contexts including the analysis of the appeal of Japanese superhero toys for American children the conditions that lead to dehumanising treatment of patients in an American nursing home the experiences of a Turkish immigrant woman in the Netherlands a contribution relating theories about the capacity to commit genocidal violence to everyday forms of violence and other cases from New Guinea and Samoa The introduction provides a readable historical review and synthesis of the theoretical ideas that provide the context for the work presented in the book

The Social Construction of Man, the State and War Franke Wilmer,2004-04-16 Combining detailed analysis with a close reading of historical narratives documentary evidence and first hand interviews this is the first book on conflict to look seriously at the issue of ethnic identity and what it means for future peace

Healing Identities Cynthia Burack,2018-08-06 Group identifications famously pose the problem of destructive

rhetoric and action against others Cynthia Burack brings together the theory work of women of color and the tools of psychoanalysis to examine the effects of group collaborations for social justice and progressive politics This juxtaposition illuminates some assumptions about race and equality encoded in psychoanalysis Burack s discursive analysis suggests the positive identity affirming aspects of group relational life for African American women One analytic response to groups emphasizes the dangers of these identifications and exhorts people to abandon or transcend them for their own good and for the good of others who may be harmed by group based forms of cultural or material violence Another response understands that people feel a need for group identifications and asks how they may be made more resistant to malignant group based discourse and action What can black feminist thought teach scholars and democratic citizens about groups Burack shows how the rhetoric of black feminism models reparative rather than destructive forms of group dialogue and action Although it may be impossible to eliminate group identifications that provide much of the impetus for bias and violence she argues we can encourage more progressive forms of leadership solidarity and coalition politics Freudian Analysts/Feminist Issues

Judith M. Hughes,1999-01-01 In this book Judith M Hughes makes a highly original case for conceptualizing gender identity as potentially multiple She does so by situating her argument within the history of psychoanalysis Hughes traces a series of conceptual lineages each descending from Freud In the study Helene Deutsch Karen Horney and Melanie Klein occupy prominent places So too do Erik H Erikson and Robert J Stoller Among contemporary theorists Carol Gilligan and Nancy Chodorow are included in Hughes s roster In each lineage Hughes discerns an evolutionary narrative Deutsch tells a story of retrogression Erikson names his epigenesis and Gilligan continues in that vein Horney s discussion recalls sexual selection Stoller s and Chodorow s theorizing brings artificial selection to mind and finally in Klein s work Hughes sees a story of natural selection and adds to it her own notion of multiple gender identities **Tough Love** Cynthia Burack,2014-02-01

Exposes how ex gay and postabortion ministries operate on a shared system of thought and analyzes their social implications A staple of the culture wars the struggle between Christian conservatives and progressives over sexuality and reproductive rights continues Focusing on ex gay ministries geared to helping same sex attracted people resist their sexuality and postabortion ministries dedicated to leading women who have had an abortion to repent that decision Cynthia Burack argues that both are motivated and characterized by a strain of compassion that is particular to Christian conservatism rather than a bias and hatred toward sexual minorities and sexually active women This compassion reproduces the sexual ideology of the Christian right and absolves Christian conservatives from responsibility for stigma and other forms of harm to postabortive and same sex attracted people Using the democratic theory of Hannah Arendt the popular fiction of Ayn Rand and the psychoanalytic thought of Melanie Klein Burack studies the social and political effects of Christian conservative compassion

Psychoanalytic Versions of the Human Condition Paul Marcus,Alan Rosenberg,1998-08 What is psychoanalysis Whereas there was once a time when proponents of mainstream psychoanalysis could point to the preeminence of Freud s drive theory

and the version of the human condition associated with it man as seeking pleasure in an erotically tinged universe contemporary psychoanalysis is a fractured and contentious discipline in which competing theories share little more than the basic concepts of unconscious mental processes repression and transference Taking the complexities ambiguities and contradictions engendered by psychoanalysis over the past several decades as an encouraging point of departure rather than as evidence of the dissolution of the psychoanalytic tradition Psychoanalytic Versions of the Human Condition makes explicit how within each major theory a particular story about the nature of the world and what it means to be human decisively shapes how the clinician conceptualizes individual psychopathology and approaches treatment A chorus of voices that both challenges and reaffirms the theory and practice of psychoanalysis Psychoanalytic Versions of the Human Condition asks urgent questions about the politics of psychoanalytic knowledge and about how the profession is situated and operates in our contemporary culture Whether Freudian Jungian Kleinian Kohutian Lacanian or hybrid the clinician will find this book a useful guide to understanding how each theory s philosophy of life infuses clinical work

Feminist Theories and Social Work Christine Flynn Saulnier,2014-02-25 This invaluable guidebook accomplishes what many others on feminist theory do not It reviews both the theories and the applications of the field Too frequently books and articles tend to focus on one or two ways for practicing feminism when in reality different problems different groups of women and different goals may require a different theory for guiding objectiveness strategies and work style Using the wrong theory for a particular group or problem may backfire causing unexpected outcomes This book circumvents such unforeseen results Feminist Theories and Social Work reviews the most important theories of today evaluates the contributions and limitations of each branch and for each theory provides application examples at several levels of intervention

Melanie Klein and Beyond Harry Karnac,2018-05-01 This book is a bibliography of Melanie Klein s writings together with other books articles and papers dealing with her life ideas and work It is of immense potential use for clinicians students and researchers

Community, Diversity, and Conflict Among Schoolteachers Betty Achinstein,2002-01-11 Using richly textured case studies of two very different schools the author shows when teachers enact reforms in the name of community what often emerges is conflict Whether dealing with issues of teachers collaboration or how to meet the needs of a diverse student population conflicts within professional communities reflect important differences of beliefs and practices This book reframes conflict as constructive in building educational communities that learn and promote democratic values in schools

Historical Dictionary of Feminism Janet K. Boles,Diane Long Hoeveler,2004 This Second Edition is an essential resource for librarians scholars and students This succinct handbook includes more than 1 000 entries covering the persons organizations campaigns and court cases goals and achievements and current and future directions of the feminist movement 75 percent of which are new and revised from the first edition This second edition also features a more internationally focused introduction that provides an overview of the history and development of feminism as a movement and as a philosophy Rounding out this

new edition are an expanded chronology and an updated bibliography that brings attention to many feminist online resources and periodicals and emphasizes global and third wave feminism both new developments in the field since the publication of the first edition Paying tribute to the struggles of the women and men who have worked to change and to improve the living conditions for women in the world this book promises a comprehensive historical overview for readers of all interest levels

Science & Emotions after 1945 Frank Biess, Daniel M. Gross, 2014-05-22 Through the first half of the twentieth century emotions were a legitimate object of scientific study across a variety of disciplines After 1945 however in the wake of Nazi irrationalism emotions became increasingly marginalized and postwar rationalism took central stage Emotion remained on the scene of scientific and popular study but largely at the fringes as a behavioral reflex or as a concern of the private sphere So why by the 1960s had the study of emotions returned to the forefront of academic investigation In *Science and Emotions after 1945* Frank Biess and Daniel M Gross chronicle the curious resurgence of emotion studies and show that it was fueled by two very different sources social movements of the 1960s and brain science A central claim of the book is that the relatively recent neuroscientific study of emotion did not initiate but instead consolidated the emotional turn by clearing the ground for multidisciplinary work on the emotions *Science and Emotions after 1945* tells the story of this shift by looking closely at scientific disciplines in which the study of emotions has featured prominently including medicine psychiatry neuroscience and the social sciences viewed in each case from a humanities perspective **Fundamental Differences**

Cynthia Burack, Jyl J. Josephson, 2004-09-01 *Fundamental Differences* brings together lucid interdisciplinary critiques of social conservative politics and ideas in the areas of welfare family and school policy gender representation and conservative doctrine The distinguished group of authors responds directly to New Right political discourse identifying key ambiguities ideological convictions and methodological problems *Jung and Educational Theory* Inna Semetsky, 2012-04-12

Jung and Educational Theory offers a new take on Jung's work providing original rich and informative material on his impact on educational research Explores Jung's writing from the standpoint of educational philosophy assessing what it has to offer to theories of education Highlights Jung's emphasis on education's role in bringing up integrated and ethical human beings Offers the perspectives of a diversity of academics and practitioners on topics ranging from the role of the unconscious in learning to the polytheistic classroom Both a valuable addition to the academic library and a significant new resource in the professional development of teachers *Playing with Fire* Shane Phelan, 2020-04-03

The last five years have witnessed the birth of a vibrant new group of young scholars who are writing about queer law politics and policy topics which are no longer treated as of interest only to lesbians and gay men but which now garner the attention of political theorists of all stripes *Playing With Fire* the first scholarly collection on queer politics by US political theorists opens the intersection of lesbian and gay studies and political theory to a wide audience It covers a wide range of issues including the theory of queer identities the contrasts among ethnic racial and sexual identities the debate between liberals and communitarians the right to privacy

and the meaning of equal citizenship

Psychoanalysis and Contemporary Thought, 1993

Psychosis and Power

James M. Glass, 1995 Glass's analysis bridges contemporary psychoanalytic and political theory and centers on case studies as well as small group interactions at the hospital. Focusing on psychotic patients' own perceptions, he describes the loss of their ability to participate in consensual reality and to sustain the respect for rights and tolerance of differences which make reciprocal relationships possible. Their experience, Glass maintains, vividly illuminates larger political issues and points in particular to the psychotic bases of political tyranny. Pursuing omnipotence, closing off dialogue, creating scapegoats and promoting violence, the tyrant elevates to matters of public policy those patterns of behavior that in an individual would be considered psychotic.

Routledge Handbook of Psychoanalytic Political Theory, Yannis Stavrakakis, 2019-09-05. The emerging field of psychoanalytic political theory has now reached a stage in its development and rapid evolution that deserves to be registered systematically, defined and critically evaluated. This Handbook provides the first reference volume which showcases the current state of psychoanalytic political theory, maps the genealogy of its development, identifies its conceptual and methodological resources, and highlights its analytical innovations as well as its critical promise. The Handbook consists of 35 chapters offering original, comprehensive and critical reviews of this field of study. The chapters are divided into five thematic sections: Figures discusses the work of major psychoanalytic theorists who have influenced considerably the development of psychoanalytic political theory; Traditions genealogically recounts and critically reassesses the many attempts throughout the 20th century of experimenting with the articulation between psychoanalysis and political theory in a consistent way; Concepts asks what are the concepts that psychoanalysis offers for appropriation by political theory; Themes presents concrete examples of the ways in which psychoanalytic political theory can be productively applied in the analysis of racism, gender, nationalism, consumerism, etc.; Challenges/Controversies captures the ways in which psychoanalytic political theory can lead the way towards theoretical and analytical innovation in many disciplinary fields dealing with cutting edge issues. The Routledge Handbook of Psychoanalytic Political Theory will serve as a scholarly reference volume for all students and researchers studying political theory, psychoanalysis and the history of ideas.

States of Rage, Renee R. Curry, Terry L. Allison, 1996. States of Rage permeate our culture and our daily lives. From the anti-Catholic protests of ACT UP to the political posturing of Al Sharpton, from the LA Riots to anti-abortion gunmen murdering clinic personnel, the unleashing of rage, marginalized or institutionalized, has translated into dead bodies on our campuses and city streets, in our public buildings and in our homes. Rage seems to have gained a currency in the past decade which it previously did not possess. Suddenly we appear willing to employ it more often to describe our own or others' mental states or actions. Rage succinctly describes an ongoing emotional state for many residents and citizens of the United States and elsewhere. States of Rage gathers for the first time a critical mass of writing about rage, its function, expression and utilities. It examines rage as a cultural phenomenon, delineating its use and explaining why this emotional state increasingly intrudes into our social, artistic

and academic existences What is the relationship between rage and powerlessness How does rage relate to personal or social injustice Can we ritualize rage or is it always spontaneous Finally what provokes rage and what is provocative about it Essays shed light on the psychological and social origins of rage its relationship to the self its connection to culture and its possible triggers The volume includes chapters on violence in the workplace the Montreal massacre female murderers the rage of African American filmmakers rage as a reaction to persecution the rage of AIDS activists class rage and rage in the academy

This is likewise one of the factors by obtaining the soft documents of this **Problem Of The Passions Feminism Psychoanalysis And Social Theory** by online. Problem Of The Passions Feminism Psychoanalysis And Social Theory Introduction

In today's digital age, the availability of Problem Of The Passions Feminism Psychoanalysis And Social Theory books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Problem Of The Passions Feminism Psychoanalysis And Social Theory books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Problem Of The Passions Feminism Psychoanalysis And Social Theory books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Problem Of The Passions Feminism Psychoanalysis And Social Theory versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Problem Of The Passions Feminism Psychoanalysis And Social Theory books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Problem Of The Passions Feminism Psychoanalysis And Social Theory books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over

60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Problem Of The Passions Feminism Psychoanalysis And Social Theory books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Problem Of The Passions Feminism Psychoanalysis And Social Theory books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Problem Of The Passions Feminism Psychoanalysis And Social Theory books and manuals for download and embark on your journey of knowledge?

FAQs About Problem Of The Passions Feminism Psychoanalysis And Social Theory Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Problem Of The Passions Feminism
