Problematic Fictions Of Poe James And Hawthorne:

The Problematic Fictions of Poe, James, and Hawthorne Judith L. Sutherland, 1984 **Poe's Pym** Richard Kopley, 1992 The interpreter's dream text as one critic called Edgar Allan Poe's *The Narrative of Arthur Gordon Pym* has prompted critical approaches almost as varied as the experiences it chronicles This is the first book to deal exclusively with Pym Poe's longest fictional work and in many ways his most ambitious Here leading Poe scholars provide solutions and interpretations for many challenging enigmas in this mysterious novel The product of a decade of research and planning Poe's *Pym* offers a factual basis for some of the most fantastic elements in the novel and uncovers surprising connections between Poe's text and exploration literature nautical lore Arthurian narrative nineteenth century journalism Moby Dick and other writings Representing a rich cross section of current modes of literary study from source study to psychoanalytic criticism to new historicism these sixteen essays probe issues such as literary influence the limits of language racism the holocaust prolonged mourning and the structure of the human mind Poe's *Pym* will be an invaluable resource for students of both contemporary criticism and nineteenth century American culture Contributors John Barth Susan F Beegel J Lasley Dameron Grace Farrell Alexander Hammond David H Hirsch John T Irwin J Gerald Kennedy David Ketterer Joan Tyler Mead Joseph J Moldenhauer Carol Peirce Burton R Pollin Alexander G Rose III John Carlos Rowe G R Thompson Bruce I Weiner **The Critical History of Edgar Allan Poe's *The Narrative of Arthur Gordon Pym*** Ronald C. Harvey, 2015-12-22 The Critical History of Edgar Allan Poe's *The Narrative of Arthur Gordon Pym* A Dialogue with Unreason traces the complex scattered criticism of Poe's most anomalous work as it has steadily grown in prominence to a central position in the study of Poe and American literature The winding route the criticism of *Pym* has charted as convoluted as the narrative itself has been a history of disagreement at almost every level at which critics and scholars read texts including the nature and genre of the work the seriousness or levity of the author's intent and its stature as a work of genius hackwork or something in between The unique set of thematic and narrative problems the work poses has eluded every hermeneutic structure brought against it so far consistently undermining the very reading strategies it seems to invite The only comprehensive critical history and bibliography of *Pym* this study fills a large hole Poe scholars have long felt as it analyzes the ways in which critics and critical camps have attempted to confront rationalize contain or evade its novel and disturbing features In the process the criticism is correlated with the popular reception and the international response Because literary history has entangled no author with his work more than Poe ultimately this book is as much a study of Poe as of *Pym* At every point therefore this study embeds the critical response to *Pym* in the history of Poe studies in general as well as in the larger context of American literary theory and history Includes bibliography and index **The Workings of Fiction** Robert Bechtold Heilman, 1991 *The Workings of Fiction* is a collection of essays chiefly on British and American novels and novelists that shows a masterful critic at work Each of the essays

examines a different aspect of the novelists art as one uniquely astute critical mind observes them The central issue Robert Heilman confronts often by studying the novels in pairs is how the novelist does what he does Dealing with subjects as diverse as Charlotte Bronte Henry James D H Lawrence Thomas Hardy and Evelyn Waugh Heilman studies the workings of fiction from varied stances He investigates the uses of the verbal medium and the several means by which a given theme is developed As Heilman identifies and traces particular themes he studies how parts are assembled into a whole In addition he explores particular generic types like the picaresque the gothic the tragic as they are used by a variety of novelists Written by a gifted man of letters *The Workings of Fiction* takes us inside the process of criticism The book offers us an original and perceptive view of *Under the Volcano* as it offers of *Pride and Prejudice* or *The Turn of the Screw* Each essay presents a fresh way of looking at and understanding these novels This collection will be of interest to anyone who desires insight into the workings of fiction *At the Edge* Judith Cleveland Sutherland,1977 *The Entanglements of Nathaniel Hawthorne*

Samuel Coale,2011 The process of Hawthorne s scholarly canonization and the ongoing critical and cultural discourse on his works Nathaniel Hawthorne celebrated in his own day for sketches that now seem sentimental came only gradually to be fully appreciated for what his friend Herman Melville diagnosed as the power of blackness in his fiction the complex moral grappling with sin and guilt By the 1850s Hawthorne had already been accepted into the American canon and since then his works especially *The Scarlet Letter* have remained ubiquitous in American culture Along with this has come an explosion of Hawthorne criticism from New Criticism New Historicism and Cultural Studies to queer theory feminist scholarship and transatlantic criticism that shows no signs of slowing This book charts Hawthorne s canonization and the ongoing critical discourse drawing on two senses of entanglement First the sense from quantum physics which allows us to see what were once seen as strict dualisms in Hawthorne as more complex relations where the poles of the would be dualities play off of and affect each other second the sense of critics being tangled up in caught up in Hawthorne the man and his work and in previous critics views of him Charting the course of Hawthorne criticism as well as his place in popular culture this book sheds light also on the culture in which his reception has occurred Samuel Chase Coale is Professor of American Literature and Culture at Wheaton College Norton Massachusetts *Edgar Allan Poe in Context* Kevin J. Hayes,2013 These accessible essays provide the most detailed picture of the historical cultural and literary contexts surrounding Poe s life and times

At the Edge ,1977 *Mark Twain's Literary Resources* Alan Gribben,2024-10-15 This first installment of the new multi volume *Mark Twain s Literary Resources A Reconstruction of His Library and Reading* recounts Dr Alan Gribben s fascinating 45 year search for surviving volumes from the large library assembled by Twain and his family That collection of more than 3 000 titles was dispersed through impromptu donations and abrupt public auctions but over the years nearly a thousand volumes have been recovered Gribben s research also encompasses many hundreds of other books stories essays poems songs plays operas newspapers and magazines with which Mark Twain was demonstrably familiar Gribben published

the original edition of Mark Twain's Library in 1980 Hailed by the eminent Twain scholar Louis J Budd as a superb job that will last for generations the work nevertheless soon went out of print and for three decades has been a hard to find item on the rare book market Meanwhile over a distinguished career of writing teaching and research on Twain Gribben continued to annotate revise and expand the content such that it has become his life's masterwork Thoroughly revised enlarged and retitled Mark Twain's Literary Resources A Reconstruction of His Library and Reading now reappears to greatly expand our comprehension of the incomparable author's reading tastes and influences Volume I traces Twain's extensive use of public libraries It identifies Twain's favorite works but also reveals his strong dislikes Chapter 10 is devoted to his Library of Literary Hogwash specimens of atrocious poetry and prose that he delighted in ridiculing In describing Twain's habit of annotating his library books Gribben reveals his methods of detecting forged autographs and marginal notes that have fooled booksellers collectors and libraries The volume's 25 chapters trace from various perspectives the patterns of Twain's voracious reading and relate what he read to his own literary outpouring A Critical Bibliography evaluates the numerous scholarly books and articles that have studied Twain's reading and an index guides readers to the volume's diverse subjects Twain enjoyed cultivating a public image as a largely unread natural talent on occasion he even denied being acquainted with titles that he had owned inscribed and annotated in his own personal library He convinced many friends and interviewers that he had no appetite for fiction poetry drama or belles lettres yet Gribben reveals volumes of evidence to the contrary He examines this unlettered pose that Twain affected and speculates about the reasons behind it In reality whether Twain was memorizing the classic writings of ancient Rome or the more contemporary works of Milton Byron Shelley Dickens and Tennyson or for that matter quoting from the best selling fiction and poetry of his day he exhibited a lifelong hunger to overcome the brevity of his formal education Several of Gribben's chapters explore the connections between Twain's knowledge of authors such as Malory Shakespeare Poe and Browning and his own literary works group readings and family activities Volumes II and III of Mark Twain's Literary Resources A Reconstruction of His Library and Reading will be released in 2019 and will deliver an Annotated Catalog arranged from A to Z documenting in detail the staggering scope of Twain's reading

The Poetics of the Antarctic William E. Lenz, 2021-03-19 The thesis of this book is that the 19th century interest in the Antarctic functions for modern scholars as an important index to American self discovery and self definition from the 1830s onward According to the author American hopes for confirming identity came to be focused on an unlikely goal the discovery of the illusive Antarctic continent By examining in detail one literary product of the U S Exploring Expedition 1838 1842 to Antarctica James Croxall Palmer's epic poem Thulia A Tale of the Antarctic 1843 and its revision The Antarctic Mariner's Song 1868 and by locating these works within their cultural context Lenz reveals the significance and changing meaning of exploration to emerging American concepts of nationhood The volume also considers the tradition of American sea fiction in the works of such writers as James Fenimore Cooper Edgar Allan Poe and Herman Melville arguing that for

these writers the Antarctic was a locus of symbolic meaning while for Palmer it was a process of individual and collective perception The 1868 version of the Palmer poem is attached here as an appendix A useful bibliography follows that appendix

The Eye's Mind Karen Jacobs, 2018-09-05 *The Eye's Mind* significantly alters our understanding of modernist literature by showing how changing visual discourses techniques and technologies affected the novels of that period In readings that bring philosophies of vision into dialogue with photography and film as well as the methods of observation used by the social sciences Karen Jacobs identifies distinctly modernist kinds of observers and visual relationships This important reconception of modernism draws upon American British and French literary and extra literary materials from the period 1900 1955 These texts share a sense of crisis about vision's capacity for violence and its inability to deliver reliable knowledge Jacobs looks closely at the ways in which historical understandings of race and gender inflected visual relations in the modernist novel She shows how modernist writers increasingly aware of the body behind the neutral lens of the observer used diverse strategies to displace embodiment onto those others historically perceived as cultural bodies in order to reimagine for themselves or their characters a purified gaze *The Eye's Mind* addresses works by such high modernists as Vladimir Nabokov Virginia Woolf and more distantly Ralph Ellison and Maurice Blanchot as well as those by Henry James Zora Neale Hurston and Nathanael West which have been tentatively placed in the modernist canon although they forgo the full blown experimental techniques often seen as synonymous with literary modernism Jacobs reframes fundamental debates about modernist aesthetic practices by demonstrating how much those practices are indebted to the changing visual cultures of the twentieth century

Erstarres Denken Günther Blaicher, 1987 *The Art of Authorial Presence* Gary Richard Thompson, 1993 The critical literary world has spent a wealth of thought and words on the question of Hawthorne himself Where does he stand in his works In history In literary tradition In this major new study G R Thompson recasts the Hawthorne question to show how authorial presence in the writer's works is as much a matter of art as the writing itself The Hawthorne who emerges from this masterful analysis is not as has been supposed identical to the provincial narrator of his early tales instead he is revealed to be the skillful manipulator of that narrative voice an author at an ironic distance from the tales he tells By focusing on the provincial tales as they were originally conceived as a narrative cycle Thompson is able to recover intertextual references that reveal Hawthorne's preoccupation with framing strategies and variations on authorial presence The author shows how Hawthorne deliberately constructs sentimental narratives only to deconstruct them Thompson's analysis provides a new aesthetic context for understanding the whole shape of Hawthorne's career as well as the narrative ethical and historical issues within individual works Revisionary in its view of one of America's greatest authors *The Art of Authorial Presence* also offers invaluable insight into the problems of narratology and historiography ethics and psychology romanticism and idealism and the cultural myths of America

Henry James's Portrait of the Writer as Hero Sara S Chapman, 1990-02-12 One of the subjects of deepest and most enduring interest to Henry James was the

creative experience of writers and critics This study examines James s fictions about this experience placing them within the context of James s critical work and enabling the reader to see this body of work as James himself did as a coherent extended portrayal of the creative experience of the writer critic Nineteenth-century American Romance E. Miller Budick,1996

Nineteenth century American romance as a genre is defined by the writings of a particular group of authors James Fenimore Cooper Washington Irving Charles Brockden Brown Edgar Allan Poe Nathaniel Hawthorne Herman Melville and Henry James all of whom are associated with one another in time and place In this volume Emily Miller Budick examines the genre both as a style and within a historical context She interprets American romance as an evolving literary aesthetic and cultural philosophy as an effort by a group of writers to produce what Noah Webster called an American tongue a language imbued with the values of democracy and pluralism American Literary Realism, 1870-1910 ,1980 **The Publishers' Trade List Annual** ,1883 **Failure and the American Writer** Gavin Jones,2014-01-20 If America worships success then why has the nation s literature dwelled obsessively on failure This book explores encounters with failure by nineteenth century writers ranging from Edgar Allan Poe and Herman Melville to Mark Twain and Sarah Orne Jewett whose celebrated works more often struck readers as profoundly messy flawed and even perverse Reading textual inconsistency against the backdrop of a turbulent nineteenth century Gavin Jones describes how the difficulties these writers faced in their faltering search for new styles coherent characters and satisfactory endings uncovered experiences of blunder and inadequacy hidden in the culture at large Through Jones s treatment these American writers emerge as the great theorists of failure who discovered ways to translate their own social insecurities into complex portrayals of a modern self founded in moral fallibility precarious knowledge and negative feelings *Studia Patriciae Shaw oblata* Santiago González y Fernández-Corugedo,1991 *Studia P S oblata* V 3 edited by S G Fern ndez
