Problems of a Mature Economy F.V. Meyer,1970-11-05 **Problems of a Mature Economy** Frederick Victor Meyer,Desmond Carteret Corner,1967 *Problems of a mature economy* F. V. Meyer,1970 A Class Against Itself Doug McEachern,1980-10-23 This book is a study of the complicated disputes between 1945 and 1970 over the nationalisation of the British steel industry It examines in detail the ways in which the views of different classes and pressure groups in society were reflected in the history of steel nationalisation *A London Bibliography of the Social Sciences* ,1973 Vols 1 4 include material to June 1 1929 **The British National Bibliography** Arthur James Wells,1970 **Essays on a Mature Economy: Britain After 1840** Deirdre McCloskey,2013-11-05 These unique papers were originally read at a conference on the new economic history of Britain at Harvard in 1970 and each is accompanied by a summary of the discussion that followed it The participants of the conference represented a broad range of scholars from both sides of the Atlantic The first eleven papers deal with a variety of topics covering a period from 1840 to the 1920s They focus on the performance of the British economy and especially its businessmen during the time of Britain s industrial maturity and relative decline The papers and discussions reached a novel conclusion tha contrary to commonly held opinion the British economy performed well and that British businessmen were not lacking in entrepreneurial vigour compared with their German or American counterparts But even more important for British historiography than this finding was the demonstration that economic and statistical methods can be applied successfully to the study of economic history The papers in the concluding section discuss the origins and development of the new economic history and show that as a substantial supplement to work along more traditional lines its methods and application are both desirable and possible This collection serves as an interesting report of research into a key period in British history and also as a useful introductory account of the new economic history in the United Kingdom This book was first published in 1971 **Economics Selections** ,1970 **The Cumulative Book Index** ,1971 A world list of books in the English language *The Publishers Weekly* ,1909 Catalog of the Institute of Economic Research, Hitotsubashi University Hitotsubashi Daigaku.
