Problems In Titian Mostly Iconographic The Wrightsman Lectures:

Problems in Titian, Mostly Iconographic Erwin Panofsky, 1969-04-01 **Problems in Titian Mostly Iconographic**, 1969 **Problems in Titian, Mostly Iconographic** Erwin Panofsky, 1969 Titian's fame as the greatest colorist in the history of painting has led students of his art to concentrate on problems of style and authenticity rather than on problems of content and meaning Dr Panofsky treats this neglected aspect of the Venetian master's work with a wealth of humanistic scholarship exploring such varied topics as Titian's relationship to the philosophy and literature of his time his attitude toward the antique and the reasons behind his unrivaled acclaim as a portraitist These studies show Titian to have been a man of far richer and more complex culture than hitherto assumed possessed not only of the supremely gifted hand but of a subtle and poetic mind Dr Panofsky thus deepens our insight into the workings of a great artist's imagination and guides us to a fuller understanding of his genius At the time Dr Panofsky was preparing this book for publication he wrote The illustrations were made from the best available originals and are all in black and white not in spite of but because of the fact that Titian was the greatest colorist that ever lived Book jacket [Titian & Tragic Painting](#) Thomas Puttfarcken, 2005-01-01 Late in his life Titian created a series of paintings the Four Sinners the poesie for his patron Philip II of Spain and the Final Tragedies that were dark in tone and content full of pathos and physical suffering In this major reinterpretation of Titian's art Thomas Puttfarcken shows that the often dramatic and violent subject matter of these works was not as is often argued the consequence of the artist's increasing age and sense of isolation and tragedy Rather these paintings were influenced by discussions of Aristotle's Poetics that permeated learned discourse in Italy in the mid sixteenth century The Poetics led directly to a rich theory of the visual arts and painting in particular that enabled artists like Titian to consider themselves on equal footing with poets Puttfarcken investigates Titian's late works in this context and analyzes his relations with his patrons his intellectual and humanistic contacts and his choices of subject matter style and technique *Diego Velázquez's Early Paintings and the Culture of Seventeenth-century Seville* Tanya J. Tiffany, 2012 Explores the early works of seventeenth century Spanish painter Diego Velázquez Focuses on works from 1617 to 1623 examining the painter's critical engagement with the artistic religious and social practices of his native Seville Provided by publisher **Palgrave Handbook of Critical Posthumanism** Stefan Herbrechter, Ivan Callus, Manuela Rossini, Marija Grech, Megen de Bruin-Molé, Christopher John Müller, 2022-11-28 Palgrave Handbook of Critical Posthumanism is a major reference work on the paradigm emerging from the challenges to humanism humanity and the human posed by the erosion of the traditional demarcations between the human and nonhuman This handbook surveys and speculates on the ways in which the posthumanist paradigm emerged transformed and might further develop across the humanities With its focus on the posthuman as a figure on posthumanism as a social discourse and on posthumanisation as an on going historical and ontological process the volume highlights the relationship between the humanities and sciences The essays engage with posthumanism in connection with subfields like

the environmental humanities health humanities animal studies and disability studies The book also traces the historical representations and understanding of posthumanism across time Additionally the contributions address genre and forms such as autobiography games art film museums and topics such as climate change speciesism anthropocentrism and biopolitics to name a few This handbook considers posthumanism's impact across disciplines and areas of study

Texts and Violence in the Roman World Monica R. Gale, J. H. D. Scourfield, 2018-04-05 From the bites and scratches of lovers and the threat of flogging that hangs over the comic slave to murder rape dismemberment and crucifixion violence is everywhere in Latin literature The contributors to this volume explore the manifold ways in which violence is constructed and represented in Latin poetry and prose from Plautus to Prudentius examining the interrelations between violence language power and gender and the narrative rhetorical and ideological functions of such depictions across the generic spectrum How does violence contribute to the pleasure of the text Do depictions of violence always reinforce status hierarchies or can they provoke a reassessment of normative value systems Is the reader necessarily complicit with authorial constructions of violence These are pressing questions both for ancient literature and for film and other modern media and this volume will be of interest to scholars and students of cultural studies as well as of the ancient world

The Epic of Juan Latino Elizabeth R. Wright, 2016-01-01 In *The Epic of Juan Latino* Elizabeth R. Wright tells the story of Renaissance Europe's first black poet and his epic poem on the naval battle of Lepanto Austria's Carmen The Song of John of Austria Piecing together the surviving evidence Wright traces Latino's life in Granada Iberia's last Muslim metropolis from his early clandestine education as a slave in a noble household to his distinguished career as a schoolmaster at the University of Granada When intensifying racial discrimination and the chaos of the Morisco Revolt threatened Latino's hard won status he set out to secure his position by publishing an epic poem in Latin verse the Austria's Carmen that would demonstrate his mastery of Europe's international literary language and celebrate his own African heritage Through Latino's remarkable hitherto untold story Wright illuminates the racial and religious tensions of sixteenth century Spain and the position of black Africans within Spain's nascent empire and within the emerging African diaspora
