tokens New cases on key Article 9 issues such as the scope of Article 9 attachment errors in financing statements perfection purchase money security interests and repossession New expanded Problems including on applying the various parts of Article 9 to digital assets under the 2022 Amendments and the new Article 12 Benefits for instructors and students Effective format makes black letter law accessible and helps students understand statutory language Sensible organization adaptable to many teaching styles Thorough and up to date covers the latest changes in and cases relating to U C C Article 9 as well as other relevant laws and cases Popular problems approach Intersections between secured transactions and contract law errors in security agreements and scope of security interest in intellectual property Multiple choice assessment questions with analysis at the end of each chapter Distinguished authorship draws on experience in both teaching and writing Manageable length Concise and lucid Most important cases Teacher s Manual with sample syllabi the best ways to teach various topics and answers to all the problems in the text     Problems and Cases on Secured Transactions James A. Brook, Keith A. Rowley, 2023-09-15 Brook Rowley s Problems and Cases on Secured Transactions provides an updated problem based approach to teaching and learning Article 9 of the Uniform Commercial Code Using a problem based approach Brook Rowley s Problems and Cases on Secured Transactions 4th Edition engages students with imaginative scenarios while providing an accessible and manageable approach to personal property secured transactions without avoiding the intricacies of UCC Article 9 or de emphasizing its interplay with other UCC articles selected state non UCC law or federal bankruptcy law Designed for a standalone Secured Transactions course but adaptable to other configurations the book presents UCC Article 9 as completely comprehensible even enjoyable rather than as arcana that only an insider can be expected to understand Cases have been thoughtfully selected and edited and the authors textual discussion helps connect the cases to the problems and explores the materials practical and practice oriented relevance A good mix of shorter and longer problems gives each chapter a focused flow while frequently recurring characters and basic fact patterns help to reinforce how the lessons of each chapter build onto the more comprehensive whole mapped out in prior and upcoming chapters Earlier problems lean more heavily though not exclusively on the individual and consumer borrower situations As the lessons advance the mix of materials progressively includes more small business and large business transactions New to the Fourth Edition New co author Keith A Rowley brings a quarter century of experience teaching Secured Transactions augmented by insights gained over nearly two decades of active involvement in the ABA Business Law Section and during his tenures as a Uniform Law Commissioner and as an elected member of the American Law Institute in which capacity he actively consulted on the 2010 Amendments to UCC Article 9 and made several contributions to the 2022 UCC Amendments which span the entire Code New cases that replace statutorily obsolete or judicially superseded ones included in the prior edition or that augment cases carried over from the prior edition Extensively edited and judiciously augmented textual materials Extensively edited and judiciously augmented chapter problems Corrected replaced and supplemented end of part

multiple choice review questions Brief discussion of the 2022 UCC Amendments which have only been adopted in a handful of states as they relate to pre amendment UCC Article 9 Professors and students will benefit from Simple straightforward organization of chapters and of material within each chapter that makes it easy to tailor assignments according to differing class credits and to the individual instructor s coverage preferences Textual introductions direction to particular statutory sections and comments and thoughtfully edited cases designed to focus student attention on the issues at hand Interesting and engaging problems that encourage the students to prepare answers before class discussion allowing the student to continually monitor their understanding of the topic being covered Recurring characters and basic fact patterns help students to more readily bridge from one topic to the next and see the bigger picture of UCC Article 9 and how each chapter contributes to better appreciating that picture Review Questions with answers at the end of each Part of the book that helps students gauge their comprehension of and facility with the material discussed over several chapters and help professors meet new ABA formative assessment requirements      Secured Transactions Paul Barron, Mark B. Wessman, 2003 The core of this law school casebook is an extensive set of hypothetical problems designed to force students to come to grips with Article 9 provisions directly assuming that the student has just been hired as a junior in house counsel for a mythical bank holding company It then takes the student through the series of problems generated by various lending subsidiaries The tone is light with recurring characters and footnotes include not only the necessary Code citations and case citations to supplement the included materials This book is intended for teachers who want an in depth treatment of Article 9 believe Article 9 need not be drudgery either for students or instructors and have sense of humor      TM Douglas J Whaley, 2003-01-01      **Problems and Materials on Secured Transactions** WHALEY, 2015-07-06 Buy a new version of this Connected Casebook and receive access to the online e book practice questions from your favorite study aids and an outline tool on CasebookConnect the all in one learning solution for law school students CasebookConnect offers you what you need most to be successful in your law school classes portability meaningful feedback and greater efficiency This brief Problems based book is popular with students and instructors alike because it offers clear text and a practical straightforward approach to the law of secured transactions Secured Transactions is a difficult course but the authors make it interesting through a juxtaposition of Problems designed to illustrate the issues addressed by the relevant section of the Uniform Commercial Code along with representative cases and textual explanations for the more recondite issues Throughout the book emphasis is placed on the actual practice of law in this area where expertise often leads to job offers Features Thorough and up to date coverage on black letter law Popular Problems approach enjoyed by professors and students alike straightforward and practical Problems with interesting fact patterns explore different portions of the Uniform Commercial Code and provide students with the important context while still allowing them to determine the answer independently in which the issues arise Important cases which are teachable and interesting and illustrate the reactions of the courts to the issues Flexible content and organization adaptable to many
