Urban Design Downtown Anastasia Loukaitou-Sideris, Tridib Banerjee, 1998-10-19 The corporate downtown with its multitude of social dilemmas and contradictions is the focus of this well illustrated volume How are downtown projects conceived scripted produced packaged and used and how has all this changed during the twentieth century The authors of Urban Design Downtown offer a critical appraisal of the emerging appearance of downtown urban form They explore both the poetics of design and the politics and economics of development decisions Following a historical review of the various phases of downtown transformation Anastasia Loukaitou Sideris and Tridib Banerjee turn to contemporary American downtowns They examine the phenomenon of public space privatization arguing that corporate open spaces are the consumer oriented result of policies that have promoted downtown renovation and restructuring but at the same time have neglected the cities existing poverty stricken cores The book s case studies of individual West Coast downtown projects capture the essence of late twentieth century urbanism This analysis of downtown urban America which offers extensive insight into the design and development process will interest architects city planners developers and urban designers everywhere

Brandscapes Anna Klingmann, 2010-09-24 Architecture as imprint as brand as the new media of transformation of places communities corporations and people In the twenty first century we must learn to look at cities not as skylines but as brandscapes and at buildings not as objects but as advertisements and destinations In the experience economy experience itself has become the product we re no longer consuming objects but sensations even lifestyles In the new environment of brandscapes buildings are not about where we work and live but who we imagine ourselves to be In Brandscapes Anna Klingmann looks critically at the controversial practice of branding by examining its benefits and considering the damage it may do Klingmann argues that architecture can use the concepts and methods of branding not as a quick and easy selling tool for architects but as a strategic tool for economic and cultural transformation Branding in architecture means the expression of identity whether of an enterprise or a city New York Bilbao and Shanghai have used architecture to enhance their images generate economic growth and elevate their positions in the global village Klingmann looks at different kinds of brandscaping today from Disneyland Las Vegas and Times Square prototypes and case studies in branding to Prada s superstar architect designed shopping epicenters and the banalities of Niketown But beyond outlining the status quo Klingmann also alerts us to the dangers of brandscapes By favoring the creation of signature buildings over more comprehensive urban interventions and by severing their identity from the complexity of the social fabric Klingmann argues today s brandscapes have in many cases resulted in a culture of the copy As experiences become more and more commodified and the global landscape progressively more homogenized it falls to architects to infuse an ever more aseptic landscape with meaningful transformations How can architects use branding as a means to differentiate places from the inside out and not as current development practices seem to dictate from the outside in When architecture brings together
