Raging Robots and Unruly Uncles Margaret Mahy, 1990 **Raging Robots and Unruly Uncles** Margaret Mahy, 1993-03-01 The arrival of two single minded robots convinces twin brothers wicked Jasper and virtuous Jason that their own children who have run away aren't so bad after all *Raging Robots & Unruly Uncles* Margaret Mahy, 1990 A high spirited story about two tyrannical robots who wreak havoc in two very different families **Raging Robots and Unruly Uncles**, 2013 Wicked Uncle Jasper and his good twin brother were both equally exasperated by their children When the uncles got two bossy robots the children simply ran away *Magical Margaret Mahy* Betty Gilderdale, 2013-04-24 Throughout her childhood she was making up stories Before she could write she drew them By the time she was seven she knew she wanted to write books Margaret Mahy was a wizard of words and a spinner of magical stories She was New Zealand's best known author for children wrote more than 200 books and often appeared in a purple wig or a penguin suit while she delighted audiences with vivacious readings of her stories But who was Margaret Mahy What was she like as a child How did she become a writer Where did her weird and wonderful ideas come from Turn these pages and step into a world of the magical Margaret Mahy **Spiritcarvers** Antonella Sarti, 1998 In a land caught between the sea and cloud where the natural landscape still refuses civilization there are those the composers of words tellers of tales that help shape the minds of the people that live on its shores They are spiritcarvers New Zealand writing today is engaging in an intent struggle to subvert multiple shapes into voices These interviews as a record of biographical orature are shaped into presenting the figure of the storyteller through memory and language explorations of how we imagine and create ourselves with and into words Here we encounter the dichotomy of fiction and non fiction myth and consensual reality imagination and truth do we live within our own selected fictions Identity is shaped by the authors sense of displacement as well as of belonging meeting otherness with dispossession discovering connection through isolation Among the focal points of the interviews are the role of women's writing Maori writing interrelations among different cultures and the influence of literary and oral tradition within New Zealand [The Philosophical Child](#) Jana Mohr Lone, 2012-09-16 What does it mean to be good Why do people die What is friendship Children enter the world full of questions and wrestle with deep thoughtful issues even if they do not always wonder them aloud Many parents have the desire to discuss philosophical ideas with their children but are unsure how to do so The Philosophical Child offers parents guidance on how to gently approach philosophical questions with children of all ages Jana Mohr Lone argues that for children to mature emotionally they must develop their desire and ability to think abstractly about themselves and their experiences This book suggests easy ways that parents can engage with their children's philosophical questions and help them develop their philosophical selves *Children's Fiction Sourcebook* Margaret Hobson, Jennifer Madden, Ray Prytherch, 2018-12-17 First published in 1992 this Sourcebook is a basic working tool for all those concerned with children's reading It will help librarians and teachers to select a comprehensive stock of children
