Rain From Heaven A Perceptive Message On Biblical Renewal For Our Time:

The Evolution of God in Human Imagination Gersham A. Nelson, 2018-11-21 After empowering Christianity and becoming its titular head during the first quarter of the fourth century Roman emperor Constantine played a greater role in determining the core belief and practice of this religion than any family member or disciple of the historical Jesus Implications of this fact are many and should be of interest to all Christians and others with an interest in or connections to Western Civilization The Evolution of God in Human Imagination addresses vital guestions that many have asked for centuries including how God became man and or man became God Professor Gersham A Nelson examines the evolution of God from a Judeo Christian perspective first demonstrating how different regional cultures and mythologies seem to have influenced Judaism and Christianity before showing how Christianity jettisoned the most fundamental concept of God held by Judaism and other ancient religions Professor Nelson also argues that a close examination of the Church that emerged with the imperial patronage of Rome during the fourth century repudiated not only Judaism but also views attributed to the Jesus of history Failure to re examine the foundation of Christianity including claims made by leaders regarding divine will and prerogative after the Reformation ensured that contradictions and confusion continue to plague one generation of Christians after another Even when conspicuous flaws were identified in the worldview advocated by Christian teachings adjustments would at best be slow and selective Nevertheless the growing capacity of human brings to explore discover and create new knowledge has continued to inspire new questions and is providing some unanticipated answers The Christian Advocate Christian Advocate and Journal and Zion's Herald ,1911 .1911 The Heritage of World Civilizations Albert M. Craig, 2003 This comprehensive accessible survey of world history has been extensively revised to provide an even more global and comparative perspective on the events and processes that have shaped our increasingly interdependent world Written by leading scholars in their respective fields Heritage of World Civilizations 6 e combines unusually strong and thorough coverage of the unique heritage of Asian African Islamic Western and American civilizations while highlighting the role of the world's great religious and philosophical traditions Interactive maps one Web based interactive map in each chapter provides readers with opportunities to explore the relationships between time and space in shaping world history A three volume organization available in A B C splits Volume A covers antiquity to 1300 Volume B covers the period from 1300 1850 and Volume C covers the Enlightenment to the present Sixth editions now provide roughly the same amount of coverage for European and non European regions Volumes include European events during the High Middle Ages and Renaissance extensive discussion of globalization terrorism and the challenges facing the world in the 21st century revised coverage of the ancient world treatment of the origins of humankind has been completely rewritten to reflect the newest scholarship provides significant new coverage of women in ancient Greece and Rome For anyone interested in world civilization or world history Bulletin of the Atomic Scientists, 1972-10 The Bulletin of the Atomic Scientists is the premier
