Secret Gospel:

Secret Gospels Marvin Meyer, 2003-02-01 Marvin Meyer is one of the leading experts on the secret gospels Gospel of Thomas Secret Gospel of Mark and others who has changed forever how we read the canonical gospels and understand early Christianity In this new collection of his work Meyer looks at these revolutionary texts in original and illuminating ways He writes for example about the naked youths in the villa of the Mysteries On the walls of a villa in Pompeii a famous mural depicts a naked male reading from a scroll a look of wonder on his face A naked youth again appears in the Gospel of Mark abandoning his garment and fleeing naked when apprehended during Jesus arrest A similar youth appears in the Secret Gospel of Mark These youths Meyer proposes serve as an image of religious initiation candidates for the mysteries of Dionysus or of Christ This is one of the many aspects of the secret gospels that Meyer examines with expert insight and creativity Topics range from gender and infancy stories to discipleship and the relationship of the Gospel of Thomas to Islamic literature Meyer's spellbinding readings of these materials offer fresh understandings of the canonical gospels Marvin Meyer is Grisct Professor of Bible and Christian Studies and Director of the Albert Schweitzer Institute at Chapman University Orange California He is author of *The Secret Teachings of Jesus Four Gnostic Gospels* and *The Gospel of Thomas The Hidden Sayings of Jesus* and co editor of *Jesus Then and Now* Trinity Press International *The Secret Gospel* Morton Smith, 1982 In 1958 Morton Smith Traveled to Jerusalem to do research in the monastery library of Mar Saba in the Judean Desert What he found was no routine corroboration of New Testament history but a precious fragment of a second century document that would change our understanding of the work and teaching of Jesus of Nazareth **The Secret Gospel of Mark Unveiled** Peter Jeffery, 2007-01-01 In 1958 Bible scholar Morton Smith announced the discovery of a sensational manuscript a second century letter written by St Clement of Alexandria who quotes an unknown longer version of the Gospel of Mark When Smith published the letter in 1973 he set off a firestorm of controversy that has raged ever since Is the text authentic or a hoax Is Smith's interpretation correct Did Jesus really practice magic or homosexuality And if the letter is a forgery why Through close examination of the discovered manuscript's text Peter Jeffery unravels the answers to the mystery and tells the tragic tale of an estranged Episcopalian priest who forged an ancient gospel and fooled many of the best biblical scholars of his time Jeffery shows convincingly that Smith's Secret Gospel is steeped in anachronisms and that its construction was influenced by Oscar Wilde's Salome twentieth century misunderstandings of early Christian liturgy and Smith's personal struggles with Christian sexual morality *The Secret Gospel of Mark Unveiled* Peter Jeffery, 2007-01-01 In this needed and highly anticipated new translation of the Theban plays of Sophocles David Slavitt presents a fluid accessible and modern version for both newcomers to the plays and established admirers Unpretentious and direct Slavitt's translation preserves the innate verve and energy of the dramas engaging the reader or audience member directly with Sophocles great texts Slavitt chooses to present the plays not in narrative sequence but in the order in which they were

composed *Antigone* *Oedipus Tyrannos* *Oedipus at Colonus* he thereby underscores the fact that the story of *Oedipus* is one to which Sophocles returned over the course of his lifetime This arrangement also lays bare the record of Sophocles intellectual and artistic development Renowned as a poet and translator Slavitt has translated Ovid Virgil Aeschylus Aristophanes Ausonius Prudentius Valerius Flaccus and Bacchylides as well as works in French Spanish Portuguese and Hebrew In this volume he avoids personal intrusion on the texts and relies upon the theatrical machinery of the plays themselves The result is a major contribution to the art of translation and a version of the *Oedipus* plays that will appeal enormously to readers theatre directors and actors

Beyond Belief Elaine Pagels, 2004-05-04 In *Beyond Belief* renowned religion scholar Elaine Pagels continues her groundbreaking examination of the earliest Christian texts arguing for an ongoing assessment of faith and a questioning of religious orthodoxy Spurred on by personal tragedy and new scholarship from an international group of researchers Pagels returns to her investigation of the secret Gospel of Thomas and breathes new life into writings once thought heretical As she arrives at an ever deeper conviction in her own faith Pagels reveals how faith allows for a diversity of interpretations and that the rogue voices of Christianity encourage and sustain the recognition of the light within us all

The Non-Canonical Gospels Paul Foster, 2008-09-11 This book brings together a collection of chapter length treatments on the most significant of the non canonical gospels A particular strength of the volume is that it draws upon the research of leading experts in the field and clearly and concisely communicates the most hotly contested issues surrounding each text While a key function of each chapter is to make the current academic debates accessible to a wider audience these treatments are not simply overviews or survey articles They also present fresh perspectives on a number of points and critically assess the most recent trends in scholarship As such they will provide an ideal entry point for advanced undergraduate courses and taught Masters programmes The structure of the book is divided up in an easily useable format There is an introduction which underscores the significance of the non canonical texts both for the original readers and for contemporary audiences This chapter by Keith Elliott also traces important moments in the reception of a number of these texts both in art and literature Next follows the main sequence of chapters dealing with individual texts Texts such as the Gospel of Thomas the Gospel of Peter and the Gospel of Mary are treated first due to the impact they have had to varying degrees on Historical Jesus research Other texts are grouped in various subgroups the two infancy gospels follow each other and the more fragmentary texts are also closely linked in the arrangement The book presents one of the most comprehensive and up to date discussions of a range of texts that continue to be of interest to scholars and wider readers The discussions should clarify a number of popular misconceptions and allow for a more informed debate The scholars who contribute to this collection represent an eclectic range of views and theological outlooks No attempt has been made to impose a prescribed perspective Rather the leading experts have been consulted to produce fresh and stimulating treatments The book will include contributions from Andrew Gregory Oxford Christopher Tuckett Cambridge April DeConick Rice and Simon

Gathercole Aberdeen among others

The Content and the Setting of the Gospel Tradition Mark Harding, Alanna Nobbs, 2010-10-22 Editors Mark Harding and Alanna Nobbs have here brought together the internationally recognized scholarly excellence of Macquarie University faculty and associates to provide a major contribution to the study of the content and environment of the New Testament Gospels Few books in current New Testament scholarship seriously tackle its social setting and textual tradition beyond a chapter or two The Content and Setting of the Gospel Tradition integrates the texts with the literary social and historical context in which they were written

Lost Scriptures Bart D. Ehrman, 2005-09-15 Lost Scriptures offers an anthology of up to date and readable translations of many non canonical writings from the centuries after Christ texts that have for the most part been neglected or lost for nearly two millennia Here is an array of remarkably varied writings from early Christian groups whose visions of Jesus differ dramatically from our contemporary understanding Ehrman has included a general introduction plus brief introductions to each piece Lost Scriptures gives readers a vivid picture of the range of beliefs that battled each other in the first centuries of the Christian era It is an essential resource for anyone interested in the Bible or the early Church

Gospel Thrillers Andrew S. Jacobs, 2023-11-30 What if the original teachings of Jesus were different from the Bible's sanitized orthodox version What covert motivations might inspire those who decide what the text of the Bible says or what it means For some who ask conspiratorial questions like these the Bible is the vulnerable victim of secular forces seeking to divest the USA of its founding identity For others the biblical canon suppresses religious truths that could upend the status quo Such suspicions surrounding the Bible find full expression in Gospel Thrillers a 1960s fictional genre that endures and still commands a substantial following These novels imagine a freshly discovered first century gospel and a race against time to unlock its buried secrets They also reflect the fears and desires that the Bible continues to generate Andrew Jacobs reveals in his authoritative examination how this remarkable fictional archive opens a window onto disturbing biblical anxieties

The Complete Idiot's Guide to the Gnostic Gospels J. Michael Matkin, 2005 The founding of the early Christian Church had as much to do with politics and intrigue as it did with theology and religion This history and the documents uncovered at the Nag Hammadi site in Egypt have formed the basis of some of the most interesting and mysterious questions today Was Mary Magdalene a disciple of Jesus What role did Jesus mother Mary play What does the Gospel of Thomas tell us Enter The Complete Idiot's Guide to the Gnostic Gospels Expert author J Michael Matkin has provided easy and understandable overviews to all these major works and more With chapters discussing each of the major and minor documents found at Nag Hammadi the book also includes an overview of Gnosticism and its most influential people Readers get an easy understandable view of the early Church these relatively new documents and their meaning to modern religion and philosophy today

The Other Gospels Ron Cameron, 1982-01-01 This new anthology of gospel literature contains texts that are not part of the New Testament but are of great importance for the study of Christian origins Some of these

apocryphal gospels are from the Nag Hammadi library made available only recently The sixteen texts constitute what remains of the non canonical gospels from the first and second centuries They transmit saying of Jesus and relate stories about Jesus

The Ancient Mysteries Marvin W. Meyer, 1999-05-07 Zeus and the other gods of shining Olympus were in reality divine only by popular consent Over the course of time Olympian luster diminished in favor of religious experiences more immediate to the concerns of people living in an increasingly cosmopolitan ancient world These experiences were provided by the mystery religions that flourished particularly during the Hellenistic period and were secretly practiced by groups of adherents who decided through personal choice to be initiated into the profound realities of one deity or another Unlike the official state religions in which people were expected to make an outward show of allegiance to the local gods the mysteries emphasized an inwardness and privacy of worship within a closed band of initiates In this book Marvin W Meyer explores the sacrifices and prayers the public celebrations and secret ceremonies the theatrical performances and literary works the gods and goddesses that were a part of the mystery religions of Greece in the seventh century B C to the Judaism and Christianity of the Roman world of the seventh century A D

Nameless God Hal Hargreaves, 2011-01-18 Names play pivotal roles in unlocking early Christianity and are interpreted to reveal diverse theological positions Just how much influence those names wielded cannot be overstated It triggers this author to suggest the option of a nameless god The book can be a primer for the person interested in objective observations and willing to consider plausible implications over orthodoxy Candor and tough decisions dominate this effort A fresh view of agnostic thought emerges that is positive and helpful

Who Wrote That? Donald Ostrowski, 2020-06-15 Who Wrote That examines nine authorship controversies providing an introduction to particular disputes and teaching students how to assess historical documents archival materials and apocryphal stories as well as internet sources and news Donald Ostrowski does not argue in favor of one side over another but focuses on the principles of attribution used to make each case While furthering the field of authorship studies Who Wrote That provides an essential resource for instructors at all levels in various subjects It is ultimately about historical detective work Using Moses Analects the Secret Gospel of Mark Abelard and Heloise the Compendium of Chronicles Rashid al Din Shakespeare Prince Andrei Kurbskii James MacPherson and Mikhail Sholokov Ostrowski builds concrete examples that instructors can use to help students uncover the legitimacy of authorship and to spark the desire to turn over the hidden layers of history so necessary to the craft

The Gospel of Mark John R. Donahue, Daniel J. Harrington, 2005 In The Gospel of Mark Fathers Donahue and Harrington use an approach that can be expressed by two terms currently used in literary criticism intratextuality and intertextuality This intratextual and intertextual reading of Mark's Gospel helps us to appreciate the literary character its setting in life and its distinctive approaches to the Old Testament Jesus and early Christian theology Intratextuality means we read Mark as Mark and by Mark Such a reading expresses interest in the final form of the Gospel not its source or literary history and in its words and images literary devices literary forms structures characterization and

plot Reading Mark by Mark gives particular attention to the distinctive vocabulary and themes that run throughout the Gospel and serve to hold it together as a unified literary production Intertextuality comprises the relation between texts and a textual tradition and also referring to contextual materials not usually classified as texts e g archaeological data Intertextuality is used to note the links of the text of Mark s Gospel to other texts especially the Old Testament and to the life of the Markan community and of the Christian community today

New Testament Apocrypha Wilhelm Schneemelcher, Robert McLachlan Wilson, 2005-07-28 Translation of Neutestamentliche Apokryphen **Alexandria** David R. Fideler, 1995-01-01 Journal of cosmology philosophy myth and culture

The Jesus Mysteries Timothy Freke, Peter Gandy, 2001-12-18 Drawing on the cutting edge of modern scholarship this astonishing book completely undermines the traditional history of Christianity that has been perpetuated for centuries by the Church and presents overwhelming evidence that the Jesus of the New Testament is a mythical figure Whether you conclude that this book is the most alarming heresy of the millennium or the mother of all revelations The Jesus Mysteries deserves to be read Fort Worth Star Telegram Far from being eyewitness accounts as is traditionally held the Gospels are actually Jewish adaptations of ancient Pagan myths of the dying and resurrecting godman Osiris Dionysus The supernatural story of Jesus is not the history of a miraculous Messiah but a carefully crafted spiritual allegory designed to guide initiates on a journey of mystical discovery A little more than a century ago most people believed that the strange story of Adam and Eve was history today it is understood to be a myth Within a few decades authors Timothy Freke and Peter Gandy argue we will likewise be amazed that the fabulous story of God incarnate who was born of a virgin who turned water into wine and who rose from the dead could have been interpreted as anything but a profound parable
