Notable Horoscopes:

Notable Horoscopes Bangalore Venkat Raman,1991-01-01 A most reliable guide to practical astrology Notable Horoscopes does not contain startling predictions and amazing forecasts But it is the product of investigations and studies by the author presented here in an orderly and scientific form but in simple language easily understandable by the average reader

765 Notable Horoscopes Raj Kumar, In any horoscope the 1st 5th 9th houses are considered to be the most auspicious ones It is believed that the soul enters the world through 5th house of Poorva Janam Karma to the ascendant in the form of human body and exit through the 9th house after completing the Karma assigned for the present birth through 10th house These three houses together constitute the spiritual or Dharma Trikon which primarily aims at transforming the native to a higher stage of evolution through their Divine faculties and creativity Their lords irrespective of their natural traits are favourable to a native leading to greater happiness The ascendant is always the most beneficial house and its lord the most helpful planet which guides and assists the native in all walks of life The houses constituting Dharma Trikon reveal many special features of the native's destiny through his sojourn during the present incarnation As per classics there are four goals of human life Dharma Artha Kaam Moksha Classics have extolled Dharma Moksha and looked down Artha Kaam But Materialistic world of today has just the opposite view Corresponding to the four goals are the four Trikones in any chart All the four trikones have their Apex in a Kendra house which indicates the involvement of the native in immediate everyday life There is no denying the prominence of Dharma Trikon but to ignore the other three will be a Himalayan blunder In fact all the four Trikones are dependent on Artha Trikon for sustenance and all the progress we see around us originates and gets accomplished in Kaam Trikon

Sree Varaha Mihira's Brihat Jataka Varāhamihira,1986-01-01 Brihat Jatak from time immemorial has been considered as the standard textbook on Astrology The English translation of Varahamihira's Brihat Jataka is a monumental work in completing which the difficulties in translating a beautiful technical and suggestive work in Sanskrit had to be surmounted by hard labour profound research and want of adequate expressions It is not mere a translation work the ripe experience of Mr Rao for over 60 years in the field of Astrology and his sound judgment on doubtful points have substantiated its value further

Astrology Raj Kumar, The evolution of human race to its present state is due to constant endeavour of each parent to see that even at the cost of their own discomfort their children move ahead and achieve what even they could not for any reason The aim of education has been to awaken the consciousness of a person The education liberates a soul from darkness of ignorance to the glory of true knowledge and bliss To acquire knowledge is a natural trait of all human beings However these days the stream branches of education are so many and varied and to get admission therein is so competitive and difficult that the task of the young students and their parents have become difficult Hence there is a definite need to have astrological psychological counseling for specific educational fields There are number of astrological yogas combinations Arishtas to be countered as tools for astrologers yet the astrologer have to invoke his knowledge and intuition to the maximum to be able to provide the correct and timely counsel Hope the book will help one and all in pursuit of the same **Navamsa in Astrology**

Chandulal S. Patel, The blessings of Shri Bala Chandrika has enabled me to place before the astrological fraternity a long needed treatise which is somewhat fulfilled by writing an independent and exclusive book on Navamsa techniques for the first time in English In Hindu predictive astrology Navamsa occupies an outstanding position and draws one's attention for deeper scrutiny and understanding The Navamsa techniques are very many as many as possible are dealt with in this book Students are advised to study not only the classical texts but also Nadi Granthas such as Deva Keralam Chandra Kala Nadi Dhruva Nadi Bhrgu Nadi etc for additional knowledge Predicting through Navamsa and Nadi Astrology Chandulal S.
