Teaching Beauty in DeLillo, Woolf, and Merrill J. Green-Lewis,M. Soltan,2008-04-14 What happened to beauty How did the university literature classroom turn into a seminar on politics Focusing on such writers as Don DeLillo Virginia Woolf and James Merrill this book examines what has been lost to literature as a discipline and to literary criticism as a practice as a result of efforts to reduce the aesthetic to the ideological Green Lewis and Soltan celebrate the return of beauty as a subject in its own right to literary studies a return all the more urgent given beauty s ability to provide not merely consolation but a sense of order and control in the context of a threatening political world *Los Angeles Magazine* ,1996-08 Los Angeles

tremendous promise and inherent risks of the use of psychedelics in mental health treatment through the lens of a New York Times reporter whose journalistic exploration of this emerging field began with a personal crisis When he signed up for a psychedelic retreat run by a mysterious Argentine woman deep in Brazil s rainforest in early 2018 Ernesto Londo o a veteran New York Times journalist was so depressed he had come close to jumping off his terrace weeks earlier His nine day visit to Spirit Vine Ayahuasca Retreat Center included four nighttime ceremonies during which participants imbibed a vomit

A Mission to Gelele Richard Francis Burton,2022-07-22 A

Mission to Gelele the former King of Dahomey which has taken place in the 1860s describes with minuteness the rituals of Dahomeyan customs of which before Captain Burton's visit tales had been spread mixed with wild exaggerations. Written in Burton's lively style it shows his powers of observation and description as well as his cynical disposition and sometimes indelicacy of expression. The ethnology and philology of the country are carefully treated and there is an important chapter on the Amazons an all female military regiment of the Kingdom which describes the ferocity of these women and makes an excellent companion to the upcoming movie *The Woman King*. Captain Burton clearly foretold the gradual but sure deterioration of Dahomey consequent on the custom of periodical slaughter and of an Amazonian soldiery which by limiting reproduction caused both weakness in the country and degeneracy in its inhabitants. The continuance of these causes has led to the easy breaking up of the Kingdom by the French. This edition comes with more than 600 footnotes for an even better understanding of the text. **Jet**, 1978-09-21 The weekly source of African American political and entertainment news

Cosmic Fragments Asif A. Siddiqi, 2025-05-20 Looking beyond the well trodden celebratory narratives of space exploration and the powerful nostalgia of lunar landings *Cosmic Fragments* focuses instead on the moral ambiguities of spaceflight. Beyond the fetishization of machines, men and manifest destiny and the Cold War tensions of the space race lies a history rife with violence, racial inequity, colonial ambitions and catastrophe. This volume yields new insights on the crucial role of environmental damage, Indigenous dispossession, population displacements, infrastructural entanglements and narratives of decline in space exploration situated within larger questions in the history of science, technology and the environment. Each chapter explores histories of space travel across nations and regions to better understand the destructive power of infrastructure, waste and exploitative legal regimes at the height of the space age. Drawing from postcolonial science studies, science and technology studies and anthropology, contributors suggest that phenomena designed to disenfranchise and dislocate such as the displacement of Indigenous peoples were deeply imbedded in the coloniality of space travel. By confronting and challenging problematic early accounts rooted in the cultural mores of settler colonialism, *Cosmic Fragments* offers a fundamental repositioning of the history of spaceflight. *Walk Me Home* Sebastian Fitzek, 2022-11-10 Now adapted into the worldwide hit movie *THE CALENDAR KILLER* available now on Amazon Prime. One call to change your life. One night to lose it. For women walking home alone late at night Berlin's *Walk Me Home* helpline provides a reassuring voice at the end of the phone. When Klara calls the helpline one Saturday night Jules answers. He has never experienced a call quite like this one. Klara is terrified. She's being followed by a man from her past. A man who wrote a date in blood on her bedroom wall. Tomorrow's date. As Jules is drawn into Klara's nightmare will either of them ever make it home again. Reviews for Sebastian Fitzek. Fitzek's thrillers are breathtaking, full of wild twists. Harlan Coben. Fitzek is without question one of the crime world's most evocative storytellers. Karin Slaughter. A true Master of his craft.
