Canfield, 2016-03-31 The twentieth century brought enormous change to subjects such as language metaphysics ethics and epistemology This volume covers the major developments in these areas and more **Philosophy of Meaning, Knowledge and Value in the Twentieth Century** John Canfield, 2012-10-12 Volume 10 of the Routledge History of Philosophy presents a historical survey of the central topics in twentieth century Anglo American philosophy It chronicles what has been termed the linguistic turn in analytic philosophy and traces the influence the study of language has had on the main problems of philosophy Each chapter contains an extensive bibliography of the major writings in the field All the essays present their large and complex topics in a clear and well organised way At the end the reader finds a helpful Chronology of the major political scientific and philosophical events in the Twentieth Century and an extensive Glossary of technical terms The Significance of the Lvov-Warsaw School in the European Culture Anna Brożek, Friedrich Stadler, Jan Woleński, 2017-07-24 This volume is a result of the international symposium The Tradition of the Lvov Warsaw School in European Culture which took place in Warsaw Poland September 2015 It collects almost all the papers presented at the symposium as well as some additional ones The contributors include scholars from Austria the Netherlands Ireland and Poland The papers are devoted to the history and reception of the Lvov Warsaw School a Polish branch of analytic philosophy They present the School's achievements as well as its connections to other analytic groups The contributors also show how the tradition of the School is developed contemporarily The title will appeal to historians of analytic philosophy as well as historians of philosophy in Central Europe

From Aristotle to Augustine David J. Furley, 2003 Volume two of the Routledge History of Philosophy provides an authoritative and comprehensive survey and analysis of the key areas of late Greek and early Christian philosophy up to the fifth century Semantics and Beyond Piotr Stalmaszczyk, 2014-08-27 Papers in the collection concentrate on different issues relevant for contemporary research within semantics such as the linguistic and philosophical status of representations reference theory and indexicals situation semantics formal semantics normativity of meaning and speech acts and different approaches to context and contextualism The authors investigate the links between semantics and syntax and between semantics pragmatics and speech act theory and demonstrate that it is possible to integrate findings from different disciplines Recent studies often advocate a pragmatic turn in the study of meaning and context however the papers in the volume show that semantics and meaning remain in the center of research carried out within contemporary linguistics and philosophy especially the philosophy of language The volume includes contributions by Brian Ball St Anne's College Oxford
