Philosophy Of Childhood

**Anca Gheaus, Gideon Calder, Jurgen De
Wispelaere**

Philosophy Of Childhood:

The Philosophy of Childhood Gareth Matthews, 1996-10-01 Adult preconceptions about the mental life of children tend to discourage a child's philosophical bent. By exposing the underpinnings of adult views of childhood, Matthews clears the way for recognizing the philosophy of childhood as a legitimate field of inquiry and conducts us through influential models for understanding what it is to be a child.

The Routledge Handbook of the Philosophy of Childhood and Children Anca Gheaus, Gideon Calder, Jurgen De Wispelaere, 2018-07-20 Childhood looms large in our understanding of human life as a phase through which all adults have passed. Childhood is foundational to the development of selfhood, the formation of interests, values, and skills, and to the lifespan as a whole. Understanding what it is like to be a child and what differences childhood makes are thus essential for any broader understanding of the human condition. The Routledge Handbook of the Philosophy of Childhood and Children is an outstanding reference source for the key topics, problems, and debates in this crucial and exciting field and is the first collection of its kind. Comprising over thirty chapters by a team of international contributors, the Handbook is divided into five parts: Being a child; Childhood and moral status; Parents and children; Children in society; Children and the state. Questions covered include: What is a child? Is childhood a uniquely valuable state, and if so, why? Can we generalize about the goods of childhood? What rights do children have, and are they different from adults' rights? What, if anything, gives people a right to parent? What role, if any, ought biology to play in determining who has the right to parent a particular child? What kind of rights can parents legitimately exercise over their children? What roles do relationships with siblings and friends play in the shaping of childhoods? How should we think about sexuality and disability in childhood, and about racialised children? How should society manage the education of children? How are children's lives affected by being taken into social care? The Routledge Handbook of the Philosophy of Childhood and Children is essential reading for students and researchers in philosophy of childhood, political philosophy, and ethics, as well as those in related disciplines such as education, psychology, sociology, social policy, law, social work, youth work, neuroscience, and anthropology.

Conceptions of Childhood and Moral Education in Philosophy for Children Dina Mendonça, Florian Franken Figueiredo, 2022-01-11 Philosophy for Children (P4C) has long been considered as crucial for children's ethical and moral education and a decisive contribution for education for the democratic life. The book gathers contributions from experts in the field who reflect on fundamental issues on how childhood and ethics are interrelated within the P4C movement. The main interest of this volume is to offer an understanding of how different philosophical conceptions of childhood can be coordinated with different ethical and meta-ethical philosophical considerations in P4C, addressing topics such as P4C and relativism, P4C and Virtue ethics, ethics and emotions in P4C, philosophical commitments, and P4C application and Socratic practice within a pragmatist framework. A thought-provoking collection about how assumptions of particular philosophical conceptions of childhood modify moral and ethical education and a testimony of the undeniable contribution of P4C for moral

education and reconceptualization of childhood **Philosophy and Childhood: Critical Perspectives and Affirmative Practices** W. Kohan, 2014-08-21 Kohan offers a transformative revolutionary and more radical alternative theory and

practice of philosophy for children He critiques the current state of philosophy for children and demonstrates alternative ways of thinking and practicing philosophy in childhood education **Gareth B. Matthews, The Child's Philosopher**

Maughn Rollins Gregory, Megan Jane Laverty, 2021-08-26 Winner of the 2022 Book Award of the Philosophy of Education Society of Australasia Gareth B Matthews *The Child's Philosopher* brings together groundbreaking essays by renowned American philosopher Gareth B Matthews in three fields he helped to initiate philosophy in children's literature philosophy for children and philosophy of childhood In addition contemporary scholars critically assess Matthews pioneering efforts and his legacy Gareth B Matthews 1929-2011 was a specialist in ancient and medieval philosophy who had conversations with young children discovering that they delight in philosophical puzzlement and that their philosophical thinking often enriched his own understanding Those conversations became the impetus for a substantial component of Matthews scholarship from which this book features essays spanning the length of his career Contemporary contributors to the book critically evaluate Matthews scholarship showing where he broke new ground and identifying developments and debates in the fields he helped to initiate They take up pressing challenges including biased idealizations of childhood in children's literature the tensions between teaching philosophy to and doing philosophy with young people the merits of theorizing childhood without theorizing children and how professional philosophy at once desires and resists a return to childhood This second volume in the *Philosophy for Children Founders* series is an important resource for philosophers educators and anyone interested in children's philosophical thinking developmental psychology what it means to philosophize with children the nature of childhood and how children's literature goes philosophical It will guide and inspire those who share Matthews conviction that the impulse to philosophize begins in early childhood Contributors in addition to Gareth B Matthews Stephanie Burdick Shepherd Cristina Cammarano Claire Cassidy Stanley Cavell Maughn Rollins Gregory Jennifer Glaser Walter Omar Kohan Megan Jane Laverty Jana Mohr Lone Karin Murris Peter Shea Susan M Turner Susannah Sheffer **Philosophy and**

Childhood: Critical Perspectives and Affirmative Practices W. Kohan, 2014-08-21 Kohan offers a transformative revolutionary and more radical alternative theory and practice of philosophy for children He critiques the current state of philosophy for children and demonstrates alternative ways of thinking and practicing philosophy in childhood education

Childhood, Education and Philosophy Walter Kohan, 2014-10-24 This book explores the idea of a childlike education and offers critical tools to question traditional forms of education and alternative ways to understand and practice the relationship between education and childhood Engaging with the work of Michel Foucault Jacques Rancière Giorgio Agamben and Simón Rodríguez it contributes to the development of a philosophical framework for the pedagogical idea at the core of the book that of a childlike education Divided into two parts the book introduces innovative ideas through philosophical

argument and discussion challenging existing understandings of what it means to teach or to form a child and putting into question the idea of education as a process of formation The first part of the book consists of a dialogue with a number of interlocutors in order to develop an original conception of education The second part presents the idea of a childlike education beginning with a discussion of the relationships between childhood and philosophy and followed by a critique of the place of philosophical experience in a childhood of education Instead of asking how philosophy might educate childhood this book raises the question of how childhood might educate philosophy It will be of key value to researchers educators and postgraduate students in the fields of education and the human sciences **The Philosophy of Childhood** Gareth B.

Matthews,1996 Philosophy, Children, and the Family Albert C. Cafagna,Richard T. Peterson,Craig A.

Staudenbaur,2012-12-06 The United Nations designation of 1979 as the International Year of the Child marked the first global effort undertaken to heighten awareness of the special needs of children Activities initiated during this special year were designed to promote purposive and collaborative actions for the benefit of children throughout the world Michigan State University s celebration of the International Year of the Child was held from September 1979 through June 1980 A variety of activities focused attention on the multiplicity of factors affecting the welfare of today s children as well as the children of the future Many people involved with the university were concerned that benefits to children continue beyond the official time allocated to the celebration The series Child Nurturance is one response to this concern The first five volumes of Child Nurturance reflect directly the activities held on the Michigan State University campus and consist of original contributions from guest speakers and invited contributors Subsequent biennial volumes will present original contributions from individuals representing such fields as anthropology biology education human ecology psychology philosophy sociology and medicine We hope the material presented in these volumes will promote greater understanding of children and encourage interdisciplinary inquiry into the individual family societal and cultural variables which influence their welfare and development We would like to express both our thanks and our admiration for who not only typed the camera ready copy for each of Margaret Burritt the volumes but also served as general manager of the entire project *Reason's Children* Anthony Krupp,2009-02-01 We still know little of childhood in early modern European thought By reconstructing philosophies of childhood in the works of rationalists not known to have reflected upon children Reason s Children expands our understanding of philosophical reflection on childhood in early modern Europe Central aspects of early modern philosophical systems Descartes s prejudice and method Leibniz s divine justice Wolff s rationality Baumgarten s aesthetic cognition are reexamined in light of the peripheral status of childhood in their works Furthermore Krupp carefully examines the various children of Locke s Essay most of whom have been neglected in histories of childhood Beyond illustrating the blank slate thesis Locke s children play other significant roles as well as not yet persons as deficient speakers and as changelings The absence of Locke s actual statements concerning children from the intellectual history of childhood is a wrong that here finds

some redress This erudite and valuable work of scholarship examines concepts of childhood in European thought between 1630 1750 and aims to bring the topic of childhood to the attention of historians of philosophy while also contributing historically and philosophically to the newly burgeoning field of Childhood Studies

Philosophy for Children in Transition Nancy Vansieleghem, David Kennedy, 2011-11-28 Philosophy for Children in Transition presents a diverse collection of perspectives on the worldwide educational movement of philosophy for children Educators and philosophers establish the relationship between philosophy and the child and clarify the significance of that relationship for teaching and learning today The papers present a diverse range of perspectives problems and tentative prospects concerning the theory and practice of Philosophy for Children today The collection familiarises an actual educational practice that is steadily gaining importance in the field of academic philosophy Opens up discussion on the notion of the relationship between philosophy and the child

Philosophy of Childhood Today David Kennedy, 2017 Although philosophy of childhood has always played some part in philosophical discourse its emergence as a field of postmodern theory follows the rise in the late nineteenth century of psychoanalysis for which childhood is a key signifier Then in the mid twentieth century Philippe Aries's seminal Centuries of Childhood introduced the master concept of childhood as a social and cultural invention thereby weakening the strong grip of biological metaphors on imagining childhood Today while philosophy of childhood per se is a relatively boundaryless field of inquiry it is one that has clear distinctions from history anthropology sociology and even psychology of childhood This volume of essays which represents the work of a diverse international set of scholars explores the shapes and boundaries of the emergent field and the possibilities for mediating encounters between its multiple sectors including history of philosophy philosophy of education pedagogy literature and film psychoanalysis family studies developmental theory ethics history of subjectivity history of culture and evolutionary theory The result is an engaging introduction to philosophy of childhood for those unfamiliar with this area of scholarship and a timely compendium and resource for those for whom it is a new disciplinary articulation

History, Theory and Practice of Philosophy for Children Saeed Naji, Rosnani Hashim, 2017-04-21 This book on Philosophy for Children P4C is a compilation of articles written by its founders and the movement's leaders worldwide These articles have been prepared in the dialogue and interview format Part I explains the genesis of the movement its philosophical and theoretical foundations Part II examines the specialized uses of philosophical dialogues in teaching philosophy morality ethics and sciences Part III examines the theoretical concerns such as the aims of the method in regards to the search for truth or sense of meaning or the debate on the novel or short stories and its characteristics Part IV explains the practices of P4C worldwide and the issue of cultural differences the ways of the community of inquiry and the necessary adaptation to suit local concerns The book concludes with a notable review of the progress of P4C the obstacles and its international spread to over 60 countries These penetrating insights make the book an incredibly rich resource for anyone interested in or involved with implementing a P4C programme Brave Old Subject Brave

New World Teaching Science and Morality Via P4C Showing Children can do Philosophy Ethics for the Very Young Erik Kenyon, Diane Terorde-Doyle, Sharon Carnahan, 2019-02-08 Can you be brave if you're afraid Why do we know better and do things anyway What makes a family Philosophers have wrestled with such questions for centuries They are also the stuff of playground debates Ethics for the Very Young uses the perplexities of young children's lives to spark philosophical dialogue Its lessons scaffold discussion through executive function games Telephone Red Light Green Light dialogic reading of picture books and Reggio Emilia's art based inquiry In the process children develop skills of dialogue and critical thinking through increased selective attention self control cognitive flexibility and perspective taking While the elements of this method are familiar they are here fused into an organic whole grounded in the history of philosophy and defended by current work in developmental psychology Building on Wartenberg's Big Ideas for Little Kids the present curriculum uses a series of 23 picture books to frame discussions of character bravery self control friendship the greater good respect and care Its goal is not to teach morals but to help children articulate and develop their own perspectives through dialogue with each other Each lesson presents teachers' reflections on how this exploration of life's enduring questions transformed their school's culture

The SAGE Encyclopedia of Children and Childhood Studies Daniel Thomas Cook, 2020-04-20 The SAGE Encyclopedia of Children and Childhood Studies navigates our understanding of the historical political social and cultural dimensions of childhood Transdisciplinary and transnational in content and scope the Encyclopedia both reflects and enables the wide range of approaches fields and understandings that have been brought to bear on the ever transforming problem of the child over the last four decades This four volume encyclopedia covers a wide range of themes and topics including Social Constructions of Childhood Children's Rights Politics Representations Geographies Child specific Research Methods Histories of Childhood Transnational Childhoods Sociology Anthropology of Childhood Theories and Theorists Key Concepts This interdisciplinary encyclopedia will be of interest to students and researchers in Childhood Studies Sociology Anthropology Psychology Education Social Welfare Cultural Studies Gender Studies Disability Studies Philosophy in Children's Literature Peter Costello, 2011-12-29 This book allows philosophers literary theorists and education specialists to come together to offer a series of readings on works of children's literature Each of their readings is focused on pairing a particular popular picture book or a chapter book with philosophical texts or themes The book has three sections the first on picturebooks the second on chapter books and the third on two sets of paired readings of two very popular picturebooks By means of its three sections the book sets forth as its goal to show how philosophy can be helpful in reappraising books aimed at children from early childhood on Particularly in the third section the book emphasizes how philosophy can help to multiply the type of interpretative stances that are possible when readers listen again to what they thought they knew so well The kinds of questions this book raises are the following How are children's books already anticipating or articulating philosophical problems and discussions How does children's literature work by means of philosophical puzzles or language

games What do children's books reveal about the existential situation the child reader faces In posing and answering these kinds of questions the readings within the book thus intersect with recent developing scholarship in children's literature studies as well as in the psychology and philosophy of childhood

Thinking Children Claire Cassidy, 2007 This book aims to define the concept of child from a philosophical perspective

History, Theory and Practice of Philosophy for Children Saeed Naji, Rosnani Hashim, 2017-04-21 This book on Philosophy for Children P4C is a compilation of articles written by its founders and the movement's leaders worldwide It comprises four parts 1 history philosophy and theoretical foundations 2 specialized uses of philosophical dialogues 3 theoretical concerns and 4 the issues and challenges in the implementation of P4C worldwide The book concludes with a notable review of the progress of P4C the obstacles and its international spread to over 60 countries These penetrating insights make the book an incredibly rich resource for anyone interested in or involved with implementing a P4C programme

The Philosophical Child Jana Mohr Lone, 2012-09-16 What does it mean to be good Why do people die What is friendship Children enter the world full of questions and wrestle with deep thoughtful issues even if they do not always wonder them aloud Many parents have the desire to discuss philosophical ideas with their children but are unsure how to do so The Philosophical Child offers parents guidance on how to gently approach philosophical questions with children of all ages Jana Mohr Lone argues that for children to mature emotionally they must develop their desire and ability to think abstractly about themselves and their experiences This book suggests easy ways that parents can engage with their children's philosophical questions and help them develop their philosophical selves

Early Childhood Education Cathy Nutbrown, Peter Clough, 2014-01-08 This accessible introduction to the history of early childhood education emphasises the role of history and philosophy in early childhood practice today Firmly grounded in current policy from across the UK the text features a series of imagined conversations with key figures and pioneers which exemplify various philosophical positions in early childhood This second edition has been fully updated and revised in line with recent policy changes and contains new and updated biographies of key pioneers as well as three brand new conversations with historical figures The book is useful for a range of students of Early Childhood Education or History of Education from first year undergraduates to PhD students It will also be incredibly valuable to Early Years trainee teachers practitioners and policy makers

Philosophy Of Childhood Introduction

In the digital age, access to information has become easier than ever before. The ability to download Philosophy Of Childhood has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Philosophy Of Childhood has opened up a world of possibilities. Downloading Philosophy Of Childhood provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Philosophy Of Childhood has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Philosophy Of Childhood. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Philosophy Of Childhood. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Philosophy Of Childhood, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Philosophy Of Childhood has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a

popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Philosophy Of Childhood Books

What is a Philosophy Of Childhood PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Philosophy Of Childhood PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Philosophy Of Childhood PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Philosophy Of Childhood PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Philosophy Of Childhood PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
