Population Women

**United States. Public Health Service.
Task Force on Women's Health Issues**

Population Women:

Women's Empowerment, Population Dynamics, and Development Dennis Hodgson, 2025-03-24 This book assumes that women's empowerment is a social movement aimed at producing political economic and social change. It traces the changing relationship among three unprecedented trends experienced in the developing world since 1950: declining levels of mortality and fertility, socioeconomic development, and women's empowerment. It offers two policy analyses of the contemporary relationship of these three trends. One for the 30 countries that in 2021 still have TFRs above 4 and another for the 34 countries that currently have below replacement level fertility. This analysis highlights a new 21st century fact: over-ardent neo-Malthusian population controllers are no longer the greatest threat to women's reproductive rights. That place has been assumed by over-ardent pronatalist population controllers in low fertility countries. *Population Policy and Women's Rights* Ruth Dixon-Mueller, 1993-03-30 Global population policies are under intense scrutiny as environmental and development organizations worry about the threat of overpopulation and call for stronger measures of population control. At the same time, women's organizations in both developing and industrialized countries are intensifying their attacks on the simplistic thinking of the population controllers and the quest for a technological fix on the part of the family planning establishment. *Population Policy and Women's Rights* presents a forceful argument for a more responsive approach to fertility limitation in developing countries, one that builds on women's concerns about their survival and security and strengthens women's rights. Ruth Dixon-Mueller reviews the history of the debate between feminists and the birth control movement, examines the forces affecting U.S. population policy on the domestic and international fronts, and documents the relationship between women's reproductive rights and their rights in other areas. Dixon-Mueller begins by focusing on the evolution of the political positions of the women's movement and the birth control population control movements. She examines the relationship between different aspects of women's rights and reproductive choice in developing countries. She concludes with a proposal for a woman-centered approach to reproductive policy making based on promoting women's rights and protecting women's sexual and reproductive health. Written from a sociological perspective, *Population Policy and Women's Rights* is recommended for researchers, policy makers, and students in the fields of population development, women's studies, and human rights.

Women and Poverty United States Commission on Civil Rights, 1974 **Women, Development, and the UN** Devaki Jain, 2005-10-17 Devaki Jain opens the doors of the United Nations and shows how it has changed the female half of the world and vice versa. *Women Development and the UN* is a book that every global citizen, government leader, journalist, academic, and self-respecting woman should read. Gloria Steinem: Devaki Jain's book nurtures your optimism in this terrible war-torn decade by describing how women succeeded in empowering both themselves and the United Nations to work toward a global leadership inspired by human dignity. Fatema Mernissi: In *Women Development and the UN*, internationally noted development economist and activist Devaki Jain traces the ways in which women have enriched the work of the United

Nations from the time of its founding in 1945 Synthesizing insights from the extensive literature on women and development and from her own broad experience Jain reviews the evolution of the UN s programs aimed at benefiting the women of developing nations and the impact of women s ideas about rights equality and social justice on UN thinking and practice regarding development Jain presents this history from the perspective of the southern hemisphere which recognizes that development issues often look different when viewed from the standpoint of countries in Africa Asia and Latin America The book highlights the contributions of the four global women s conferences in Mexico City Copenhagen Nairobi and Beijing in raising awareness building confidence spreading ideas and creating alliances The history that Jain chronicles reveals both the achievements of committed networks of women in partnership with the UN and the urgent work remaining to bring equality and justice to the world and its women

Chinese Research Perspectives on Population and Labor, Volume 5 Fang Cai,Juwei Zhang,2019-05-27 This translation of selections from Reports on China s Population and Labor No 17 allows readers to take stock of what China has done to tackle some of the country s most important demographic and labor related issues The volume opens with two articles on the universal two child policy one of the most eagerly anticipated and closely watched population policy changes in recent years These are followed by new population forecasts based on the new policy and an analysis of what they mean for education resource allocation In addition to familiar topics such as household registration pension system reform and income distribution this volume devotes considerable space to examining challenges facing Chinese women especially those related to employment and marriage

Women's Health USA 2004 ,2004 1993 Handbook on Women Workers ,1994 **OECD Health Policy Studies Beating Cancer Inequalities in the EU Spotlight on Cancer Prevention and Early Detection** OECD,2024-01-31 This report addresses the latest trends in cancer incidence and mortality in the EU and reviews key cancer risk factors cancer screening programmes and early diagnoses and issues in the provision of high quality cancer care

Cross-nationally Comparative, Evidence-based Educational Policymaking and Reform Alexander W. Wiseman,Petrina M. Davidson,2018-06-29 In this volume scholars and policymakers examine how large scale assessments and quantitative data are used to inform policy making at all levels of education worldwide and how data can be used to better understand specific national and regional educational challenges

African Women, ICT and Neoliberal Politics Assata Zerai,2018-09-28 How can we promote people centered governance in Africa Cell phones information and communications technology ICT are shown to be linked to neoliberal understandings of more democratic governance structures defined by the Worldwide Governance Indicators as the rule of law corruption control regulation quality government effectiveness political stability no violence and voice and accountability However these indicators fall short they do not emphasize gender equity or pro poor policies Writing from an African feminist scholar activist perspective Assata Zerai emphasizes the voices of women in two ways 1 she examines how women s access to ICT makes a difference to the success of people centered governance structures and 2 she demonstrates how African women s scholarship too often

marginalized must be used to expand and redefine the goals and indicators of democratic governance in African countries Challenging the status quo that praises the contributions of cell phones to the diffusion of knowledge and resultant better governance in Africa this book is an important read for scholars of politics and technology gender and politics and African Studies **Women's Health** United States. Public Health Service. Task Force on Women's Health Issues,1985

Women's Rights and Social Change Leslie Armstrong,2018-11-23 Women's rights are the rights and entitlements claimed for women and girls worldwide and formed the basis for the women's rights movement in the nineteenth century and feminist movement during the 20th century In some countries these rights are institutionalized or supported by law local custom and behavior whereas in others they are ignored and suppressed They differ from broader notions of human rights through claims of an inherent historical and traditional bias against the exercise of rights by women and girls in favor of men and boys Women's Rights and Social Change focuses attention on the way in which women from a number of traditions have been able to bring about change and the manner in which rights have either facilitated or inhibited women's participation in the process of change In the face of injustice people band together to work for change and through their influence what was once unthinkable becomes common This book traces the history of the women's rights movement including the key players watershed moments and legislative battles that have driven social change This book should be of interest to all those interested in gender development and women empowerment and researches and students *Resources in Women's*

Educational Equity ,1980 Career Patterns and Policies of Female Leaders in China Xin Tong,2021-07-13 China's late Chairman Mao Zedong once said Women hold up half the world but in several respects the full emancipation of women still remains a global challenge This book based on extensive empirical studies on Chinese female leaders in different fields develops a female professional status attainment theory It summarizes the conditions for Chinese women to become leaders in various professions as the following increased human economic and social capital gender equality awareness gender friendly environment and improved work life balance The book also proposes supporting policies for the development of high level female talents female leaders in three different sectors women in politics in professional fields and in enterprise management With the comprehensive perspectives of female leaders development that addresses women's unique needs in organizations this book is a good choice for researchers and readers who are interested in China's top level talent development gender equality and women's professional attainment

Women's Career Development Throughout the Lifespan Jenny Bimrose,Mary McMahon,Mark Watson,2014-12-17 Women's careers have been a topic of research and discussion in many disciplines including sociology business industrial organisational and vocational psychology and career guidance Despite the introduction of equal employment legislation in many countries women's patterns of career development continue to reflect structural labour market disadvantage This unique book brings together expert contributions from academic researchers as well as representing the voices of older women who participated in an international research

investigation Grounded in multidisciplinary empirical studies the book provides a variety of perspectives on women s careers in the 21st century an international exploration of the voice of the older woman an understanding of both the challenges and responses to women as they construct their careers Offering a comprehensive understanding of women s career development throughout the lifespan this book will be of key interest to academics and researchers from the fields of education psychology management geography labour market economics and sociology as well as career practitioners managers trainers

researchers and policy developers **The Global Gag Rule and Women's Reproductive Health** Yana van der Meulen Rodgers, 2018-10-26 Foreign assistance by the United States is tangled with domestic politics and perhaps this is most clear in relation to funding for health and family planning The long arm of U S domestic politics has reached the intimate lives of women all over the world because it has threatened major cuts in funding to healthcare organizations in developing countries if they perform or promote abortions This global gag rule so called because to even mention abortion endangers funding has been a hallmark of Republican administrations since it was first enacted by President Ronald Reagan When Donald Trump reinstated and expanded the policy there was popular uproar and a firestorm of debate Proponents of the policy emphasize the importance of reducing the number of abortions globally and claim that the gag rule will be effective in achieving this goal In this innovative book Yana van der Meulen Rodgers argues that the gag rule has failed to achieve its goal of reducing abortions Rather the restrictive legislation is associated with higher abortion rates and because the reduction in funding is indiscriminate there are negative repercussions across a range of health outcomes for women children and men While the rhetoric in media discourse has been extreme Rodgers provides systematic analysis of how the global gag rule affects women s reproductive health across developing regions grounded in a conceptual framework that models the complex factors that influence women s decision making about fertility She also traces the background to American policy the evolution of international family planning programs the links between contraceptive access and fertility rates and the relationship between restrictive abortion laws and abortion rates And because Rodgers provides a rounded perspective on factors influencing women s decisions on reproduction and abortion she offers a constructive and cost effective approach for U S family planning assistance that targets integrated reproductive health services **Women Workers** DIANE Publishing Company, 1997-03 Offers a comprehensive view of the labor force activity of women occupations of WW women s earnings minority WW women business owners changing family structures shifting patterns in education the changing face of industry the aging population occupational safety legal rights of WW projections of interest to WW more **Atlas of Gender and Development How Social Norms Affect Gender Equality in non-OECD Countries** OECD, 2010-02-22 Gender inequality holds back not just women but the economic and social development of entire societies This atlas presents a new measure of gender inequality which examines women s status according to family situation physical integrity son preference civil liberties and ownership rights **Established Populations for Epidemiologic Studies of the Elderly** , 1986 Women

in Medicine Marjorie A. Bowman, Erica Frank, Deborah I. Allen, 2002-05-17 In this newly revised expanded and updated edition the authors have provided a definitive resource about and for women physicians From statistical data regarding practicing women physicians in the U S and abroad minorities and gay lesbian physicians to practical advice on coping with stress WOMEN IN MEDICINE CAREER AND LIFE MANAGEMENT 3rd Edition is an exceedingly useful and insightful volume for understanding and managing the issues faced by women physicians in both their professional and personal lives
