Courtney, 2018-12-14 Biting, No sleep, Puddles! How to survive the early weeks and still love your puppy. You've got the new puppy you longed for BUT things don't seem to be quite as rosy as you expected. Your new pet is terrorising the children, ripping jumpers and trouser legs, never wants to sleep and seems intent on keeping you up all night. On top of that, there's pee everywhere. What happened to the lovely picture you painted of children and puppy playing happily in your nice home and being able to put him to bed when you're ready? Don't worry, we can turn this all round very quickly. Having helped thousands of new puppy owners to navigate these early weeks and keep their sanity, professional dog trainer Beverley Courtney will take you by the hand and not let go. Follow the force-free and dog-friendly guidance in this book and your puppy will soon be playing nicely with the children, sleeping like a log all night and doing all his business outside. And nowhere will you be saying NOOO or Ah ah. Very soon you'll all love him again. And there's lots more: diet, exercise, socialisation and how to stop your puppy jumping up on you, visitors and the furniture. And if you haven't yet got your puppy, there's a really useful guide on how to choose the dog that's going to share your life for the next 12-15 years. Your advice and encouragement are invaluable.
