Conscious Parenting Workbook Bhadra

Mitchell, 2014-11-12 By choosing to parent children or to serve as a friend educator or informal mentor you have taken up an admirable and challenging task. Committing yourself to the care and education of children sets you on a journey that is ripe with enormous opportunities for personal growth, expanded love, joy, self understanding and compassion. It also introduces you to areas of your own life that may have been unexamined, confronting you with limiting beliefs and issues of your own self esteem. This Workbook is the companion volume to *Conscious Parenting* by Lee Lozowick, Hohm Press 2010 and is designed to be a useful map and travel guide for you on this adventure. The *Conscious Parenting Workbook* like *Conscious Parenting* itself aims to assist you in aligning with a big view of the subject, an overall context from which to parent and educate. Years of personal experience combined with solid foundations shared with many great educators have made Lee Lozowick's *Conscious Parenting* a pragmatic handbook much appreciated by his peers and by thousands of parents worldwide. But especially and perhaps uniquely, his work relies on life affirming principles culled from his own spiritual understanding along with those from other longstanding spiritual traditions. His work then speaks to the ways and means for transforming ordinary family life with children into a primary means of spiritual practice, including the inevitable challenge for work on self
