**Women Re-Creating Classics** Emily

Hauser, Helena Taylor, 2025-06-12 In the last few years there has been a major and unmissable surge in women's retellings and re-creations of ancient myths and texts that has put women's re-creations of Classics centre stage. Drawing together an interdisciplinary range of creative and scholarly voices, this volume asks why classical creative retellings by women are so popular now and considers what creativity can do to foster new ways of thinking and writing about Classics, thus blurring the boundary between the creative and the critical. Contributors engage with debates on how to make Classics more accessible through the medium of creative works so that it is not just a discipline for the select few. This second volume in a two-volume set brings together original creative work by some of the many women writers who are pushing forward changes in the landscape of re-creating Classics, from Madeline Miller to Jennifer Saint. Emily Hauser, Caroline Lawrence, Roz Kaveney, Nikita Gill, Fiona Benson, Anne Carson and many more. These are set alongside discussions and interviews between writers and academics, roundtable conversations among poets and critics, and reflections on creative and inclusive pedagogy, thus offering a cutting-edge collaboration between practitioners and researchers and underlining the centrality of women's re-creations of Classics to the contemporary shaping of the field. **Rediscovering the Dead Sea Scrolls** Maxine L. Grossman, 2010-06-28 Fifteen respected DSS scholars representing

diverse perspectives offer here a window into the scholarly study of these ancient texts. *Rediscovering the Dead Sea Scrolls* introduces readers to a wide range of established and experimental treatments of the Scrolls, including paleography, archaeology, manuscript analysis, and a variety of literary, historical, and social scientific approaches. The authors provide not only an introduction to a given approach but also a more self-reflective assessment of the limits of their approaches and the potential pitfalls associated with them. From publisher description **Rediscovering Value** Geary A. Rummeler, Alan J.

Ramias, Cherie L. Wilkins, 2011-01-13 To paraphrase a number of philosophers, the major challenge any executive or manager and especially any CEO faces is that his or her experience of the reality of the organization is not the same as the reality itself. How then does an executive 1 develop a more accurate and complete representation of the organization 2 identify critical business issues and improvement opportunities across this system 3 design a way forward and 4 install the feedback and measurement mechanisms necessary to ensure the organizational system delivers the performance and stays on course. This is where this book comes into its own. Michael DeNoma, president and CEO, Chinatrust Commercial Bank. Every CEO or executive managing a business should read and understand *Rediscovering Value* if they want to effectively lead and manage their company. Leading a company without an understanding of the value and resource dimensions and how to manage them is like flying an airplane without a navigation system. The team at PDL has done an unbelievable job of describing the principles of an organization and how to effectively organize, lead and manage the enterprise. Our company used PDL's

systems approach to planning and managing and it was like turning on the lights in a dark room Our people became process and work focused and morale improved dramatically as we moved away from the silo approach of running a business Rediscovering Value is a must read for any executive Steve Hassenfelt CEO Granville Capital Inc From author of the acclaimed Improving Performance an exploration of the concept of Value Management and technology comes the next step resource that introduces the transformation model Rediscovering Value gives a preliminary description of the SOE phase and covers the dimensions of the model The book dissects each phase of the model and describes what is accomplished along each dimension the criteria to reach the next phase and the key challenges of each phase Stabilize Optimize Exploit in detail It lays out the success factors for effective process design improvement and management *American Book Publishing Record*, 2000 **Rediscovering the Spirit** Lowell Greathouse, 2020-10-16 How do we come together when things around us are falling apart What is the best way forward when we are faced with political turmoil a global pandemic civil unrest and spiritual wandering Rediscovering the Spirit is an exploration of the critical spiritual principles we need to understand and embrace in our current social reality The book focuses on the nature of the inward out movement and how to deal with current social barriers that cause deep division and alienation We can come together in whole and harmonious ways when we rediscover and activate our spiritual lives through centering framing practicing and learning how to live with others

**Jesus, Skepticism, and the Problem of History** Zondervan, 2019-10-08 In recent years a number of New Testament scholars engaged in academic historical Jesus studies have concluded that such scholarship cannot yield secure and illuminating conclusions about its subject arguing that the search for a historically authentic Jesus has run aground Jesus Skepticism and the Problem of History brings together a stellar lineup of New Testament scholars who contend that historical Jesus scholarship is far from dead These scholars all find value in using the tools of contemporary historical methods in the study of Jesus and Christian origins While the skeptical use of criteria to fashion a Jesus contrary to the one portrayed in the Gospels is methodologically unsound and theologically unacceptable these criteria properly formulated and applied yield positive results that support the Gospel accounts and the historical narrative in Acts This book presents a nuanced and vitally needed alternative to the skeptical extremes of revisionist Jesus scholarship that on the one hand uses historical methods to call into question the Jesus of the Gospels and on the other denies the possibility of using historical methods to learn about Jesus **Zanzibari Muslim Moderns** Anne K. Bang, 2024-09-01 Zanzibari Muslim Moderns is a historical study of Zanzibar during the interwar years This was a period marked by rapid intellectual and social change in the Muslim world when ideas of Islamic progress and development were hotly debated How did this process play out in Zanzibar Based on a wide range of sources Islamic and colonial private and public Anne K Bang examines how these concepts were received and promoted on the island arguing that a new ideal emerged in its intellectual arena the Muslim modern Tracing the influences that shaped the outlook of this new figure Bang draws lines to Islamic modernists in the Middle East to local

Sufi teachings and to the recently founded state of Saudi Arabia She presents the activities of the Muslim modern in the colonial employment system as a contributor to international debates as an activist in the community and more She also explores the formation of numerous faith based associations during this period as well as the views of the Muslim modern on everything from funerary practices and Mawlid celebrations to reading habits A recurring theme throughout is the question with which many Muslim moderns were confronted who should implement development And for whom The Routledge Handbook of Heterodox Economics Tae-Hee Jo,Lynne Chester,Carlo D'Ippoliti,2017-07-28 The Routledge Handbook of Heterodox Economics presents a comprehensive overview of the latest work on economic theory and policy from a pluralistic heterodox perspective Contributions throughout the Handbook explore different theoretical perspectives including Marxian radical political economics Post Keynesian Sraffian economics institutionalist evolutionary economics feminist economics social economics Regulation theory the Social Structure of Accumulation approach and ecological economics They explain the structural properties and dynamics of capitalism as well as propose economic and social policies for the benefit of the majority of the population This book aims firstly to provide realistic and coherent theoretical frameworks to understand the capitalist economy in a constructive and forward looking manner Secondly it delineates the future directions as well as the current state of heterodox economics and then provides both heat and light on controversial issues drawing out the commonalities and differences among different heterodox economic approaches The volume also envisions transformative economic and social policies for the majority of the population and explains why economics is and should be treated as a social science This Handbook will be of compelling interest to those including students who wish to learn about alternative economic theories and policies that are rarely found in conventional economics textbooks or discussed in the mainstream media and to critical economists and other social scientists who are concerned with analyzing pressing socio economic issues

*The Entrepreneurial Humanities* Alain-Philippe Durand,Christine Henseler,2023-06-07 With AI cryptocurrency and more in the news it seems that being an entrepreneur means being in IT but humanities graduates are launching new businesses every day turning a profit and having social impact This book explores how a humanities background can enable entrepreneurs to thrive Across all levels of education students are given the message that to change the world or make money the arts and humanities are not the subjects to study At the same time discussions of innovation and entrepreneurship highlight the importance of essential skills such as critical thinking storytelling cultural awareness and ethical decision making Here s the disconnect the subjects that help to develop these vital skills are derided at critical points in any aspiring entrepreneur s education This collection of perspectives from entrepreneurs in a range of fields and humanities educators illustrates what individuals and the wider world are missing when humanities are overlooked as a source of inspiration and success in business Featuring a foreword by Sensemaking author Christian Madsbjerg this is a thought provoking guide for aspiring entrepreneurs in all sectors and for educators a window on the practical value of the humanities in an ever more

mechanized world \_ Qur'an Commentary and the Biblical Turn Samuel Ross,2024-02-19 The Qur'an and the Bible have been called intertwined scriptures due to the Qur'an's frequent invocation of biblical narratives and figures But what is the history of Muslims exegetical engagement with the biblical text Through a comprehensive survey of more than 170 Qur'an commentaries Samuel Ross traces the longitudinal history of the Bible in tafsir Offering detailed case studies and rich in historical context Ross's narrative culminates in the remarkable late nineteenth and early twentieth century biblical turn Global in scope this development has not only generated new Muslim views of the Bible but even new interpretations of the Qur'an itself This monograph has been awarded the annual BRAIS De Gruyter Prize in the Study of Islam and the Muslim World

**Arabic Printing for the Christians in Ottoman Lands** Ioana Feodorov,2023-10-04 Arabic printing began in Eastern Europe and the Ottoman Levant through the association of the scholar and printer Antim the Iberian later a metropolitan of Wallachia and Athanasios III Dabb's twice patriarch of Antioch when the latter as metropolitan of Aleppo was sojourning in Bucharest This partnership resulted in the first Greek and Arabic editions of the Book of the Divine Liturgies Snagov 1701 and the Horologion Bucharest 1702 With the tools and expertise that he acquired in Wallachia Dabb's established in Aleppo in 1705 the first Arabic type press in the Ottoman Empire After the Church of Antioch divided into separate Greek Orthodox and Greek Catholic Patriarchates in 1724 a new press was opened for Arabic speaking Greek Catholics by Abdallah Zirikian in Beirut Lebanon Likewise in 1752-1753 a press active at the Church of Saint George in Beirut printed Orthodox books that preserved elements of the Aleppo editions and were reprinted for decades This book tells the story of the first Arabic type presses in the Ottoman Empire which provided church books to the Arabic speaking Christians irrespective of their confession through the efforts of ecclesiastical leaders such as the patriarchs Silvester of Antioch and Sofronios II of Constantinople and financial support from East European rulers like prince Constantin Brancoveanu and hetman Ivan Mazepa

*The Cairo Genizah and the Age of Discovery in Egypt* Rebecca J. W. Jefferson,2022-01-27 The Cairo Genizah is considered one of the world's greatest Hebrew manuscript treasures Yet the story of how over a quarter of a million fragments hidden in Egypt were discovered and distributed around the world before becoming collectively known as The Cairo Genizah is far more convoluted and compelling than previously told The full story involves an international cast of scholars librarians archaeologists excavators collectors dealers and agents operating from the mid nineteenth to the early twentieth century and all acting with varying motivations and intentions in a race for the spoils Basing her research on a wealth of archival materials Jefferson reconstructs how these protagonists used their various networks to create key alliances or to blaze lone trails each one on a quest to recover ancient manuscripts Following in their footsteps she takes the reader on a journey down into ancient caves and tombs under medieval rubbish mounds into hidden attic rooms vaults basements and wells along labyrinthine souks and behind the doors of private clubs and cloistered colleges Along the way the reader will also learn

about the importance of establishing manuscript provenance and authenticity and the impact to our understanding of the past when either factor is in doubt **The Cambridge Companion to Greek Tragedy** P. E. Easterling, 1997-10-02 As a creative medium ancient Greek tragedy has had an extraordinarily wide influence many of the surviving plays are still part of the theatrical repertoire and texts like Agamemnon Antigone and Medea have had a profound effect on Western culture This Companion is not a conventional introductory textbook but an attempt by seven distinguished scholars to present the familiar corpus in the context of modern reading criticism and performance of Greek tragedy There are three main emphases on tragedy as an institution in the civic life of ancient Athens on a range of different critical interpretations arising from fresh readings of the texts and on changing patterns of reception adaptation and performance from antiquity to the present Each chapter can be read independently but each is linked with the others and most examples are drawn from the same selection of plays Transformations of Tradition Junaid Quadri, 2021 Transformations of Tradition probes how the encounter with colonial modernity conditioned Islamic jurists conceptualizations of the shari'a Focusing on the jurisprudential writings of Muhammad Bakhit al Muti i 1854 1935 Mufti of Egypt for a time Junaid Quadri locates a remarkable series of foundational intellectual shifts that throw into doubt the possibility of reading the modern trajectory of Islamic law through the lens of a continuous tradition Through close readings of complex legal texts and mining archives oft neglected in the field this carefully researched study uncovers a shari'a that is neither a medieval holdover nor merely a pragmatic concession to the demands of a new world but rather is deeply entangled with the epistemological commitments of colonial modernity

*Handbook of Income Distribution* Anthony B. Atkinson, Francois Bourguignon, 2014-12-30 What new theories evidence explanations and policies have shaped our studies of income distribution in the 21st century Editors Tony Atkinson and Francois Bourguignon assemble the expertise of leading authorities in this survey of substantive issues In two volumes they address subjects that were not covered in Volume 1 2000 such as education health and experimental economics and subjects that were covered but where there have been substantial new developments such as the historical study of income inequality and globalization Some chapters discuss future growth areas such as inheritance the links between inequality and macro economics and finance and the distributional implications of climate change They also update empirical advances and major changes in the policy environment The volumes define and organize key areas of income distribution studies Contributors focus on identifying newly developing questions and opportunities for future research The authoritative articles emphasize the ways that income mobility and inequality studies have recently gained greater political significance **Too Black to Be Here?** Paul Thomas, 2025-07-24 The ebook edition of this title is Open Access and freely available to read online Employing an interdisciplinary approach that draws from critical race theory whiteness studies post structural and postcolonial theories Paul Thomas offers both a scholarly and personal narrative
