Fish Count Crossing Geographic Boundaries

The Great Annual Fish Count celebrated its 10th year with great success! The 2002 GARC included over 90 seminars and 300 scheduled dive events throughout REEF's survey regions. With increased international interest over the past few years, REEF changed the name of the Great American Fish Count to the Great Annual Fish Count and events took place throughout the US, British Columbia, Ontario, Cozumel, Gulf of California, Jamaica, Belize, Honduras, Bermuda, Bonaire, Bahamas, Turks and Caicos, and the Cayman Islands. The year's Fish Count truly grew into an international event with the Living Oceans Society emerging as an international leader as volunteers in British Columbia participated in 12 seminars and 33 scheduled dives.

Rob Nicholson, Leda Cunningham, Chris Osborn, Alex Score, and Peter Mack before a GARC survey dive at Old Garden Beach in Rockport, Mass.

Project in British Columbia, helped to involve new divers and reinvigorated previously trained volunteers," said Dana Haggerty, Living REEF Project Coordinator. "Our involvement in the GARC has also strengthened the partnership between Living Oceans Society and REEF."

Events to celebrate the GARC 10 year milestone included a digital photo contest with NOAA's National Marine Sanctuaries, a kick-off event with the Channel Islands National Marine Sanctuary, a 10-year anniversary celebration with the Solowagon Bank National Marine Sanctuary, and a closing event in Key West, Florida with the Florida Keys Community College Scuba Club and Artificial Reefs of the Keys (ARK).

To honor the founder of the Great American Fish Count, Dr. Gary Davis, the kick-off event took place in Santa Barbara, CA with the Channel Islands National Marine Sanctuary. Ten years ago, the Great American Fish Count was only an idea by Channel Islands Park biologist Dr. Gary Davis. It became a reality when he
