Reference Groups : Exploration Into Conformity and Deviation of Adolescents Muzafer Sherif, Carolyn W. Sherif, 1972 Reference Groups. Exploration Into Conformity and Deviation of Adolescents. (Under the Editorship of Gardner Murphy.). Muzafer SHERIF (and SHERIF (Carolyn Wood)), 1964 **Technical Report** United States. Commission on Obscenity and Pornography, 1971 **Team Effectiveness In Complex Organizations** Eduardo Salas, Gerald F. Goodwin, C. Shawn Burke, 2008-11-20 Over the past 40 years there has been a growing trend toward the utilization of teams for accomplishing work in organizations Project teams self managed work teams and top management teams among others have become a regular element in the corporation or military This volume is intended to provide an overview of the current state of the art research on team effectiveness *Social Judgment and Intergroup Relations* Donald Granberg, Gian Sarup, 2012-12-06 Social Judgment and Intergroup Relations Essays in Honor of Muzafer Sherif is a stimulating collection which paints a crisp and fascinating picture of social psychology during its decades of growth into a mature science With his important contributions in the study of social norms attitudes self concept group relations and other areas Muzafer Sherif was a key figure in the discipline Each essay in this book illustrates the lasting influence of Muzafer Sherif s seminal work in social psychology *Communication Yearbook 20* Brant R. Burleson, 2012-03-22 The Communication Yearbook annuals publish diverse state of the discipline literature reviews that advance knowledge and understanding of communication systems processes and impacts across the discipline Sponsored by the International Communication Association each volume provides a forum for the exchange of interdisciplinary and internationally diverse scholarship relating to communication in its many forms This volume re issues the yearbook from 1997 *Beginnings* Margaret B. Spencer, Geraldine K. Brookins, Walter R. Allen, 2013-04-15 How does the therapist begin psychotherapy How that is does she conceptualize the needs of the patient while simultaneously enlisting him or her as an active partner in formulating an individualized working plan And how should supervisors teach the skills needed to make the intake procedure truly the beginning of treatment In *Beginnings The Art and Science of Planning Psychotherapy* Mary Jo Peebles Kleiger tackles these and other questions in an authoritative manner that draws on the cumulative experience of the outpatient department of the Menninger Psychiatric Clinic Peebles Kleiger outlines an approach that gives equal weight to the need for a diagnostic case formulation with specific treatment recommendations and the need to make the patient an active partner in the process right from the start Clinicians of every persuasion will appreciate her sensitive discerning grasp of the dyadic interaction of the initial sessions when the therapist must refine preliminary hypotheses and simultaneously engage the patient in a process of discovery and self reflection that lays the groundwork for the therapeutic alliance Peebles Kleiger s elegant synoptic discussions of the major categories of psychological dysfunction and the different treatment strategies appropriate to them are carefully calibrated with actual examples to the limits and opportunities of the first sessions Of particular value is her unusual capacity to articulate patients

various difficulties in forming and maintaining an alliance and then to show how such difficulties feed back into the clinician's interventions in the first few sessions In this manner she illustrates how potential treatment obstacles difficulties in affect regulation in reality testing in conscience formation among others can be assessed and subjected to trial interventions from the very start Skilled in various psychodynamic and behavioral approaches from psychoanalysis to hypnotherapy Peebles Kleiger consistently advances an integrative approach that cuts across specific modalities and combines sophisticated psychodynamic understanding with the fruits of empirical research Both primer and sourcebook *Beginnings The Art and Science of Planning Psychotherapy* fills a niche in the literature so admirably that clinicians will find it indispensable in planning humanely responsive treatment in an increasingly complex therapeutic world

Radical and Marxist Theories of Crime Paul B. Stretesky, 2017-03-02 The essays selected for this volume show how radical and Marxist criminology has established itself as an influential critique since it emerged in the late 1960s Unlike orthodox criminology which emphasizes individual level explanations of criminal behavior radical and Marxist criminology emphasizes power inequality and structures especially those related to class as key factors in crime law and justice This collection of essays draws attention to the way in which structural forces shape and influence both individual and institutional for example governmental behavior highlights neglected crime corporate governmental state corporate and environmental which causes more extensive damage than the street crimes examined by orthodox criminology and discusses the ways in which law and criminal justice processes reinforce power structures and contribute to class control

Sharing the Journey Robert Wuthnow, 1996-07-01 A look at how support groups have affected American society argues that although support groups provide a warmth and security that holds society together they can lead to an unhealthy self absorption and a trivialized sense of what is sacred

Producing Queer Youth Lauren S. Berliner, 2018-06-14 Producing Queer Youth challenges popular ideas about online media culture as a platform for empowerment cultural transformation and social progress Based on over three years of participant action research with queer teen media makers and textual analysis of hundreds of youth produced videos and popular media campaigns the book unsettles assumptions that having a voice and gaining visibility and recognition necessarily equate to securing rights and resources Instead Berliner offers a nuanced picture of openings that emerge for youth media producers as they negotiate the structures of funding and publicity and manage their identities with digital self representations Examining youth media practices within broader communication history and critical media pedagogy she forwards an approach to media production that re centers the process of making as the site of potential learning and social connection Ultimately she reframes digital media participation as a struggle for rather than in itself evidence of power

Law Enforcement Assistance Administration, 1973 **Health Risks and Developmental Transitions During Adolescence** John Schulenberg, Jennifer L. Maggs, Klaus Hurrelmann, 1999-07-28 Health and well being during adolescence depends largely on the fit between the young person's developmental needs and desires and opportunities provided by the changing context In *Health Risks and Developmental Transitions* prominent researchers in the adolescent field examine how various developmental transitions associated with the passage from childhood to adulthood provide risks and opportunities for adolescents mental and physical health Given the importance of adolescence in determining the course of health and well being across the life span efforts to ease the various transitions into and out of adolescence will yield long term health benefits By focusing on the link between health risks developmental transitions individual and contextual conditions and planned interventions that moderate the link this interdisciplinary book provides the foundation for a unifying framework for research and application in health and human development **The Social Life of Avatars** Ralph Schroeder, 2012-12-06 Virtual reality VR technology has been developed commercially since the early 1990s 1 Yet it is only with the growth of the Internet and other high bandwidth links that VR systems have increasingly become networked to allow users to share the same virtual environment VE Shared YEs raise a number of interesting questions what is the difference between face to face interaction and interaction between persons inside YEs How does the appearance of the avatar as the graphical representation of the user has become known change the nature of interaction And what governs the formation of virtual communities This volume brings together contributions from social scientists and computer scientists who have conducted research on social interaction in various types of YEs Two previous volumes in this CSCW book series 2 3 have examined related aspects of research on YEs social navigation and collaboration although they do not always deal with VRIVEs in the sense that it is used here see the definition in Chapter 1 The aim of this volume is to explore how people interact with each other in computer generated virtual worlds **Social Psychology** Joanne R Smith, S Alexander Haslam, 2012-07-06 Electronic Inspection Copy available for instructors here The field of social psychology is defined by a number of classic studies that all students need to understand and engage with These include ground breaking experiments by researchers such as Asch Festinger Milgram Sherif Tajfel and Zimbardo With the help of international experts who are renowned for work that has extended upon these researchers insights this book re examines these classic studies through careful reflection on their findings and a lively discussion of the subsequent work that they have inspired Organized in a way that way maps onto the content of most introductory courses this title can work at a number of levels as an accessible text for introductory

classes that present a historical analysis of social psychology via its key studies or as a broad ranging text for higher level courses that survey contemporary theory and encourage critical thinking More generally it is a compelling read for anyone who wants to know more about social psychology and the dramatic studies that lie at its heart Anomie, Strain and Subcultural Theories of Crime Joanne M. Kaufman,2017-05-15 Anomie strain and subcultural theories are among the leading theories of crime Anomie theories state that crime results from the failure of society to regulate adequately the behavior of individuals particularly the efforts of individuals to achieve monetary success Strain theories focus on the impact of strains or stressors on crime including the inability to achieve monetary success through legal channels And subcultural theories argue that some individuals turn to crime because they belong to groups that excuse justify or approve of crime This volume presents the leading selections on each theory including the original statements of the theories key efforts to revise the theories and the latest statements of each theory The coeditors Robert Agnew and Joanne Kaufman are prominent strain theorists and their introductory essay provides an overview of the theories discusses the relationship between them and introduces each of the selections **Promoting Adolescent Health** Thomas J. Coates,Anne C. Petersen,Cheryl Perry,2013-10-22 Promoting Adolescent Health A Dialog on Research and Practice is a collection of essays that discusses the insights provided by professionals into the problems of encouraging adolescent health The book presents the open dialog between the views of pediatrics cardiologists psychologists health educators sociologists and nutrition scientists The text gives discussions from a variety of perspectives on each of six problem areas smoking drugs and alcohol sexuality coronary risk factors health risk eating behaviors and chronic disease It also discusses the factors influential in smoking onset and describes the examination of health education and health promotion adolescent medicine developmental psychology education and research methodology The book will provide valuable insights for anthropologists psychiatrists sociologists students and researchers in the field of adolescent behaviors **The Social Life of Emotions** Larissa Z. Tiedens,Colin Wayne Leach,2004-09-27 This book showcases new research and theory about the way in which the social environment shapes and is shaped by emotion The book has three sections each of which addresses a different level of sociality interpersonal intragroup and intergroup The first section refers to the links between specific individuals the second to categories that define multiple individuals as an entity and the final to the boundaries between groups Emotions are found in each of these levels and the dynamics involved in these types of relationship are part of what it is to experience emotion The chapters show how all three types of social relationships generate and are generated by emotions In doing so this book locates emotional experiences in the larger social context
