**Reflections of a Common Man** Scott Eagan, **An Uncommon Poet for the Common Man** Lolette Kuby, 2013-10-10 Critical Reflections on Poetry and Painting (2 vols.) Jean-Baptiste Du Bos, 2021-07-15 Jean Baptiste Du Bos Critical Reflections on Poetry and Painting first published in French in 1719 is one of the seminal works of modern aesthetics Du Bos rejected the seventeenth century view that works of art are assessed by reason Instead he believed audience members have sentiments in response to artworks Their sentiments are fainter versions of those they would feel in response to actually seeing what the work of art imitates Du Bos was influenced by John Locke s empiricism and in turn had a major impact on virtually every major eighteenth century contributor to philosophy of art including Voltaire Montesquieu Diderot Rousseau Herder Lessing Mendelssohn Kames Gerard and Hume This is the first modern annotated and scholarly edition of the Critical Reflections in any language *The Philosophical Reflection of Man in Literature* Anna-Teresa Tymieniecka, 2012-12-06 *Critical Reflections on Poetry* abbé Dubos (Jean-Baptiste), 1748 Soren Kierkegaard and the Common Man Jorgen Bukdahl, 2009-03-10 Originally published in 1961 this study challenges the stereotype of Kierkegaard as being socially aloof and politically conservative Bukdahl does a thorough job of contextualizing Kierkegaard in nineteenth century Denmark shedding light on his relationships with his family various religious groups and the leading intellectual figures of his time At the same time Kierkegaards fundamental interest in the plight of the common man is revealed both from his writings and his social encounters In addition to crafting a fine translation Bruce Kirmmse has expanded the usefulness of Bukdahl s work by including a significant biographical introduction informative notes identifying events and figures referenced in the text and a guide pointing readers to English translations of all of Kierkegaard s writings

**Giacomo Leopardi's Search For a Common Life Through Poetry** Frank Rosengarten, 2012-02-16 This book traces the life of Giacomo Leopardi by examining four different yet interrelated aspects his social origins and class in relation to his evolving conception of nobility the mixture of idealism and misogyny in his attitude toward women and in his conception of love his poems and prose on the theme of Italian independence and his philosophical materialism as expressed in his poetry intellectual diary and essays Frank Rosengarten pays particular attention to the ways in which the thought of Arthur Schopenhauer and Friedrich Nietzsche illuminates Leopardi s world view He also devotes a section of the book to the different personal moral and philological components of Leopardi s humanism Throughout he maintains a sharp focus on the connections between Leopardi s life and the historical period in which he lived The major themes and human concerns expressed in Leopardi s writings relate to his life experiences and to the historical period in which he lived Of central interest are nobility and love since Leopardi s perception of these two themes evolved and changed as he acquired a more general and universal conception of life This fascinating combination of classical and modern perspectives on life and literature is highlighted throughout the book **Coleridge's decline as a poet** L. D. Berkoben, 2011-10-10 No detailed description

**The Poetry of Antonio Machado** Xon de Ros, 2015 This book offers a much needed reappraisal of a major twentieth century Spanish poet Antonio Machado 1875-1939 offering compelling arguments why his poetry should have a more vital profile not only within the precincts of Hispanism but also alongside the most significant twentieth century poets of Europe and America seeking to open up new perspectives for the interpretation of his poetry The unifying concepts as the title suggests are landscape and transformation Landscape a topic barely broached in Spanish poetry before Machado is a central thematic concern in his poetry

**Kafka's Stereoscopes** Isak Winkel Holm, 2019-09-19 In 1911 Franz Kafka encountered the Kaiser Panorama a stereoscopic peep show offering an illusion of three dimensional depth After the experience he began to emulate the apparatus in his literary sketches developing a style we might call stereoscopic juxtaposing like the optical stereoscope two images of the same object seen from slightly different perspectives Isak Winkel Holm argues that Kafka's stereoscopic style is crucial to an understanding of the relation between literature and politics in Kafka's work At the level of content the stereoscopic style offers a representation of the basic order of a specific community At the level of form the stereoscopic style is structured as the juxtaposition of two dissimilar images of the same community At the level of function finally the style provokes a reconsideration and perhaps even a reconfiguration of the social order itself With insights from literary studies philosophical aesthetics and political theory Kafka's Stereoscopes offers a detailed but highly readable argument for the relevance of Kafka's literary works in today's political reality

in the early 1920s through its evolution in the 1980s to the new development at the turn of the century ending with a prospective look at the future of comparative literature in the 21st century The articles presented here reveal the author's deep understandings of the literature and culture of her own country and those of other countries A rich array of case studies and in depth theorizing make it an extremely interesting and enlightening read Prof Daiyun Yue is a prominent professor at Peking University and a leading figure in Chinese comparative literature She has served as Head of the Institute for Comparative Literature and Cultural Studies PKU 1984 1998 and the third president of the Chinese Comparative Literature Association 1989 2014 Further she is the founder of Dialogue Transcultural a much acclaimed journal of comparative literature Prof Yue approaches outstanding literature as a bridge to link people of different cultural traditions The reason why interdisciplinary literary research between two alien cultures is possible is because dialog between alien cultures along with exchange and understanding is more readily realized through literature Herein lies the value of comparative literature

**Romantic Narrative** Tilottama Rajan, 2010-12-15 Often identified with its lyric poetry Romanticism has come to be dismissed by historicists as an ineffectual idealism By focusing on Romantic narrative noted humanist Tilottama Rajan takes issue with this identification as well as with the equation of narrative itself with the governmental apparatus of the Novel Exploring the role of narrativity in the works of Romantic writers Rajan also reflects on larger disciplinary issues such as the role of poetry versus prose in an emergent modernity and the place of Romanticism itself in a Victorianized nineteenth century While engaging both genres Romantic Narrative responds to the current critical shift from poetry to prose by concentrating paradoxically on a poetics of narrative in Romantic prose fiction Rajan argues that poesis as a mode of thinking is Romanticism's legacy to an age of prose She elucidates this thesis through careful readings of Shelley's *Alastor* and his Gothic novels Godwin's *Caleb Williams* and St Leon Hays *Memoirs of Emma Courtney* and Wollstonecraft's *The Wrongs of Woman* Rajan winner of the Keats Shelley Association's Distinguished Lifetime Award and a fellow of the Royal Society of Canada is one of Romanticism's leading scholars Effective articulate and readable Romantic Narrative will appeal to scholars in both nineteenth century studies and narrative theory The Bookman ,1904
