## **Reforming Energies Sustainable Futures And Global Labour:**

**Reforming Energy** Peter Colley,1997 Discusses global trends in the energy industries and their implications for the environment jobs and the community Provides a plan of action for reforming energy markets and industries to meet employment social and environmental objectives with the aim of reducing unemployment and increasing the control people have over their working lives      The Politics of the Global Oil Industry Toyin Falola,Ann Genova,2005-09-30 The petroleum industry is among the most lucrative and most important in the world and its impact within the realm of international politics is tremendous although it can be overstated Taking a well balanced and objective approach to the complicated web of political and economic threads that make up the fabric of the oil industry Falola and Genova introduce the most salient aspects in clear language offering cogent and up to date information about the countries companies international organizations and people who shape the contemporary history of the black gold The relationship of international politics and the global oil industry affects everyone but is understood by few Taking a well balanced and objective approach to deconstructing this intricate web for those unfamiliar with the industry Falola and Genova introduce the major players in the field offering cogent and up to date information about the countries companies organizations and people who shape the contemporary history of oil They break down the essentials describing the discovery process the different types of oil and the various processes by which oil gets to the market Then they provide a brief history of the major oil producing countries followed by a discussion of OPEC and international efforts to control the price and supply of oil After setting the stage they introduce the most salient political issues that are influenced by oil namely environmental protection human rights and economic development Finally a look at each of seven major oil exporters Iraq Mexico Nigeria Norway Russia Saudi Arabia and Venezuela demonstrates that the black gold can be both a blessing and a curse for the countries that produce it Despite the need to learn how to exploit alternative energy sources before the oil runs out we will continue to be dependent on oil for the foreseeable future Today s oil demands are not only generated by such obvious activities as gassing up our cars or powering our aircraft but also from the ubiquitous technological gadgets that have infiltrated our daily lives From computer monitors to CDs from cell phones to the petroleum generated materials used in our shoes and sweaters our reliance on oil continues to grow Because price and supply are highly dependent on political events in distant countries it is essential for American consumers to understand the intricacies of this complex subject Falola and Genova demystify the industry and invite us to investigate more deeply this vital resource      **Global Energy Shifts** Bruce Podobnik,2006-01-01 This book informs readers the history of global energy use contextualizes the coal and oil scares and demonstrates how the convergence of specific geopolitical commercial and social conditions can generate rapid and far reaching transformations in the energy foundations of our world      *Challenges and Opportunities Facing Public Utilities* ,2003      **Moving Mountains** Geoffrey Russell Evans,James Goodman,Nina Lansbury,2002 Transnational mining companies are key agents of corporate

globalization They are often larger than national economies and dominate governments local peoples and their environments In response affected communities and non government organizations are creating new agendas for change and justice

*Managing the Privatization and Restructuring of Public Utilities (water, Gas and Electricity)* ,1999 Reviews the changing environment in the utilities sector with special reference to new technologies environmental requirements liberalization and privatization and their repercussions on employment working conditions and industrial relations *The Journal of Australian Political Economy* ,1996 *Labour History* ,1997 *The AusIMM Bulletin* ,1997 *Common Cause* ,2005

**Los retos y oportunidades que se plantean a los servicios públicos. Informe TMCOPU/2003** ,2003 Reviews developments and trends in social and employment issues in the sector Examines the role of multinationals the impact of mergers and acquisitions the challenge of renewable energy and sustainable development water and sanitation and the importance of social dialogue in a rapidly globalizing industry **Fuel for Change** Ian Tellam,2000-07 Written by well informed thinkers in leading NGOs this book seeks to add to the pressure on the World Bank to shift policy in favor of sustainable energy Explaining the historical development of the bank s energy policies the book outlines promising initiatives within the bank and explains why these are having little impact on mainstream energy lending The bank s energy policies have actually led to an increase in fossil fuel power plants in the ten lowest income countries While not engaging in an ideological attack on privatization the authors are concerned with how the Bank has allowed regulatory processes to be hijacked by vested interests **Education for people and the planet: Creating sustainable futures for all**
