Alexander Chubarov

Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras:

Russia's Bitter Path to Modernity Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia *The Fragile Empire* One of the key factors to Russia s distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia s Soviet development within Russia s own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former s mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states

Rivers, Memory, And Nation-building Dorothy Zeisler-Vralsted, 2014-11-01 Rivers figure prominently in a nation s historical memory and the Volga and Mississippi have special importance in Russian and American cultures Beginning in the pre modern world both rivers served as critical trade routes connecting cultures in an extensive exchange network while also sustaining populations through their surrounding wetlands and bottomlands In modern times Mother Volga and the Father of Waters became integral parts of national identity contributing to a sense of Russian and American exceptionalism Furthermore both rivers were drafted into service as the means to modernize the nation state through hydropower and navigation Despite being forced into submission for modern day hydrological regimes the Volga and Mississippi Rivers persist in the collective memory and continue to offer solace recreation and sustenance Through their histories we derive a more nuanced view of human interaction with the environment which adds another lens to our understanding of the past

Historical Dictionary of the Russian Federation Robert A. Saunders, 2019-09-20 Straddling Europe and Asia the Russian Federation is the largest country in the world and home to a panoply of religious and ethnic groups from the Muslim Tatars to the Buddhist Buryats Over the past 40 years Russia has experienced the most dramatic transformation of any modern state The second edition of *Historical Dictionary of the Russian Federation* provides insight into this rapidly developing country This volume includes coverage of pivotal movements events and persons in the late Soviet Union 1985 1991 and contemporary Russia 1991 present This second edition of *Historical Dictionary of the Russian Federation* contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students

researchers and anyone wanting to know more about Russia *Modernisation in Russia since 1900* Markku Kangaspuro, Jeremy Smith, 2006-12-27 Modernisation has been a constant theme in Russian history at least since Peter the Great launched a series of initiatives aimed at closing the economic technical and cultural gap between Russia and the more advanced countries of Europe All of the leaders of the Soviet Union and post Soviet Russia have been intensely aware of this gap and have pursued a number of strategies some more successful than others in order to modernise the country But it would be wrong to view modernisation as a unilinear process which was the exclusive preserve of the state Modernisation has had profound effects on Russian society and the attitudes of different social groups have been crucial to the success and failure of modernisation This volume examines the broad theme of modernisation in late imperial Soviet and post Soviet Russia both through general overviews of particular topics and specific case studies of modernisation projects and their impact Modernisation is seen not just as an economic policy but as a cultural and social phenomenon reflected through such diverse themes as ideology welfare education gender relations transport political reform and the Internet The result is the most up to date and comprehensive survey of modernisation in Russia available which highlights both one of the perennial problems and the challenges and prospects for contemporary Russia **Leaders of Russia and the Soviet Union** John Paxton, 2004 This reference work surveys the leaders of Russia and the Soviet Union from Michael the first Romanov tsar in 1613 through the creation and dissolution of the Soviet Union to the present day President of the Russian Federation Vladimir Putin Chronologically arranged these biographies paint a thorough yet succinct portrait of 30 leaders including discussion about the family and education of each ruler important legislation events and wars under each leader's rule and each leader's achievements and impact on Russia or the Soviet Union *Soviet Nation-Building in Central Asia* Grigol Ubiria, 2015-09-16 The demise of the Soviet Union in 1991 resulted in new state led nation building projects in Central Asia The emergence of independent republics spawned a renewed Western scholarly interest in the region's nationality issues Presenting a detailed study this book examines the state led nation building projects in the Soviet republics of Kazakhstan and Uzbekistan Exploring the degree forms and ways of the Soviet state involvement in creating Kazakh and Uzbek nations this book places the discussion within the theoretical literature on nationalism The author argues that both Kazakh and Uzbek nations are artificial constructs of Moscow based Soviet policy makers of the 1920s and 1930s This book challenges existing arguments in current scholarship by bringing some new and alternative insights into the role of indigenous Central Asian and Soviet officials in these nation building projects It goes on to critically examine post Soviet official Kazakh and Uzbek historiographies according to which Kazakh and Uzbek peoples had developed national collective identities and loyalties long before the Soviet era This book will be a useful contribution to Central Asian History and Politics as well as studies of Nationalism and Soviet Politics **Shadowlands** Meike Wulf, 2016-01-01 Located within the forgotten half of Europe historically trapped between Germany and Russia Estonia has been profoundly shaped by the violent conflicts and

shifting political fortunes of the last century This innovative study traces the tangled interaction of Estonian historical memory and national identity in a sweeping analysis extending from the Great War to the present day At its heart is the enduring anguish of World War Two and the subsequent half century of Soviet rule *Shadowlands* tells this story by foregrounding the experiences of the country's intellectuals who were instrumental in sustaining Estonian historical memory but who until fairly recently could not openly grapple with their nation's complex difficult past *Dying Unneeded* Michelle A. Parsons, 2021-04-30 In the early 1990s Russia experienced one of the most extreme increases in mortality in modern history Men's life expectancy dropped by six years women's life expectancy dropped by three Middle aged men living in Moscow were particularly at risk of dying early deaths While the early 1990s represent the apex of mortality the crisis continues Drawing on fieldwork in the capital city during 2006 and 2007 this account brings ethnography to bear on a topic that has until recently been the province of epidemiology and demography Middle aged Muscovites talk about being unneeded *ne nuzhny* or having little to give others Considering this concept of being unneeded reveals how political economic transformation undermined the logic of social relations whereby individuals used their position within the Soviet state to give things to other people Being unneeded is also gendered while women are still needed by their families men are often unneeded by state or family Western literature on the mortality crisis focuses on a lack of social capital often assuming that what individuals receive is most important but being needed is more about what individuals give Social connections and their influence on health are culturally specific In Soviet times needed people helped friends and acquaintances push against the limits of the state crafting a sense of space and freedom When the state collapsed this sense of bounded freedom was compromised and another freedom became deadly This book is a recipient of the annual Norman L and Roselea J Goldberg Prize for the best project in the area of medicine **When the World Seemed New** Jeffrey A. Engel, 2017 The untold story of how George H W Bush faced a critical turning point of history the end of the Cold War based on unprecedented access to heretofore classified documents and dozens of interviews with key policymakers Berlin 1961 Frederick Kempe, 2011-05-10 In June 1961 Nikita Khrushchev called Berlin the most dangerous place on earth He knew what he was talking about Much has been written about the Cuban Missile Crisis a year later but the Berlin Crisis of 1961 was more decisive in shaping the Cold War and more perilous It was in that hot summer that the Berlin Wall was constructed which would divide the world for another twenty eight years Then two months later and for the first time in history American and Soviet fighting men and tanks stood arrayed against each other only yards apart One mistake one nervous soldier one overzealous commander and the tripwire would be sprung for a war that could go nuclear in a heartbeat On one side was a young untested U S president still reeling from the Bay of Pigs disaster and a humiliating summit meeting that left him grasping for ways to respond It would add up to be one of the worst first year foreign policy performances of any modern president On the other side a Soviet premier hemmed in by the Chinese East Germans and hardliners in his own government

With an all important Party Congress approaching he knew Berlin meant the difference not only for the Kremlin's hold on its empire but for his own hold on the Kremlin. Neither man really understood the other both tried cynically to manipulate events. And so week by week they crept closer to the brink. Based on a wealth of new documents and interviews filled with fresh sometimes startling insights written with immediacy and drama *Berlin 1961* is an extraordinary look at key events of the twentieth century with powerful applications to these early years of the twenty first. Includes photographs. **Putin** Richard Sakwa, 2007-11-13 The new edition of this extremely well received political biography of Vladimir Putin builds on the strengths of the first edition to provide the most detailed and nuanced account of the man his politics and his profound influence on Russian politics foreign policy and society. New to this edition analysis of Putin's second term as President more biographical information in the light of recent research detailed discussion of changes to the policy process and the lites around Putin developments in state society relations including the conflicts with oligarchs such as Khodorkovsky review of changes affecting the party system and electoral legislation including the development of federalism in Russia details on economic performance under Putin including more discussion of the energy sector and pipeline politics Russia's relationship with NATO after the big bang enlargement EU Russian relations after enlargement and Russia's relations with other post Soviet states the conclusion brings us up to date with debates over the question of democracy in Russia today and the nature of Putin's leadership and his place in the world. Putin is essential reading for all scholars and students of Russian politics.

Out of Ashes Konrad H. Jarausch, 2016-08-29 A sweeping history of twentieth century Europe that examines its unprecedented destruction and abiding promise. A sweeping history of twentieth century Europe. *Out of Ashes* tells the story of an era of unparalleled violence and barbarity yet also of humanity prosperity and promise. Konrad Jarausch describes how the European nations emerged from the nineteenth century with high hopes for continued material progress and proud of their imperial command over the globe only to become embroiled in the bloodshed of World War I which brought an end to their optimism and gave rise to competing democratic communist and fascist ideologies. He shows how the 1920s witnessed renewed hope and a flourishing of modernist art and literature but how the decade ended in economic collapse and gave rise to a second more devastating world war and genocide on an unprecedented scale. Jarausch further explores how Western Europe surprisingly recovered due to American help and political integration. Finally he examines how the Cold War pushed the divided continent to the brink of nuclear annihilation and how the unforeseen triumph of liberal capitalism came to be threatened by Islamic fundamentalism global economic crisis and an uncertain future. A gripping narrative. *Out of Ashes* explores the paradox of the European encounter with modernity in the twentieth century shedding new light on why it led to cataclysm inhumanity and self destruction but also social justice democracy and peace. *Berlin 1961 Deluxe* Frederick Kempe, 2011-05-10 A breathtaking Deluxe eBook featuring forty one videos from the NBC archive including rare footage not seen in thirty years a video introduction by Tom Brokaw and a detailed timeline of events in this brilliant account of one of

the epic dramas of the Cold War In June 1961 Nikita Khrushchev called Berlin the most dangerous place in the world He knew what he was talking about Much has been written about the Cuban Missile Crisis a year later but the Berlin Crisis of 1961 was more decisive in shaping the Cold War and more perilous For the first time in history American and Soviet fighting men and tanks stood arrayed against one another only yards apart One mistake one overzealous commander and the trip wire would be sprung for a war that would go nuclear in a heartbeat On one side was a young untested U S president still reeling from the Bay of Pigs disaster On the other was a Soviet premier hemmed in by the Chinese East Germans and hardliners in his own government Neither really understood the other both tried cynically to manipulate events And so week by week the dangers grew Based on a wealth of new documents and interviews filled with fresh sometimes startling insights written with immediacy and drama *Berlin 1961* Deluxe is a masterful look at key events of the twentieth century with powerful applications to these early years of the twenty first Frederick Kempe is president and CEO of the Atlantic Council and previously spent more than twenty five years as a reporter columnist and editor for The Wall Street Journal This is his fourth book Kempe lives in Washington D C

Public Sector Leadership Jeffrey A. Raffel, Peter Leisink, Anthony E. Middlebrooks, 2009-01-01 A truly international examination of public sector leadership this book explores the ways leaders of developed nations are addressing current challenges The overriding question explored by the authors is how public leadership across the globe addresses new challenges such as security financial demographic new expectations of leaders and what public sector leadership means in the new era The book allows the reader to view a large number of situations across the globe to better understand the relation between context and leadership It integrates the two fields of leadership and public administration providing a wide ranging and complementary empirical context to the topic Transcending state centered perspectives the authors include new developments in governance and public private sector collaboration while retaining a focus on the public values involved The chapters address public sector leadership issues in a wide array of nations integrating international perspectives with a globally diverse authorship Several chapters address issues of collaboration across sectors changing roles in the New Public Management paradigm and corresponding new visions of leadership Several of the chapters are explicitly comparative including a study of mental health leadership training topics in eight nations central banking in Europe and efficiency studies in Britain Denmark and Norway The chapters can be used as thought provoking case studies as part of a supplemental text and are accompanied by substantial bibliographies Scholars students and practitioners in leadership public policy and administration and organization studies will find this volume a useful reference

Rethinking Cultural-Historical Theory Manolis Dafermos, 2018-05-17 This book is an exploration of science in the making It offers readers the opportunity to critically reflect on the process of development of Vygotsky s research program from the perspective of dialectics focusing on the dramatic process of building and rebuilding cultural historical theory Vygotsky s creative and dramatic journey is no less important than the concrete results of his research An

epistemological and historical investigation of the formulation of cultural historical theory sheds light on the process of knowledge production and reveals hidden dimensions of creativity in science

The Virtual Reality of Imprisonment in Russia Laura Piacentini, Elena Katz, 2022-04-28 In outlining the online expressions of penal life this book disrupts the conventional human encounters that underpin empirical criminological scholarship on prisons because figuratively speaking prisons in Russia are de nesting from their institutional moorings and borders Using the online world of Runet as the research site and presenting research from selectively drawn evidence gathered from secondary data from prison related websites it explores the moving walls of the prison from socio political and cultural perspectives The book discusses how prisoners and their families articulate and give meaning to their experiences when they are online and while doing so develop their rights awareness This book is a pioneering methodological criminological and theoretical study the first of its kind in global criminology and humanities and because it is forging a new path for penal scholarship cannot be all encompassing but rather acts as a map for other researchers in different fields to use It will be useful for scholars working in comparative fields and jurisdictions on the subject of prisons rights and how the internet is being utilised by prisoners their families and communities organised around prison activism

'Sovereign Democracy': The Origin Dr. Kritanjali Saikia, 2025-01-27 The book titled Sovereign Democracy The Origin delves into the concept of sovereign democracy a term that emerged in the Russian political landscape during the early 2000s The book explores the origins theoretical foundations and political implications of sovereign democracy which was promoted as a unique model of governance that emphasizes the primacy of national sovereignty over external influences Through a historical and analytical approach the book examines how sovereign democracy was developed as a response to the perceived challenges of Western liberal democracy particularly in the context of Russias post Soviet transition The book also discusses the broader implications of this concept for global politics highlighting the tensions between national sovereignty and international norms By tracing the roots and evolution of sovereign democracy the book offers insights into the political strategies that shaped contemporary Russian governance and its impact on global democratic practices The book is divided in five chapters Chapter I deals with Russian political culture which is shaped by a history of centralized power and state control provides a fertile ground for the concept of Sovereign Democracy

Genocide, Ethnonationalism, and the United Nations Hannibal Travis, 2013 Genocide Ethnonationalism and the United Nations examines a series of related crises in human civilization growing out of conflicts between powerful states or empires and indigenous or stateless peoples This is the first book to attempt to explore the causes of genocide and other mass killing by a detailed exploration of UN archives covering the period spanning from 1945 through 2011 Hannibal Travis argues that large states and empires disproportionately committed or facilitated genocide and other mass killings between 1945 and 2011 His research incorporates data concerning factors linked to the scale of mass killing and recent findings in human rights political science and legal theory Turning to potential solutions he argues that the concept of genocide

imagines a future system of global governance under which the nation state itself is made subject to law The United Nations however has deflected the possibility of such a cosmopolitical law It selectively condemns genocide and has established an institutional structure that denies most peoples subjected to genocide of a realistic possibility of global justice lacks a robust international criminal tribunal or UN army and even encourages security cooperation among states that have proven to be destructive of peoples in the past Questions raised include What have been the causes of mass killing during the period since the United Nations Charter entered into force in 1945 How does mass killing spread across international borders and what is the role of resource wealth the arms trade and external interference in this process Have the United Nations or the International Criminal Court faced up to the problem of genocide and other forms of mass killing as is their mandate **100**

Years since the Great Union of Romania Dan Dungaciu,Viorella Manolache,2019-11-06 100 Years since the Great Union of Romania is a pertinent witness to the course of Romanian political thinking It confirms that December 1918 demands to be celebrated as a fundamental historical event which imparts a prominent force to the continuing dynamics of the preposition since potentiating it not only with the structural valences of the initial moment and the starting point but also giving it the meaning of the plenary symbols of a historical act which after 100 years celebrates its establishment by reaffirming and confirming its fully mature vocation This volume is dedicated to the 100 years since the Great Union of all Romanians It will appeal to the wider academic community PhD students professors and researchers and to any reader interested in history history of political thoughts political philosophy and science or international relations *Social Movements and Democracy in the 21st Century* Dylan Taylor,2017-01-16 This book contends that the impasse of the Left today is in part a result of an anarchist common sense among activists The author argues that the vital dynamics of anarchism and social movements need to be combined with a reappraisal of the Communist party and state While cynicism towards capitalism and existing political institutions is plentiful this book argues that the Left appears mired in a reactive politics of resistance unable to formulate programmes for substantive social change Drawing insights from the history of the Left political economy contemporary critical theory and an in depth study of Occupy the author provides concrete suggestions as to how the Left might claim the twenty first century and realise a more equitable social order *Social Movements and Democracy in the 21st Century* challenges activists and scholars to rethink social movements and political organisation and to actively work towards enduring social change The book will be of interest to students and scholars of social movement studies Left theory critical theory political sociology and Marxism as well as anyone with an interest in political change

Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras Introduction

In today's digital age, the availability of Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions

of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras books and manuals for download and embark on your journey of knowledge?

FAQs About Russias Bitter Path To Modernity A History Of The Soviet And Post Soviet Eras Books
