The Right to Contraception and
Abortion in Ten World Religions

The background of the cover features a stylized illustration of three women's faces. The woman on the left has purple skin and curly hair. The woman in the center has yellow skin and straight blue hair. The woman on the right has orange skin and wavy red hair. All three have large, almond-shaped eyes and thin lips. Below the faces is a stylized globe with green landmasses and blue oceans, outlined in red. The overall style is graphic and colorful.

Daniel C. Maguire

Sacred Choices The Right To Contraception And Abortion In Ten World Religions

Michael Ryan, Les Switzer

Sacred Choices The Right To Contraception And Abortion In Ten World Religions:

Sacred Choices Daniel C. Maguire, This call to rethink major religious traditions on key topics of family planning provides a fresh underreported side of these traditions Written in a lively engaging and skilled style by a leading ethicist this guide brings expert insights of major scholars in a manageable format *God in the Corridors of Power* Michael Ryan, Les Switzer, 2009-08-25 *God in the Corridors of Power* Christian Conservatives the Media and Politics in America is a comprehensive study of Christian conservative power in America's political culture how it was achieved how it is maintained and where it is going It came about in part because of an enduring influence in the school room the seminary and in the pulpit and in part because conservatives are so skilled at using commercial and non commercial media including religious media to disseminate their views to broader audiences Though their power has waxed and waned they continue to be a potent force in public policy today The authors argue that the astonishing electoral successes of Christian conservatives at all levels of national state and local government was made possible by linking political social media and religious interests with an emerging consensus about what constitutes a conservative mindset in American politics Christian conservatives unquestionably have been the most significant component in a coalition of religious conservatives traditionalist conservatives and neoconservatives that has driven the Republican Party now for almost two generations This multifaceted understanding of Christian conservative activists in religion and politics traces the impact Christian conservatives have had on American Christianity as a whole while also examining the limitations imposed on the Christian conservative agenda by American civil religion the Constitution and case law The authors explore women's reproductive rights in the debate over contraception and abortion and gay civil rights in the debate over gay marriage and family rights The debate over intelligent design and evolution is examined in the context of the campaign to transform public school education The run up to the wars in Afghanistan and Iraq is scrutinized against the background of the declared war on terrorism While the conservative religious and secular coalition within the Republican Party began to fragment even before the end of George W Bush's first term in office it remained a powerful force in the 2004 and 2008 elections The book concludes with some thoughts about the impact of Christian conservatives in politics media and religion in the future *Status Envy* Anne Hendershott, 2017-09-08 The debate within Catholic educational circles on whether church sponsored colleges and universities perpetuate mediocrity by giving too great a priority to the moral development of students instead of scholarship and intellectual excellence continues in this book by sociologist Anne Hendershott She asserts that part of the reason for the crisis of faith within Catholic colleges is due to status envy the desire to compete with the top colleges in the country Catholic universities are generally not rated as top notch They are viewed as having a lower status than secular institutions which of course creates resentment Catholic universities in turn become more secular as they become consumed with status concerns Detailing how this resentment manifests itself on campuses Hendershott explains faculty and administrative attempts to distance universities from Catholic

ideas and curriculum Some have distanced themselves so far from their Catholic origins that the church no longer recognizes them as Catholic institutions The author questions whether even determined Catholic universities will be able to avoid the pressures to become more secular Hendershott who clearly sympathizes with the original mission of Catholic universities leads the reader through the earliest signs that Catholic colleges were beginning to lose their way in the 1960s up through the ongoing issues of feminism and homosexuality and their impact In focusing on these secular issues colleges are denying exposure to the traditional Catholic views on subjects such as homosexuality women s ordination and abortion Like all culture wars the interaction among people defines the situation The campus is a reflection of the greater culture between those who assert that there are no truths only readings and those who believe that the truths have been revealed and require constant rereading and application It is a conflict between those dedicated to the negation of the authority of Scripture and the hierarchy of the church and those proposing a renaissance of the Catholic intellect and a renewed appreciation of the church itself

The Ethics of Abortion Christopher Kaczor, 2022-09-30 The overturning of Roe v Wade makes the ethical consideration of abortion more important than ever Appealing to reason rather than religious belief this book is the most comprehensive case against the choice of abortion yet published This third edition of *The Ethics of Abortion* critically evaluates all the major grounds for denying basic rights to fetal human beings including the views of those who defend not only abortion but also post birth abortion It also provides several non theological justifications for the conclusion that all human beings including those in utero should be respected as persons This book also critiques the view that abortion is not wrong even if the human fetus is a person *The Ethics of Abortion* examines hard cases for those who are prolife such as abortion in cases of rape or in order to save the woman s life as well as hard cases for defenders of abortion such as sex selection abortion and the rationale for being personally opposed but publicly supportive of abortion It concludes with a discussion of whether artificial wombs might end the abortion debate Answering the arguments of defenders of abortion this book provides reasoned justification for the view that all intentional abortions are ethically wrong and that doctors and nurses who object to abortion should not be forced to act against their consciences Updates and Revisions to the Third Edition Include Discusses Ahas Burin s 2014 essay *Beyond Pragmatism Defending the Bright Line of Birth* in chapter 3 Incorporates into chapter 8 David Boonin s cogently argued 2019 book *Beyond Roe Why Abortion Should be Legal Even if the Fetus is a Person* Expands chapter 9 to examine tragic cases in which prenatal diagnosis determines with certainty that a fetus will die shortly after birth Includes an updated and expanded section in chapter 11 on recent debates about conscience protections Considers in chapter 12 recent arguments that parents have a right to kill if the product of conception is in an artificial womb Updates statistics on numbers of abortions in the United States including corrections to statistics that were once thought true but are now known as erroneous Updated bibliography

Abortion in the United States Dorothy E. McBride, Jennifer L. Keys, 2018-07-20 Distinctive in its use of two disciplinary lenses sociology and political science Abortion

in the United States provides a balanced scholarly analysis of the most salient issues in the pro life pro choice debate According to the CDC more than 660 000 legal abortions were performed in the United States in 2013 yet despite these numbers or perhaps because of them the abortion war rages on in state legislatures in Congress and in court rooms This work offers an eye opening look at the enduring cultural clash between reproductive rights activists who have argued that access to safe legal abortion is critical for ensuring women s equality and impassioned activists seeking to overturn Roe v Wade who fervently believe that abortion is unethical Written for high school and college students as well as for general audiences seeking to better understand opposing viewpoints it gives readers essential background information and addresses persistent questions regarding the abortion debate The new Perspectives chapter features the compelling voices of those engaged in the front lines of this battle alongside those of scholars from a range of disciplinary perspectives Notable activists and leading advocacy groups are profiled followed by the latest data on abortion rates and public opinion Carefully curated documents and recommended news outlets websites documentaries and academic readings invite continued exploration

Mourning the Unborn Dead Jeff Wilson,2009-01-21 Many Western visitors to Japan have been struck by the numerous cemeteries for aborted fetuses which are characterized by throngs of images of the Bodhisattva Jizo usually dressed in red baby aprons or other baby garments and each dedicated to an individual fetus Abortion is common in Japan and as a consequence one of the frequently performed rituals in Japanese Buddhism is mizuko kuyo a ceremony for aborted and miscarried fetuses Over the past forty years mizuko kuyo has gradually come to America where it has been appropriated by non Buddhists as well as Buddhist practitioners In this book Jeff Wilson examines how and why Americans of different backgrounds have brought knowledge and performance of this Japanese ceremony to the United States Drawing on his own extensive fieldwork in Japan and the U S as well as the literature in both Japanese and English Wilson shows that the meaning and purpose of the ritual have changed greatly in the American context In Japan mizuko kuyo is performed to placate the potentially dangerous spirit of the angry fetus In America however it has come to be seen as a way for the mother to mourn and receive solace for her loss Many American women who learn about mizuko kuyo are struck by the lack of such a ceremony and see it as filling a very important need Ceremonies are now performed even for losses that took place many years ago Wilson s well written study not only contributes to the growing literature on American Buddhism but sheds light on a range of significant issues in Buddhist studies interreligious contact women s studies and even bioethics

A Love for Life Dennis R. Di Mauro,2008-06-20 Is abortion ethical The answer to this question is often obscured by rhetoric slogans and politics And the media message on abortion is often of little help When the typical American opens up her morning newspaper she sees the topic debated between pro lifers and pro choicers but receives little information that could help her make an informed moral decision And as she reads further about the subject it seems that the Christian church often an ethical guide in many of her decisions is of no use to her Sadly she is told that the church is just as divided as the rest of

society on the topic So our average American is left to fend for herself She must somehow decide the right answer with little guidance from society from the church or even from God himself But is our average American really without guidance Has she gotten all the information she needs about abortion or has she received only the five second sound bite that leaves her as confused as she was before she heard about the abortion debate And has God been silent on the abortion question Has the church really shown a diversity of opinion on the sanctity of life A Love for Lifewill provide Christians with the biblical and historical information that they need to make an informed decision on the abortion question It will also take a critical and biblically based look at the arguments and theologies of today s most prominent pro choice clergy And it will determine if abortion really fulfills the will of God as many pro choice Christians believe or whether abortion is a clearly sinful act In short readers of A Love for Lifewill discover the realmessage of the church on abortion *Religion in America Since 1945* Patrick Allitt,2003 Identifying the major trends and telling moments within both major denominations and other less formal religious movements Allitt asks how these religious groups have shaped and been shaped by some of the most important and divisive political issues and events of the last half century including the Cold War the Civil Rights Movement the Vietnam War feminism and the sexual revolution abortion rights and the antinuclear and environmentalist movements **The Human Drama of Abortion** Aníbal Faúndes,José Barzelatto,2006 Abortion 101 an accessible account of abortion practices and ethical issues around the globe for students activists and policymakers Deeply touched by the tragedies of botched abortions that they witnessed as medical students and young physicians in Chile in the 1940s and later around the world the authors have attempted in their professional lives and now in this book to establish a framework for dialogue to replace the polarization that exists today Doctors Faundes and Barzelatto use their decades of international work to document the personal experiences of different classes of women in different countries and those countries policies and practices No other book provides such a comprehensive and reasoned examination of the entire topic of abortion from the medical to the religious and ethical and from the psychological to the legal in plain language understandable by non specialists The central thesis is that there are too many induced abortions in the world today that most are preventable and should be prevented a middle ground that both pro life and pro choice advocates can accept The first part of the book reviews why women have abortions as well as the magnitude and consequences The second part examines values The third part discusses effective interventions The final part states conclusions about what can be done to reach a necessary social consensus The Portuguese edition of this book was issued at the very end of 2004 The Spanish edition launched in mid 2005 is already in a second printing The authors are making presentations at special events sponsored by universities professional associations and feminist networks in Argentina Chile Mexico Peru Uruguay Colombia the Dominican Republic and the United States

Hope for Common Ground Julie Hanlon Rubio,2016-05-02 Much like the rest of the country American Catholics are politically divided perhaps more so now than at any point in their history In this learned but accessible work for scholars

students and religious and lay readers ethicist Julie Hanlon Rubio suggests that there is a way beyond red versus blue for orthodox and progressive Catholics In a call for believers on both sides of the liberal conservative divide to put aside labels and rhetoric Rubio a leading scholar in marriage and family for more than twenty years demonstrates that common ground does exist in the local sphere between the personal and the political In *Hope for Common Ground* Rubio draws on Catholic Social Thought to explore ways to bring Catholics together Despite their differences Catholics across the political spectrum can share responsibility for social sin and work within communities to contribute to social progress Rubio expands this common space into in depth discussions on family fragility poverty abortion and end of life care These four issues though divisive are part of a seamless worldview that holds all human life as sacred Rubio argues that if those on different sides focus on what can be done to solve social problems in the space between or local communities opposing sides will see they are not so far apart as they think The common ground thus created can then lead to far reaching progress on even the most divisive issues and help quiet the discord tearing apart the Church

Secular Bodies, Affects and Emotions Monique Scheer, Nadia Fadil, Birgitte Schepelern Johansen, 2019-01-10 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com Taking its cue from the study of lived religion *Secular Bodies Affects and Emotions* shows how the idea of a secular public is equally marked by a display and cultivation of affect and emotions Whereas it is widely agreed that religion is often saturated by emotion the secular is usually treated as a neutral background serving as the domain of public rational deliberation This book demonstrates that secularity and secularism are also upheld by bodily practices and emotional attachments Drawing on empirical case studies this is the first book to ask and explore whether a secular body exists Building on the work of Talal Asad the book argues that the secular is not an absence of religion but a positive entity that comes about through its co constitutive relationship with religion And once we attune ourselves to recognizing its operations as grammar which structures social practice writing an anthropology of the secular could become a new possibility

Catholic Moral Theology and Social Ethics Christina Astorga, 2013-12-01 Proposing a new method for moral theology Christina Astorga seeks to recast our understanding of the discipline by drawing from the faith vision of the entire theological enterprise including scripture dogmatic theology social ethics and spirituality

Birth Control David E. Newton, 2019-12-02 *Birth Control A Reference Handbook* provides a breadth and depth of discussion about birth control throughout human history and in the modern day with attention paid to the controversies related to it *Birth Control A Reference Handbook* covers the topic of birth control from the earliest pages of human history to the present day The book is divided into two parts The first two chapters provide a historical background to the topic and a review of current issues and problems The remainder of the book consists of chapters that aid the reader in continuing her or his own research on the topic such as an extended annotated bibliography chronology glossary noteworthy individuals and organizations in the field and important data and documents This book differs from other works on its subject primarily

because of the variety of resources provided such as further reading perspective essays on the topic a historical timeline and useful terms in the field It is intended for readers of high school through the community college level along with adult readers who may be interested in the topic

Abortion Melody Rose,2008-01-30 This thought provoking reference work explores the evolution of America's heated abortion debate in a selection of over 40 primary documents from the 19th century to the present day The guide includes not only key laws and court cases that have determined abortion policy but also political speeches medical essays theological writings newspaper advertisements magazine articles and popular books that offer insight into America's changing attitudes towards women race the medical field and the role of government in its citizens personal lives Each document is preceded by an introduction and is followed by analysis to help readers understand its significance and historical context Today abortion is America's most contentious political and religious rallying point Yet 150 years ago it was a virtual non issue quietly performed for centuries by women and midwives What changed This thought provoking reference work explores the evolution of America's abortion debate in a balanced selection of over 40 primary documents by doctors feminists religious leaders politicians extremists and judges from the 19th century to the present day This guide not only examines the key laws and court cases like Roe v Wade and the Partial Birth Abortion Ban that have determined abortion policy but offers insight into America's changing attitudes towards women race the medical field and the role of government in its citizens personal lives Memoirs of early abortion providers excerpts from popular women's self help books the complete text of Pope Paul VI's *Humanae Vitae* and personal writings from key liberal and conservative figures on both sides of the debate provide a more complete picture of an issue that is deeply personal deeply divisive and anything but clear cut A straightforward and accessible book ideal for both students and general readers looking to expand their understanding of one of the most complicated and still unresolved issues of our day Each excerpt is preceded by a brief explanation of its significance and followed by author analysis to help readers understand its implications and the historical context in which it was written Readers gain direct access to America's most important legal papers and transcripts on abortion complimented by a well rounded view of the public beliefs and sentiments that have fueled abortion debates Suggestions for further reading conclude each chapter perfect for research or to guide interested readers in their search for material The front matter includes a Timeline of major events in abortion history and the back matter offers a Bibliography of 50 titles on abortion and over 30 Web links

Abortion and America's Churches Daniel K. Williams,2025-10-01 Abortion and America's Churches explores the surprising history of how American Christians think about abortion Many people assume that Christians have steadfastly condemned abortion throughout the United States's history Daniel K Williams overthrows all assumptions about the unity consistency or simplicity of American Christian thought and belief in this groundbreaking new book He demonstrates that churches in the United States have fought among themselves and with the wider culture as they developed and enforced their stance on abortion revealing major struggles to define their often

changing positions Far from a cynical exercise of political interest changes and disagreements arose from serious theological considerations informed by each tradition's approach to the faith These theological shifts and corresponding shifts in interreligious political alliances led to the changing fortunes of Roe v Wade By capturing the fascinating and complicated history informing each faith's position *Abortion and America's Churches* restores much needed context to the sharp polarization over abortion today Searching for the Future in the Past Keun-joo Christine Pae, Kathleen T.

Talvacchia, 2024-11-14 Inclusive and progressive theological and religious perspectives have an important and distinctive contribution to make to an analysis of the critical issues facing women identified persons in the 21st century This incisive collection of essays recovers the missing theological voices grounded in those religious communities and traditions which gender and sexuality studies often overlook Feminist theologies have from their beginnings aspired to be the communal production of women identified persons who critically reflect on their experiences in the contexts of culture social standpoint religious practices and beliefs and imagination of the Feminine Divine Pae and Talvacchia draw from this heritage to engage the critical issues of today to create new perspectives They create an intellectual and discursive space where feminist theologians in all of their diversity renew and reclaim the rich legacies of the feminist theological tradition through intergenerational racially diverse and transnational conversation Just Belonging: A Pagan View of Love, Sex, and Relationships Shanddaramon,

Christian Ethics Stivers, Laura, A., Martin-Schramm, James B., 2020-08-15 The fifth edition of this classic introduction to Christian ethics via the case method approach utilizing case studies of contemporary ethical issues Marriage and Modernization Don S. Browning, 2003-03-20 The processes of modernization and globalization promise more wealth and health for many people But they are also a threat to the stability and quality of marriage and family life This new book at once sobering and constructive looks at the impact of these processes on marriage and asks what Christianity in cooperation with other religions can do to strengthen married life today Among the deleterious effects of modernization and globalization on marriage are a worldwide drift of men away from the responsibility of parenthood and the tendency of mothers too readily to take on the task of childrearing alone After looking at recent research on these and other problems Don Browning suggests that the cure for modern marital disruption entails reforming and reconstructing the institution of marriage while also nurturing relevant forms of social support Yet the effort to initiate a world marriage revival requires a complex cultural work and Browning explores the key contributions that the religions of the world must make for such an effort to be successful **Decision Assessment and Counseling in Abortion Care** Alissa C. Perrucci, 2012-03-21

In today's contentious political environment surrounding abortion clinicians counselors and social workers need a clear framework for providing skilled compassionate decision counseling They need help working with the hard stuff What do I do when my patient asks me if God will forgive her or What do I say when a woman says that she feels like she's killing her baby These are the questions asked by clinicians and mental health professionals everywhere these are also the questions for

which this book offers answers The fields of healthcare and counseling psychology have long awaited a manual for conducting pregnancy decision counseling across the spectrum of patient issues employee skill levels and clinic resources Using case examples individual and group exercises guided self reflection and values clarification the reader will develop the necessary skills to provide compassionate and informed pregnancy decision counseling This book will define the gold standard for decision assessment and counseling for all pregnancy options and will be cited as the definitive guide for learning teaching and providing high quality compassionate counseling in abortion and family planning clinics nationwide

Sacred Choices The Right To Contraception And Abortion In Ten World Religions Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Sacred Choices The Right To Contraception And Abortion In Ten World Religions PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books

Sacred Choices The Right To Contraception And Abortion In Ten World Religions

can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Sacred Choices The Right To Contraception And Abortion In Ten World Religions PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Sacred Choices The Right To Contraception And Abortion In Ten World Religions free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Sacred Choices The Right To Contraception And Abortion In Ten World Religions Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.

Sacred Choices The Right To Contraception And Abortion In Ten World Religions
