Social Origins of the Iranian Revolution Misagh Parsa, 1982

Inside the Iranian Revolution John D. Stempel, 1981 In this Second Edition of Inside the Iranian Revolution first published in 1981 author John Stempel describes his experience and insight as a U S Foreign Service Officer in Tehran from 1975 1979 He then continues with an updated chapters to describe what we can draw from the experiences of three

decades ago and apply to the current diplomatic relationship between the U S and Iran John Stempel is a Foreign Service officer who was stationed in Tehran through the early stages of the Iranian revolution he left four months before the hostages were taken Mr Stempel explains the strength and weaknesses that accumulated through the Shah s reign Among the latter he says was the Shah s alternating between attempts to build genuine political support for his regime and reliance on the repressive tactics of his secret police Mr Stempel s concluding chapters are effective He suggests that the Shah might have survived by being simultaneously more liberal and more ruthless by offering more than a token of political participation to opposition groups but then punishing those who would not support the liberalized regime On the American side Mr Stempel points out the slowness to develop intelligence sources among opposition groups and the contradictory signals sent to the Shah Mr Stempel also implies that once the hostage situation reached deadlock the United States should have come more quickly to the recognition that military force was necessary Amazon com

The Unthinkable Revolution in Iran Charles Kurzman,2005-09-06 The shah of Iran Mohammad Reza Pahlavi would remain on the throne for the foreseeable future This was the firm conclusion of a top secret CIA analysis issued in October 1978 One hundred days later the shah despite his massive military fearsome security police and superpower support was overthrown by a popular and largely peaceful revolution But the CIA was not alone in its myopia as Charles Kurzman reveals in this penetrating work Iranians themselves except for a tiny minority considered a revolution inconceivable until it actually occurred Revisiting the circumstances surrounding the fall of the shah Kurzman offers rare insight into the nature and evolution of the Iranian revolution and into the ultimate unpredictability of protest movements in general As one Iranian recalls The future was up in the air Through interviews and eyewitness accounts declassified security documents and underground pamphlets Kurzman documents the overwhelming sense of confusion that gripped pre revolutionary Iran and that characterizes major protest movements His book provides a striking picture of the chaotic conditions under which Iranians acted participating in protest only when they expected others to do so too the process approaching critical mass in unforeseen and unforeseeable ways Only when large numbers of Iranians began to think the unthinkable in the words of the U S ambassador did revolutionary expectations become a self fulfilling prophecy A corrective to 20 20 hindsight this book reveals shortcomings of analyses that make the Iranian revolution or any major protest movement seem inevitable in retrospect *From Palace to Prison* Ehsan

Naraghi,1994 The Islamic Revolution in Iran Hamid Algar,Kalim Siddiqui,1980 Iran's Revolution Rouhollah K. Ramazani,1990 The recent uproar over the publication of Salman Rushdie s Satanic Verses has once again focused world attention on the fundamentalist Iranian Revolution In this concise clear readable volume six of the world s leading authorities describe and analyze key aspects of the Revolution Iran s Revolution provides an excellent overview and analysis of the Iranian Revolution at the ten year mark *The Iranian Revolution and the Islamic Republic* Woodrow Wilson International Center for Scholars,Middle East Institute (Washington, D.C.),1982 The Return of the Ayatollah Muhammad Hasanayn

Haykal,1983 *Days of God* James Buchan,2013-10-15 A myth busting insider s account of the Iranian Revolution of 1979 that destroyed US influence in the country and transformed the politics of the Middle East and the world The 1979 Islamic revolution in Iran was one of the seminal events of our time It inaugurated more than thirty years of war in the Middle East and fostered an Islamic radicalism that shapes foreign policy in the United States and Europe to this day Drawing on his lifetime of engagement with Iran James Buchan explains the history that gave rise to the Revolution in which Ayatollah Khomeini and his supporters displaced the Shah with little difficulty Mystifyingly to outsiders the people of Iran turned their backs on a successful Westernized government for an amateurish religious regime Buchan dispels myths about the Iranian Revolution and instead assesses the historical forces to which it responded He puts the extremism of the Islamic regime in perspective a truly radical revolution it can be compared to the French or Russian Revolutions Using recently declassified diplomatic papers and Persian language news reports diaries memoirs interviews and theological tracts Buchan illuminates both Khomeini and the Shah His writing is always clear dispassionate and informative The Iranian Revolution was a turning point in modern history and James Buchan s *Days of God* is as London s Independent put it a compelling beautifully written history of that event [Six Theories about the Islamic Revolution's Victory](#) Sadegh Haghighat,2000 *Tell the American People* David H. Albert,1980 *The Iranian Revolution and the Islamic Republic* Woodrow Wilson International Center for Scholars. Washington, DC.,1982 [The Iranian Revolution, Updated Edition](#) Heather Wagner,2021-09 On January 16 1979 the shah of Iran left the country he had ruled for more than 37 years The streets of Tehran Iran s capital filled with celebration as the news spread that the hated monarchy had been overthrown The revolution in Iran led by Ayatollah Ruhollah Khomeini was sparked by many factors including a widening gap between the different classes of Iranian society an aggressive campaign of modernization an ambitious program of land reform and the brutality of the shah s oppressive regime Illustrated with full color and black and white photographs and accompanied by a chronology bibliography and further resources The Iranian Revolution Updated Edition explains how the revolution s role in propelling Iran from a monarchy to a theocracy dramatically altered life in Iran and how its aftermath continues to shape the politics of the Middle East today Historical spotlights and excerpts from primary source documents are also included **The Iranian Revolution** Charles River Charles River Editors,2018-03-12 Includes pictures Profiles Ayatollah Khomeini and his ideology and leadership before during and after the Revolution Highlights the causes key events and effects of the Revolution Includes footnotes and a bibliography for further reading The Iranian Revolution of 1979 has been described as an epochal event called the peak of 20th century Islamic revivalism and revitalization and analyzed as the one key incident that continues to impact politics across Iran the Middle East and the even the world as a whole As a phenomenon that led to the creation of the first modern Islamic Republic in the world the revolution marked the victory of Islam over secular politics and Iran quickly became the aspiring model for Islamic fundamentalists and revivalists across the globe regardless of nationality culture or religious sect

When Ayatollah Khomeini was declared ruler in December 1979 and the judicial system originally modeled on that of the West was swiftly replaced by one purely based on Islamic law much of the world was in shock that such a religiously driven revolution could succeed so quickly especially when it had such sweeping consequences beyond the realm of religion. Revolutions are nothing new but most revolutions especially those in the West have tended to remain secular. Even when religious ideology and themes were present as in the English Civil War of the 1640s these were not dominant driving forces behind the revolution nor were they a significant factor in its immediate results. Even outside the West this has mostly proven to be true: the nationalist revolution and war for independence in Turkey led by Mustafa Kemal Atatürk was a battle for separation of church and state that called for democratic principles of equality and the result was the formation of a modern and secular Turkey. However the revolution that swept across Iran proved to be starkly different from past revolutions of the world. Its most influential leaders came from the orthodox clergy and its most pronounced important goals were the ouster of the monarch who was deemed anti-Islam and blasphemous and the complete return of Iranian government and society to fundamental Islamic principles. As one of the leading scholars on Iran Nikki R. Keddie wrote this revolution was aberrant, refusing to fit into the theoretical and academic ideas of what modern revolutions should be like. Yet there is no doubt that the Iranian Revolution ultimately led to a complete overhaul and restructuring of the age-old political, economic, social, religious, and ideological orders in Iran. Former Iranian Finance Minister Jahangir Amuzegar put it aptly: "The historical oddity, if not uniqueness of the Iranian revolution can be seen in its four salient features: its unforeseen rapid rise, its wide base of urban support, its vague ideological character, and above all its ultimate singular objective to oust the Shah." Furthermore, while the focus of the revolution was primarily about Islam, the revolution was also colored by disdain for the West, distaste for autocracy, and a yearning for religious and cultural identity. Though these are features of many other revolutions, the Iranian one was particularly unprecedented in the suddenness and rapidity of its occurrence as well as the sheer amount of mass popular support it gained. Much of the world, including the U.S. and its Western allies, were initially caught off guard by the sudden occurrence and unanticipated strength of the revolution. The Islamic Revolution That Reshaped the Middle East explores the events leading up to the Iranian Revolution as well as the political, economic, social, and religious characteristics of Iran before 1979. It also looks at the revolution and the lasting influence it has had both domestically and globally. **The**

Roots of the Islamic Revolution Hamid Algar, 1983-01-01 **Creating an Islamic State** Vanessa Martin, 2000-07-28

How did the Ayatollah Khomeini create his Islamic state? What were the ideas which drove him and his movement? What organisation and methods helped bring him to power? This extraordinary book is the first to analyse the ideological roots of an Islamic state as conceived by the Ayatollah Khomeini. Surprisingly, the author finds much of the inspiration behind Khomeini's political thinking being influenced by western sources, his writings on the supreme Islamic Jurist being affected by Plato's notions of the philosopher king, and his views of state power and centralism being closely linked to his understanding of

Marxist Leninist totalitarianism Vanessa Martin makes a groundbreaking contribution on the dynamics of the Iranian Revolution and the Islamist revival especially relevant in the context of the debated arising out of Irans recent elections

Reporting a Revolution John V. Vilanilam, 1989

Getting the books **Secrets Of The Iranian Revolution Jaamejam Televisions Open Forum** now is not type of challenging means. You could not single-handedly going in imitation of books accrual or library or borrowing from your associates to approach them. This is an definitely easy means to specifically get guide by on-line.
