Guide to the American Occult ,1991 The Skeptical Inquirer ,1978 *Astrology, Mysticism and the Occult* Laird M. Wilcox,1980 **Competence of the Mysterious Civilization Builder of Gunung Padang** Adhitya Dwipayana Raspati,2022-12-18 The Independent Research Integrated Team is a group of scientists who carried out archaeological research on the Gunung Padang Megalithic Site from 2011 to 2014 using relevant modern methodologies in archaeological research In their research they found several anomalies and findings that were beyond imagination including on the outside of the giant Punden Berundak construction of Gunung Padang found ancient cement ancient metallurgy anti earthquake construction system building orientation strong magnetic anomaly on one of the top terraces artefacts made of composite materials that have one magnetic pole transmitter keystone rolling stone and so on In addition on the inside of Gunung Padang a large geological element object has a high level of hardness that has a high magnetic field four rooms a water channel and it is estimated that there is some kind of hydroelectric energy generator The absolute age of Gunung Padang is based on the results of an independent laboratory analysis which coincides with the last ice age The civilization of the builders and users of Gunung Padang in its time was not a primitive civilization it is very possible they are an established civilization and are on the cusp of science that may be wiped out by natural disasters and erased in human history *GIZA LEGACY* Rico Paganini,2021-08-11 Will humans overcome their technical material worldview and find their way back to the freedom of the spiritual world This can only succeed if we can realign with the lost legacies of ancient times and can decipher that wisdom Scientists and spiritual explorers alike are striving to penetrate the hidden worlds of Giza The discoveries they have made are nothing short of breathtaking Some may suspect it while others already know Here both in and below the pyramids lies the key to a liberating truth for all those who seek it the GIZA LEGACY In this groundbreaking book Rico Paganini provides a fascinating overview of developments and discoveries involving the pyramids and the Sphinx Modern technology combined with spiritual sensing abilities enabled him to penetrate spheres that have been blocked until now In the course of two excursions to Egypt over a period of seven years a world shattering realization came to him The real secret of the pyramids has never yet even been recognized It has little to do with how they were built and their incomprehensible size and geometry but instead it has to do with their metaphysical significance and their function as a guidepost to the subterranean world beneath them In this book the author takes us along on some of his expeditions He meticulously documented all that he experienced in photographs and sketches The book features hundreds of photographs as well as maps and 3D graphics which give us an impression of the structures found both aboveground and belowground in Giza and of newly discovered chambers and even the legendary Hall of Records Giza Legacy paints a picture of a fascinating world in which the meaning of Giza is placed in a greater context that goes far beyond the borders of Egypt It is nothing less than a new or rediscovered human history traced far back to the lost continents of Atlantis and Lemuria The clues are there for all

to see wherever the ancient megalithic structures remain And the clues extend far beyond the distant past into the cosmos and the far off constellations of Orion Sirius and the Pleiades Rico Paganini reveals the correlations that have until now been taboo In a fascinating and methodical manner he opens our eyes to the spiritual world behind the mundane material one showing us how through archeological discoveries we can gain access to an entirely new worldview However a shadow has been cast upon the historical remains of the three ancient cultures For years and with increasing tempo a far reaching wall is being built around the pyramids and Sphinx The impressively documents the dimensions and significance of this dramatic development For if they are here both inside and beneath the structures the answers to great questions of humanity lying hidden then should scientific and spiritual researchers remain excluded from their discovery Who or what lies behind the ridiculously extensive Giza Wall Where do we come from Where are we going This book will affect those who ask themselves such questions It is not just an extremely thorough report on the world wonders in Egypt but a report about the spiritual hope of humankind
