Luminous E. Bell, 2013-09-18 *Luminous* tells the story of a sixteen year old girl whose burden is not boys clothes or school She has the burden of saving the world Lucia Carboni was born into a cult the Ascended Ones whose plan is to depopulate the world so they can take over and make the remaining survivors their slaves The year is 2049 and she is living out her mission which is to be sent to school with what her cult refers to as the Others and be somewhat of a spy Here she develops friendships with the very people her people seek to destroy and therefore she makes a bold decision to run to New York City She is immune to her cult's brainwashing and with her inability to be mind controlled she can pose as an alter and seek proof for the world of the Ascended Ones Plan On her journeys she embraces spirituality and begins to realize that much of what she understands of the world is fiction created by the Ascended Ones as part of their suppressive plan to weaken society and dominate and the plan is nearing completion

XIII Kristina Konstantinova, 2015-03-05 XIII is a collection of short stories that circle around one number and the girl that bears it proudly in black ink under her skin It is a simple roman numeral followed by thirteen lines The lines are all there to represent a story and how a life has been changed Real life is simple There is no climax no great adventure no fighting and explosions around every corner and no magic that will make everything better at the most opportune moment But real life is also hard and impossible to explain Most importantly life continues through the commercials and past the happily ever after Yet there are things in it almost like fiction hard to accept as real And although shown through stories and fantasies there are some things that must always be Such as love pain and obsession After all without all of those how could such a simple number hold so many people captive
