The Seeker's Guide to Faith J. Peter Baumgarten, 2020-11-23 The Seeker's Guide to Faith confronts and answers the thirteen principal arguments against God that are now advanced by modern secularist movement sometimes called New Atheism using the powerful insights and teachings of The Church of Jesus Christ of Latter day Saints There are many books written to encourage faith for people who are experiencing doubts about God generally However this book is the only one of its kind by a Latter day Saint author that directly and specifically challenges all the main arguments against faith in God that are now aggressively asserted by the belligerent modern secular movement Its uniqueness is enhanced by the fact that the doctrines and teachings of The Church of Jesus Christ of Latter day Saints are used whenever applicable to effectively answer the challenges raised by this movement This author believes that the unique teachings and insights of the Church are better suited than those of any other faith for answering those challenges Furthermore the author's professional and volunteer activities have afforded him the opportunity to know and work with people of nearly all religious backgrounds in nearly all walks of life Recent experiences have led him to examine the reasons many apparently intelligent people reject faith His legal background and training have aided him in spotting and understanding the weaknesses and flaws of the logical underpinnings of atheism His Gospel upbringing as a member of The Church of Jesus Christ of Latter day Saints has helped him see through the fog of the dogma and arguments of atheism to the More Excellent Way afforded by the Gospel's plan of happiness He hopes The Seeker's Guide to Faith will help others who stand at the crossroads of their doubts to find their faith in Heavenly Father and His Son Jesus Christ *The Seeker's Guide to Saints* Mitch Finley, 2016-03-09 Who were the saints and what is it about them that causes people all over the world to remember them What were their stories motivations passions and shortcomings This informative delightful inspiring book reveals the truth behind the misconceptions and the mystique in a survey of saints throughout the history of the Church The stories included here emphasize that although the saints were often flawed and quirky individuals what made them saintly above all else was their dedication to faith They had a passionate extraordinary pull out all the stops devotion writes award winning Catholic author Mitch Finley and a desire for truth that is not unlike our own *The Seeker's Guide* Elizabeth Lesser, 2008-11-18 In 1977 Elizabeth Lesser cofounded the Omega Institute now America's largest adult education center focusing on wellness and spirituality Working with many of the eminent thinkers of our times including Zen masters rabbis Christian monks psychologists

Sadleir,1992 This one stop guide details the history ideology and practices of over 100 religions and spiritual traditions and teachers from around the world From Christianity to Krishna Consciousness from Alcoholics Anonymous to Zoroastrianism this guide briefly describes each group's major tenets tells who to call for more information and includes suggestions for further information An unbiased reporting **The Two-Edged Gospel** Gerald O'Mahony,2005-08-01 **How to Read the Bible Without Losing Your Mind** Kent Blevins,2014-03-10 Does reading the Bible sometimes leave you confused Do you have difficulty seeing the relevance of the Bible to modern concerns or to important issues in your life Do you believe Bible reading and intellectual inquiry are mutually exclusive This book explores how the Bible can serve as a resource for discovering truth It provides a method that accepts and incorporates the

knowledge gained from modern scholarship while also recognizing that truth discovery is a personal multifaceted journey It honors the integrity of Scripture while remaining open to insight from additional truth sources In exploring what we mean when we speak of the Bible s authority it is honest about the challenges presented to modern readers by the cultural chasm separating the biblical writers from today s world How to Read the Bible Without Losing Your Mind shows how the Bible can be read with full engagement of both mind and heart Outgrowing Church, Second Edition John Killinger,2019-10-23 Why are so many people drifting away from today s churches John Killinger suggests that part of the problem is that they have personally outpaced the thinking and understanding of the church so that they no longer find it adequate as a social structure for the celebration of their faith In their attempts to find Jesus and his teachings relevant within the new culture they strike out on their own or adhere to para Christian organizations that retain an allegiance to Jesus without the baggage of the traditional institution Killinger a former big steeple minister and theologian describes how he himself has been forced essentially to abandon the church in order to remain faithful to the beliefs and ideals that first drew him into it **Hidden Gospels** Philip Jenkins,2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity The Gospel of Sâdhu Sundar Singh Friedrich Heiler,1927 *Preaching the Gospel of John* Lamar Williamson,2004-01-01 In this accessible treatment of the major themes of the Gospel of John renowned New Testament scholar Lamar Williamson blends the best of biblical scholarship and a close reading of the Fourth Gospel to meet the practical needs of weekly preaching A more reflective Gospel in which the risen Jesus speaks in signs and discourses John does not simply tell stories but allows us to experience the Word and to see Jesus offering living water to the aridity of the institutional church and bread to the hungry hearts of individual disciples More than mere exposition Preaching the Gospel of John includes at the end of each passage three to five possibilities for preaching the text creative and pertinent suggestions that can help preachers apply the words of the Fourth Gospel to the lives of today s churchgoers Proclaiming the living Word is a major theme of the Gospel of John and this clear and insightful commentary captures that message in the preaching moment International Handbook of the Religious, Moral and Spiritual Dimensions

in Education Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 Traditionally spirituality has resided and been contained within religious frameworks but while the links between the two areas are still acknowledged by many in the contemporary world spirituality is perceived by some as an aspect of human life that is distinct from religion Consequently many are searching for meaning within and without religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion One outcome is the renewed interest in the religious spiritual and moral dimensions of education throughout the life cycle This International Handbook presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education The result is a collection of essays which reflects the discipline in all of its internationality as it as today Embedded within the chapters is also an agenda for the future where the religious moral and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society As well it offers a vision for the emergence of a peaceful and just world *How to Lead a Seeker Bible Discussion* Rebecca Manley Pippert, 2003-05-29 Rebecca Manley Pippert shows you how to start and lead a seeker Bible discussion so that you can truly make a difference in the lives of your friends neighbors and coworkers A Saltshaker Resource Truth Seeker: Mormon Scriptures & the Bible Warren M Mueller, 2014-02-10 Are Mormons Christians What do they believe How do their beliefs compare with other Christian religions I have been impressed by the dedication of Mormon missionaries the beauty of the Mormon Tabernacle Choir and the majestic architecture of Mormon temples I have known several Mormons and they seem to be family oriented people who live out their faith in tangible ways As American culture drifts towards situation ethics and values based on surveys Mormons are like other Christians in that they tend to be conservative and look to their Church and Scriptures for guidance This interest and curiosity led me to study Mormon scriptures and compare them with the Bible Each chapter of Truth Seeker Mormon Scriptures The Bible is a summary of each of the books that make up The Book Of Mormon The Pearl of Great Price and Doctrines Covenants This is followed by a discussion of internal inconsistencies differences from the Bible and historical problems In order to provide a balanced discussion the views of a devout Mormon Dr Jordan Jensen are included Brigham Young University and Latter day Saint LDS web sites were used to answer questions I still had after completing my review and to fill in gaps in my understanding of some doctrines and beliefs The result of these efforts is a book that provides insights into Mormonism and how it compares and deviates from other Christian churches The essence of the deviations are founded in the idea that Mormonism extends clarifies and sometimes replaces Biblical teachings based on revelations given to Joseph Smith and subsequent LDS prophets **Jesus' Way** Pastor David J. Bowers, 2009-12
