How Then Shall We Guide? Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri-perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis

Short Term Spiritual Guidance Duane R. Bidwell, This book represents a significant departure from most contemporary writing about spiritual direction While most writers focus on long term

relationships of guidance specifically envisioning long listening sessions Bidwell changes focus Spiritual direction he insists typically requires intervention in a specific crisis or situation or question is not formal lasts fewer than five sessions and must be actively and intentionally focused on the person's growth Bidwell's work shows what spiritual directors can learn from the short term therapy model especially about enabling people briefly but effectively to learn to listen on their own and with others for God's presence Focusing on how God is already active in the directee's life allows the participants to identify God's action and respond in ways that collaborate with that identified movement of the Spirit

Meditation as Spiritual Therapy Matthew McWhorter, Matthew R. McWhorter, 2024 Christian persons today might seek spiritual development and ponder the benefit of mindfulness exercises but also maintain concerns if they perceive such exercises to originate from other religious traditions Such persons may not be aware of a long tradition of meditation practice in Christianity that promotes personal growth This spiritual tradition receives a careful formulation by Christian monastic authors in the twelfth century One such teaching on meditation is found in the treatise *De consideratione* written by St Bernard of Clairvaux d 1153 to Pope Eugene III d 1153 In textual passages where St Bernard exhibits a clear concern for the mental health of the Pope due to numerous ongoing ecclesial political and military problems St Bernard reminds Eugene III of his original monastic vocation and the meditation exercises associated with that vocation The advice that St Bernard gives to Eugene III can be received today in a way that provides a structure for Christian meditation practice which is relevant for personal development spiritual direction and civil psychotherapy that integrates a client's spirituality into the course of treatment St Bernard thus might be interpreted as a teacher of a kind of Christian mindfulness that can benefit both a person's mental health as well as a person's relationship with God *Meditation as Spiritual Therapy* examines the historical context of Bernard's work his purpose for writing it as well as the numerous Christian sources he drew upon to formulate his teaching Bernard's teaching on the course
