Pentecostals In Crisis:

Pentecostals in Crisis Ron Auch, 1988 **Pentecostal Theology** Wolfgang Vondey, 2017-07-13 Winner of the Pneuma Book Award 2018 from The Society for Pentecostal Studies Pentecostalism is the most rapidly growing branch of Christianity since the 20th century yet it does not lend itself well to a singular doctrine and there is therefore no single comprehensive account of Pentecostal theology worldwide In this volume Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God The book unfolds in two main parts illustrating the full gospel story and theology Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology formulate a Pentecostal theology of action translate apply and exemplify Pentecostal practices and experiences and integrate Pentecostal theology in the wider Christian tradition **Beyond Pentecostalism** Wolfgang Vondey, 2010-09-23 The Pentecostal Manifestos series aims to speak for and to a rising outward looking generation of Pentecostal scholarship Written by both established and newly emerging scholars the various manifesto volumes are to be creative statements marked by rigorous theological scholarship reflecting a distinctly Pentecostal engagement with wider themes and concerns in Christian thought today **Power, Politics, And Pentecostals In Latin America** Edward L Cleary, 2018-02-07 Today over forty million Latin Americans classify themselves as Protestant of which the overwhelming majority belong to some form of Pentecostalism The rapid dissemination of Pentecostal beliefs has produced vibrant alternatives to traditional dominant culture and changed relations within the family locality and workplace This volume introduces broad issues in the Pentecostal movement including gender relations political power and organization and inter Pentecostal and ecumenical relations These themes are then examined more specifically in the country case studies which address the historical foundations of the Pentecostal movement patterns of and explanation for its growth and the consequences of its expanding presence including increased political influence *Towards a Pentecostal Eschatology* Larry R. McQueen, 2019-05-21 Growing out of the need to articulate an eschatology that is consistent with the theological beliefs spiritual experience and hermeneutical insights of the Pentecostal movement this volume applies an interdisciplinary approach to the subject integrating historical biblical and theological studies After providing a comprehensive review of the current state of Pentecostal eschatology the study explores the periodical literature of the earliest years of the movement understanding this period to be the heart or originating source of the tradition Drawing upon insights gained from this exploration the boundaries for discerning a contemporary Pentecostal eschatology are established and a constructive biblical theological contribution to this subject is offered focused upon a fresh reading of Revelation 21 22 and framed around the narrative testimony of the fivefold gospel that emerges from the heart of the tradition *Middle Class Pentecostalism in*

Argentina Jens Köhrsen, 2016-04-08 In *Middle Class Pentecostalism in Argentina* Jens Köhrsen offers an intriguing account of how the middle class relates to Latin America's most vibrant religious movement. Based on pervasive field research, this study suggests that Pentecostalism stands in tension with the social imaginary of the middle class and is perceived as an inappropriate lower class practice. As such, middle class Pentecostals negotiate the appropriateness of their religious belonging by demonstrating distinctive tastes and styles of Pentecostalism. Abstaining from the expressiveness, emotionality, and strong spiritual practice that have marked the movement, they create a milder and socially more acceptable form of Pentecostalism. Increasingly turning into a middle class movement, this style has the potential to embody the future shape of Pentecostalism.

The Brazilian Popular Church and the Crisis of Modernity Manuel A. Vasquez, 1998 This 1997 study explores one of the most dramatic current interactions between religion and politics: the development of progressive Catholicism in Latin America. In particular, it examines economic, social, and religious obstacles to progressive theology in Brazil. This popular church built a utopian vision of social emancipation drawing on Catholic social thought, humanistic Marxism, and existentialism. It was a major democratizing force as Brazil emerged from dictatorship in the late 1970s. In the 1980s, however, the popular appeal of progressive Catholicism came under threat. Focusing on a Catholic community near Rio de Janeiro, Manuel A. Vasquez's incisive study shows how economic and political changes have affected religious practices and argues that the plight of progressive Catholicism in Brazil forms part of a wider crisis of modernity and of humanist discourses.

Karl Barth and Pentecostal Theology Frank D. Macchia, Terry L. Cross, Andrew K. Gabriel, 2024-02-08 The essays in this volume evaluate and build on Barth's theology from the perspective of Pentecostal theology and thereby contribute to constructive Pentecostal systematic theology by using Barth as a valuable dialogue partner. At present, a theological conversation of Pentecostals with Barth does not exist, and this volume fills this void. More widely, it will aid all those who seek a convergence of the Word and the Spirit in theology. Barth and Pentecostals share some important common theological interests. Barth's mature theology has a decidedly christological emphasis. Likewise, historically, Pentecostals have often spoken of a full gospel with an emphasis on Christ as savior, healer, baptizer in the Spirit, and soon and coming King, with some Pentecostal traditions also adding a fifth emphasis on Christ the sanctifier. Furthermore, near the end of his life, Barth anticipated the possibility of a theology of the third article, a theology where the Holy Spirit would dominate and be decisive. The realization of Barth's dream is no doubt coming to pass in part through the development of Pentecostal theology in as much as pneumatological theology exploring how pneumatology affects, supplements, and might reform other doctrines is an emerging paradigm for Pentecostal theology.

Pentecostal Spirituality Steven J. Land, 1993-01-01 In this classic book, leading Pentecostal scholar Steven J. Land offers a constructive and controversial interpretation, a re-vision of the Pentecostal tradition. As Pentecostalism approaches its centennial, Land argues that the early years of the movement form the heart, not the infancy, of its spirituality, and he emphasizes the crucial importance of its

Wesleyan Holiness and nineteenth century revivalist restorationist roots Land's foundational study includes an account of the relationship of spirituality and theology a description and analysis of Pentecostal beliefs and practices a demonstration of how these beliefs and practices are integrated into Pentecostal affections a trinitarian definition of Pentecostal Spirituality arguing that a passion for the kingdom of God is ultimately a passion for God Himself Pentecostal Orthodoxy Emilio Alvarez,2022-09-06 In this manifesto of sorts Bishop Emilio Alvarez introduces the phenomenon of Pentecostals returning to the ancient creedal Christian faith and extends the project of paleo orthodox ressourcement to include orthodox expressions within Pentecostalism particularly in his own Afro Latino Pentecostal movement **Types of Pentecostal Theology**

Christopher A. Stephenson,2016-10 In this the first critical study of the major theologians of pentecostalism Christopher A Stephenson establishes four original categories that classify recent pentecostal theologians methodologies in systematic constructive theology *Perspectives in Pentecostal Eschatologies* Peter Althouse,Robby Waddell,2012-03-29 This collection of essays from established scholars and rising stars offers fresh perspectives in eschatology for the Pentecostal and Charismatic movements The fresh readings of eschatology in this volume are valuable because they demonstrate that Pentecostals no longer need to look to others to interpret their theology for them but can stand as scholars and thinkers in their own right **Speaking in Tongues: A Critical Historical Examination** Philip E. Blosser,Charles A.

Sullivan,2022-09-16 In three carefully researched volumes this ground breaking study examines the gift of tongues through 2 000 years of church history Starting in the present and working back in time these volumes consider 1 the modern redefinition of tongues as a private prayer language 2 the church's perennial understanding of tongues as ordinary human languages and 3 the Corinthian tongues which in light of Jewish liturgical tradition turn out to have been a foreign liturgical language Hebrew or Aramaic requiring bilingual interpreters In the first volume the authors establish that modern glossolalia far from being a supernatural gift enjoyed by certain believers since the time of Pentecost and undergoing a resurgence in modern times has no precedent in church life prior to the nineteenth century They discuss why German theologians responding to the Irvingite revival coined the term glossolalia in the 1830s why Pentecostals between 1906 8 quietly began redefining tongues to mean a heavenly language unintelligible to human beings but pleasing to God instead of foreign languages useful for evangelism why Protestant cessationists believed miraculous tongues had ceased and why interpolated idioms like unknown tongues in Protestant Bibles were aimed originally at Rome's use of Latin

Pentecostals and Roman Catholics on Becoming a Christian Karen Murphy, 2018-05-23 In *Pentecostals and Roman Catholics on Becoming a Christian* Dr Karen Murphy explores the fifth round of the International Roman Catholic Pentecostal Dialogue 1998 2006 Discussing Spirit baptism faith conversion experience and discipleship Dr Murphy notes areas in which the Dialogue has evolved since its inception in 1972 She unpacks the commonalities that bond Catholics and Pentecostals and examines theological divergences and challenges to dialogue While Catholics approach becoming a Christian from a sacramental perspective most Pentecostals think of Christian initiation in non sacramental or conversionist terms a reality that fosters ongoing tensions between the two traditions Dr Murphy reveals how Catholics and Pentecostals seek to overcome this dichotomy by honoring spirituality and experience as integral to the ecumenical encounter
