

We the People of the United States, in order to form a more perfect Union, establish domestic Tranquillity, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.

Article I

Section 1. All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

Section 2. The House of Representatives shall be composed of Members chosen every second Year by the People of the several States, and the Electors in each State shall have the Qualifications requisite for Electors of the most numerous Branch of the State Legislature.

No Person shall be a Representative who shall not have attained to the Age of twenty five Years, and seven Years a Citizen of the United States, and who, when elected, shall not, when elected, be an Inhabitant of that State in which he shall be chosen.

Representatives and direct Taxes shall apportioned among the several States which may be included within this Union, according to their respective Numbers, which shall be determined by adding to the whole Number of free Persons, including those bound by Contract for Service or Labour, and excluding Indians not taxed, three fifths of all other Persons. The actual Enumeration shall be made within three Years after the first Meeting of the Congress of the United States, and within every subsequent Term of ten Years, and the Number shall be increased or decreased by the said Congress. The House of Representatives shall elect one-fifth of the Members thereof, and the Electors in each State shall have the Qualifications requisite for Electors of the most numerous Branch of the State Legislature. The House of Representatives shall choose their Speaker and other Officers, and shall have the sole Power of Impeachment.

When vacancies happen in the Representation from any State, the Executive Authority thereof shall issue writs of Election to fill such Vacancies. The House of Representatives shall choose their Speaker and other Officers, and shall have the sole Power of Impeachment.

Section 3. The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof for six Years, and each Senator shall have one Vote.

Immediately after they shall be assembled in Congress of the first Meeting, they shall be divided as equally as may be into three Classes. The Seats of the Senators of the first Class shall be vacated at the Expiration of the second Year of the second Congress, the Seats of the Senators of the second Class at the Expiration of the fourth Year, and the Seats of the Senators of the third Class at the Expiration of the sixth Year, so that one-half may be chosen every second Year, and if Vacancies happen by Resignation or otherwise, during the Term of the Expiration of which the Seats of the Senators shall be vacated, the Executive Authority thereof may fill such Vacancies until the next Meeting of the Legislature, which shall then fill such Vacancies.

People The Constitution:

The People's Constitution John F. Kowal,2021-09-21 The 233 year story of how the American people have taken an imperfect constitution the product of compromises and an artifact of its time and made it more democratic Who wrote the Constitution That s obvious we think fifty five men in Philadelphia in 1787 But much of the Constitution was actually written later in a series of twenty seven amendments enacted over the course of two centuries The real history of the Constitution is the astonishing story of how subsequent generations have reshaped our founding document amid some of the most colorful contested and controversial battles in American political life It s a story of how We the People have improved our government s structure and expanded the scope of our democracy during eras of transformational social change The People s Constitution is an elegant sobering and masterly account of the evolution of American democracy From the addition of the Bill of Rights a promise made to save the Constitution from near certain defeat to the post Civil War battle over the Fourteenth Amendment from the rise and fall of the noble experiment of Prohibition to the defeat and resurgence of an Equal Rights Amendment a century in the making The People s Constitution is the first book of its kind a vital guide to America s national charter and an alternative history of the continuing struggle to realize the Framers promise of a more perfect union

W. F. Hegel,2008-07-10 What is rational is actual and what is actual is rational Hegel s Outlines of the Philosophy

of Right is one of the greatest works of moral social and political philosophy. It contains significant ideas on justice, moral responsibility, family life, economic activity, and the political structure of the state, all matters of profound interest to us today. Hegel's aim is to lay out the various forms that human freedom must take on if it is to be true freedom. He seeks to show that genuine human freedom does not consist in doing whatever we please but involves living with others in accordance with publicly recognized rights and laws. Hegel demonstrates that institutions such as the family and the state provide the context in which individuals can flourish and enjoy full freedom. He also demonstrates that misunderstanding the true nature of freedom can lead to crime, evil, and poverty. His penetrating analysis of the causes of poverty in modern civil society was to be a great influence on Karl Marx. Hegel's study remains one of the most subtle and perceptive accounts of freedom that we possess. This new edition combines a revised translation with a cogent introduction to his work.

High atop the Rhode Island capitol in Providence a bronze likeness of The Independent Man keeps watch over a state that historically has put the ideal of individual liberty before all others. Like many ideals, this one was freighted with many meanings. As the colony grew in the seventeenth century, the belief in religious liberty and freedom of conscience espoused by its founder Roger Williams led to the development of political liberty and practical democracy. In the eighteenth century, that dedication to individualism made Rhode Islanders into businessmen of the first order, willing to take the big risk in hope of a bigger reward. Their land being poor in natural resources, Rhode Islanders turned to trade, accumulating wealth from traffic in rum and slaves they built in Newport and Providence, small but elegant copies of Georgian England, and worried more about taxes and currency than about religion. When they felt poorly served by British policies, they became ready revolutionaries and led in the founding of a new nation. After the Civil War, their children took individual liberty to mean economic laissez

faire ushering in the state's golden age when Rhode Island senator Nelson Aldrich became known as the general manager of the United States. Through countless changes in the twentieth century the ideal still survives and asks old questions of new generations of Rhode Islanders from many ethnic backgrounds: How best to reconcile the rights of minorities with the rule of the majority and how best to secure the individual liberty and economic opportunity that Roger Williams and Moses Brown would have understood so well.
