Philosophy Of Education Since Mid Century:

Philosophy of Education Since Mid-century Jonas F. Soltis, 1981-01-01 *Philosophy of Education Since Mid-century* Harry S. Broudy, 1979 Philosophy of education since midcentury Jonas F. Soltis, 1981 Educational Theory in the 21st Century Yusuf Alpaydın, Cihad Demirli, 2022-05-30 This open access book reviews the effects of the twenty first century scientific technological and social developments on the educational theory The first part handles the subject focusing on technology and educational philosophy In the second part the implications of new human and social conceptions towards the education paradigms are examined In the chapters of the last part of the book more practical dimensions of education are discussed Transforming school designs school management learning teaching approaches and teacher competencies are discussed in the context of broader social cultural and technological changes *Historical Dictionary of American Education* Richard J. Altenbaugh, 1999-10-30 The history of American education is a vital and productive field of study This reference book provides factual information about eminent people and important topics related to the development of American public private and parochial schools covering elementary and secondary levels In addition to major state and regional leaders and reformers it includes biographies of significant national educators philosophers psychologists and writers Subjects embrace important ideas events institutions agencies and pedagogical trends that profoundly shaped American policies and perceptions regarding education The more than 350 entries are arranged alphabetically and written by expert contributors Each entry closes with a brief bibliography and the volume ends with a list of works for further reading Entries were drawn from a review of leading history of education textbooks and the History of Education Quarterly These topics were further refined by comments from leading authorities and the contributors Most of the contributors are established scholars in the history of education curriculum and instruction school law educational administration and American history a few also work as public and private school teachers and thus bring their practical experience to their entries The period covered begins in the colonial period and continues through the 1990s *Philosophy of Education in Historical Perspective* Adrian M. Dupuis, Robin L. Gordon, 2010-03-23 Education students are continually asked to reflect upon their own philosophy of education and how it relates to their teaching practice *Philosophy of Education in Historical Perspective* Third Edition focuses on major educational philosophies that have had an impact on Western education and helps the reader to make sense of past and current trends and to place them in a historical context This third edition is updated to correspond with the increasingly swift changes that have been taking place in education As we move forward into the twenty first century it is hard to recall that only twenty years ago computers were not part of standard classroom equipment This widely accessible edition will update the second with another look at postmodernism as it has continued to develop in the past fifty years

Handbook of Education Policy Research Lora Cohen-Vogel, Peter Youngs, Janelle Scott, 2025-07-17 The second edition of the Handbook of Education Policy Research the largest volume published in AERA's history addresses a variety of policy

and contextual issues in early childhood K 12 and postsecondary education that have received extensive empirical attention during the past 15 years With the pandemic and social turmoil as a backdrop the editors build on the breadth and depth of the first edition while expanding the scope of the project to include subjects methods theories and analyses that have contributed powerfully to the study of education policy and politics in the 2010s and 2020s The field has become more comprehensive and inclusive and the authors represent a diversity of racial ethnic and gender identities and intellectual and disciplinary orientations Most chapters come from multiple authors reflecting the multi sourced development of research in education policy since the first volume was published This compilation consists of 70 chapters and nine commentaries that map past present and future directions of the field and richly attend to critical issues of interest to students researchers policy makers and practitioners

Philosophy of Education in Dialogue between East and West Masamichi Ueno, 2023-07-31 This edited book opens a dialogue on theories and philosophies of education between the East and the West in the era of globalisation A great deal of research has been devoted to discussion of the ideas of Western theorists such as Plato Aristotle Locke Rousseau Kant Fr bel Herbert Dewey Piaget and so on and their thoughts have had a tremendous impact on Japanese educational practices In addition the 21st century society has promoted international academic standardisation of knowledge skills and competencies for a knowledge based economy making great strides in educational development for globalisation On the other hand East Asia has retained its own unique insights and perspectives that cannot entirely be understood by Western philosophies of education alone The contributors to this volume offer the reader insights into how Japanese and East Asian theories and philosophies of education encounter those from the West by taking up heated and controversial issues such as education of caring morality nature catastrophe body and cultivation art language politics democracy and modernity The book will appeal

to researchers teachers students policymakers and anyone interested in the theory and philosophy of education in the East or those who would like to reconsider education in a multicultural society This book won the Philosophy of Education Society of Australasia PESA Book Award for 2024 **Discipleship or Pilgrimage?** Tony W. Johnson,1995-01-01 This interpretive history and critique of educational philosophy offers a reexamination and reconstruction of John Dewey s vision

Advanced Educational Foundations for Teachers Donald K. Sharpes,2013-10-11 Sharpes approach synthesizes historical philosophical and cultural standpoints The text contains practical teaching applications alongside theory and an integrated emphasis of diversity and other multicultural themes It also covers the history of schooling from ancient times to the present including biographies of major non Western figures as well as the canon of educational innovators *Higher Education* ,1981 **Contemporary Philosophies of Adult Education** Barbara Ann Warren,1991 **Whitehead and Philosophy of Education** Malcolm D. Evans,1998 That process philosophy can be the foundation of the theory and practice of educating human beings is the main argument of this book The process philosophy of Alfred North Whitehead 1861 1947 is the particular thinking on which this book is based Readers are shown that Whitehead s process philosophy provides a frame a conceptual matrix that addresses their concerns about education and offers direction for their educative acts Whitehead theorized that all living entities are connected in some way Relatedness connectedness and holism are recurring themes in this exploration of Whitehead s implied philosophy of education Whitehead never wrote a philosophy of education but his writings over a period of nearly thirty years reveal a persistent interest and concern with education His work ranging from Introduction to Mathematics 1911 to Adventures of Ideas 1938 is drawn on here to construct not Whitehead s philosophy of education but a Whiteheadian philosophy of education Whitehead and Philosophy of Education brings to scholars and students of education an understanding of Whitehead as an important figure in philosophy particularly philosophy of education an acquaintance with process philosophy a brief treatment of Whitehead s life and an account of events and experiences that influenced his philosophizing and an exploration of the educationally salient concepts found in Whitehead s formal and informal philosophy with special attention to Whitehead s ideas about creativity process rhythm wisdom and knowledge Whitehead writes of phases of the rhythm of education romance precision and generalization The book is organized with attention to these three phases Part One Romance introduces readers to Whitehead the person and the change of context for educating from a mechanistic world view to an organismic one Part Two Precision examines Whitehead s writings as they relate to process philosophy and to educating Part Three Generalization is an application of the explorations of Parts One and Two yielding a construction of a Whiteheadian philosophy of education and suggestions for educational practice **Democracy's High School** William G. Wraga,1994 The comprehensive high school model emerged from the early 20th century struggle for a unitary as opposed to a dual system of secondary education and was outlined in the report of the Commission on the Reorganization of Secondary Education The Cardinal Principles of Secondary Education

1918 In this study Wraga traces the development of the model in the United States evaluating among other things the influence of sociopolitical forces on the historical interpretations of the model In the first book length historical study of the comprehensive high school he assesses the impact of successive reform movements on the model and offers recommendations for enhancing its effectiveness **A New History of Educational Philosophy** James

Kaminsky,1993-02-28 Kaminsky provides a new intellectual history of educational philosophy in the context of a comparative examination of educational philosophy in the United States Britain and Australasia Throughout his work he challenges those involved with educational philosophy to take a different view of the discipline and its intellectual mission Kaminsky argues that the intellectual mission of education is different from that of philosophy He believes that the legitimate audience of educational philosophy is made up of professional educators The new history of educational philosophy suggests a profound alignment with social science the discipline being part of an attempt to define and realize a social politic for the Common School The conduct and invention of philosophy of education in Britain is drawn from an attempt to restore the classical reassurances of the English concept of a liberal education to the conduct of teacher education in particular and the conduct of English versions of education in general In Australasia Kaminsky argues the discipline was initially dependent upon the work of R S Peters and the establishment of the university study of education in Britain Later developments are attributed to a defensive two class politics that came out of convictry and began to find expression in Old and New Left politics in the late 1960s and beyond In offering a new interpretation of educational philosophy which traces its origins to both social science and philosophy Kaminsky has provided a work of value to all involved with educational philosophy Religion and Culture in Dialogue Janis Talivaldis Ozolinš,2016-04-12 This volume addresses the issue of the human encounter with the Mystery of God and the purpose of human life It explores major themes from diverse cultural and philosophical traditions starting with questions about the possibility of belief in God His transcendence as seen in both East and West and ending with questions about ethics and about personhood human dignity and human rights Taking an eclectic approach the chapters in this book each uniquely address aspects of the human encounter with the Mystery of God drawing from specific cultures and traditions and using a particular philosophical and theological style Together the chapters provide a fresh approach and a synergy that ensures that each topic contributes something new to the dialogue between religion and culture **Philosophies of**

Catholic Education James Arthur,2024-05-31 This seminal volume takes an interdisciplinary approach to presenting an authoritative account of contemporary philosophies of Catholic education intersecting the substantive boundaries of education religious studies philosophy and theology to ultimately re examine these philosophies and reinvigorate the authentic aspects of the Catholic educational endeavour Against the backdrop of an increasingly volatile debate between liberal and conservative values within Catholic educational and theological settings chapters provide a thorough and judicious blending of historical accuracy with contemporary urgency Combining a diversity of knowledge and historical

account including discussion on Thomism Christian existentialism and ideologically oppositional philosophies the book argues that philosophies of Catholic education are in a new process of evolution necessary in order to justify the aims and priorities of Catholic education This book will be of value to academics scholars teachers and researchers with an interest in Roman Catholicism and the philosophy of education Those more broadly interested in exploring the intersection between education philosophy and religion will also find the volume of use The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
