### **The Art of Christian Alchemy**

Roger Corless,2008-10-01 The Art of Christian Alchemy is a witty and provocative book that explores in twentieth century terms the spiritual yearnings of modern people It is a magic tour through evolutionary theory and the bi cameral brain with detours into such areas as handicrafts dieting and sex But in all of these travels Roger Corless is tracking down an ancient and rich vein The Spiritual life he says is the transfiguration of the ordinary Through prayer meditation and ascetical practices we can take the ordinary stuff of life and change it into something more noble just as alchemists of old sought to transform base metals into gold The key to this transfiguration is the threefold way of work listening and praise outlined by St Benedict in the sixth century and still practiced by communities of Benedictines in the U S and elsewhere Corless initiates us into their method Ultimately he brings us to the place where St Francis Teilhard de Chardin Buddha Benedict and Jesus dwell together at the table of unity
