*The Reenchantment of Nineteenth-Century Fiction* D. Payne, 2005-05-23 An ambitious weave of ideological literary and commodity history The Reenchantment of Nineteenth Century Fiction shows how Dickens Thackeray and George Eliot sacralized Victorian modernity in two contradictory ways by incarnating their moment as one of transcendent development and by reenacting bloody rituals from a fading Protestant past Both the magnitude and the brevity of their success make these works exemplary for our own era caught between the archaic gods of traditional religion and the still mysterious ones of market society     Advertising, Subjectivity and the Nineteenth-Century Novel S. Thornton, 2015-12-04 From 1830 to 1870 advertising brought in its wake a new understanding of how the subject read and how language operated Sara Thornton presents a crucial moment in print culture the early recognition of what we now call a virtual world and proposes new readings of key texts by Dickens and Balzac     Serialization and the Novel in Mid-Victorian Magazines Catherine Delafield, 2016-03-03 Examining the Victorian serial as a text in its own right Catherine Delafield re reads five novels by Elizabeth Gaskell Anthony Trollope Dinah Craik and Wilkie Collins by situating them in the context of periodical publication She traces the roles of the author and editor in the creation and dissemination of the texts and considers how first publication affected the consumption and reception of the novel through the periodical medium Delafield contends that a novel in volume form has been separated from its original context that is from the pattern of consumption and reception presented by the serial The novel's later re publication still bears the imprint of this serialized original and this book's investigation into nineteenth century periodicals both generates new readings of the texts and reinstates those which have been lost in the reprinting process Delafield's case studies provide evidence of the ways in which Household Words Cornhill Magazine Good Words All the Year Round and Cassell's Magazine were designed for new audiences of novel readers *Serialization and the Novel in Mid Victorian Magazines* addresses the material conditions of production illustrates the collective and collaborative creation of the serialized novel and contextualizes a range of texts in the nineteenth century experience of print     *Legitimacy and Illegitimacy in Nineteenth-Century Law, Literature and History* M. Finn, M. Lobban, J. Bourne Taylor, 2010-06-30 This innovative book draws together literature law and economic and social history to investigate the meanings and uses of legitimacy in nineteenth century Britain This broad range of essays highlights the ways in which contested narratives and interested performances shaped the idea of legitimate authority during this period     Dickens to Hardy 1837-1884 Julian Wolfreys, 2007-06-27 This authoritative survey examines how the Victorian middle classes perceived themselves through analyses of the literature of the period Asking how the middle classes distinguished themselves from their forbears Julian Wolfreys reads in detail major novels by Charles Dickens Elizabeth Gaskell Wilkie Collins George Eliot Thomas Hardy Wolfreys explores the novelists constructions of modernity national identity and their understanding of becoming historical in distinction from that of previous generations He offers illuminating close readings of texts and

Unlike other Victorian novelists George Eliot rarely incorporated stock market speculation and fraud into her plots but meditations on money finance and economics in relation both to individual ethics and to wider social implications infuse her novels This volume examines Eliot s understanding of money and economics its bearing on her moral and political thought and the ways in which she incorporated that thought into her novels It offers a detailed account of Eliot s intellectual engagements with political economy utilitarianism and the new liberalism of the 1870s and also her practical dealings with money through her management of household and business finances and in later years her considerable investments in stocks and shares In a wider context it presents a detailed study of the ethics of economics in nineteenth century England tracing the often uncomfortable relationship between morality and economic utility experienced by intellectuals of the period
