Matthews, 2005 Author Gary Matthews documents why he believes that the Revelation of Baha u llah is divine in origin representing a unique summons of unequalled importance to humanity The book contains discussions of Baha i prophecies concerning historical events and scientific discoveries Among the events and discoveries discussed are the fall of the Ottoman Empire the worldwide erosion of ecclesiastical authority the Holocaust and the development of nuclear weapons A new and updated edition The previous edition George Ronald was a limited release and not offered to the U S trade consumer market Seeking Faith Nathan Rutstein, 2002 Many people express a need for spiritual fulfillment but are troubled or at best put off by what is often and loosely called organized religion This is especially true today when once venerated institutions and trusted public figures have become subjects of investigation sources of disappointment and worse People fear becoming victims of crime and alter their daily lives to avoid it Terrorism committed in the name of religion and political causes painfully reminds us of how human capacities can be turned with devastating results against ourselves At times much of the world appears to be in a state of decay and sources of spiritual strength seem scattered and elusive Nathan Rutstein understands this His book Seeking Faith Is Religion Really What You Think It Is describes his personal search for purpose and meaning in life a search that led him to the Baha i Faith and its distinctive perspective on the past its reassuring understanding of the present and its confident vision of the future **The Hidden**
