Thoreauvian Modernities François Specq,Laura Dassow Walls,Michel Granger,2013-02-01 Does Thoreau belong to the past or to the future Instead of canonizing him as a celebrant of pure nature apart from the corruption of civilization the

essays in Thoreauvian Modernities reveal edgier facets of his work how Thoreau is able to unsettle as well as inspire and how he is able to focus on both the timeless and the timely Contributors from the United States and Europe explore Thoreau's modernity and give a much needed reassessment of his work in a global context The first of three sections Thoreau and Non Modernity views Thoreau as a social thinker who set himself against the modern currents of his day even while contributing to the emergence of a new era By questioning the place of humans in the social economic natural and metaphysical order he ushered in a rethinking of humanity's role in the natural world that nurtured the environmental movement The second section Thoreau and Philosophy examines Thoreau's writings in light of the philosophy of his time as well as current philosophical debates Section three Thoreau Language and the Wild centers on his relationship to wild nature in its philosophical scientific linguistic and literary dimensions Together these sixteen essays reveal Thoreau's relevance to a number of fields including science philosophy aesthetics environmental ethics political science and animal studies Thoreauvian Modernities posits that it is the germinating power of Thoreau's thought the challenge it poses to our own thinking and its capacity to address pressing issues in a new way that defines his enduring relevance and his modernity Contributors Kristen Case Randall Conrad David Dowling Michel Granger Michel Imbert Michael Jonik Christian Maul Bruno Monfort Henrik Otterberg Tom Pughe David M Robinson William Rossi Dieter Schulz François Specq Joseph Urbas Laura Dassow Walls *Federal Register*, 2013-07
