The New Age Bible Erik Cloud, 2015-11-03 This magical literature full of religious logic metaphysical common sense and supernatural wisdom has given way to a new astrological star chart reading fashioned formidably from a keyed up individuals molded mind body and soul all the while exposed to everyday occurrences such as light and dark positive and negative genetics and environment ECT The key used for utility coded in our modern day western zodiac four basic elements and three states confronts many everyday problems such as health money love and self defense in an importable composition for all to use Can modern day literature do what the literature from our past has done The overall Biblical character and feel consisting of many numbers combined with letters is very similar to our current Holy Scriptures and is here to help with economic and weather conditions This is coupled with scientific prediction in cognition helping to understand the immediate present by reviewing our past history by providing effective future caliber predictions on both micro and macro levels in our lifetimes through the areoles of time in universal form lending to Ages similar to time travel Could philosophical genius occult practices be construed and accepted as more than dogmatic science fiction and or fantasy and on to fashioned findings from omnipresent God and science itself Why not let your qualities define you whatever they are A higher state of conciseness would be the calling on to uncharted places indeed On to a more mentally focused atmosphere as opposed to the current physical realms is where the book takes us through its profound knowledge providing for a real time utopia The precision of 1 and 365 odds even more when factored with the eastern zodiac combined with the generality of 365 to 1 is very enticing existing in a perfect state laying somewhere in the zodiacs twelve star signs using an ark key for utility coded within the four elements and three states It makes us rethink all that we have learned in our educations rounding conspiracy theory by placing accepted God as more of a common factored force while not too sexual accidental and humane

Age to New Gnosis is spiritual Marxism and a powerful spearhead aimed at the New World Order of economic liberalism neo conservatism and military imperialism It challenges all four faces of its famous dollar pyramid the i dollartry of new technologies the reduction of the human being to a genetic machine the politically illiterate platitudes of New Age spirituality and the spiritual illiterate literalism of Christian biblical fundamentalism and racist Zionazism which now see their own zealotry mirrored and confronted by militant Islam What Peter Wilberg s recognises is that what our divided world now calls for is not a revival of fundamentalisms of any sort but a New Gnostic spirituality that understands the wordless knowledge within the word Seth

The Encyclopedic Sourcebook of New Age Religions James R. Lewis,2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public s curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of

serious study Professor James R Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement s historical roots A unique feature of Dr Lewis s work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon

The New Age of Soul Ray S. Anderson,2001-11-27 In The New Age of Soul the broad appeal of new age spirituality is identified and defined with special attention to the claim that the soul may be understood as both the repository of divine energy and a source of spiritual healing and hope Through dialogue with sources and perspectives on the spiritual nature of the soul the book attempts to win the respect and appreciation of the reader already persuaded by the claims and benefits of new age spirituality while at the same time convincing the reader who has suspicions and concerns about new age spirituality that a better alternative may be found The book thus has a two fold purpose first to expose the inadequacy indeed the superficiality of new age spirituality through this dialogue and discussion attracting the attention and interest of the reader already influenced by this genre Second the author makes a case for a more traditional orthodox and biblical view of the soul and human spirituality so that the reader who is inclined toward new age spirituality will rediscover the more traditional biblical content of the soul and spirituality while providing the committed more traditional Christian reader a tool by which to communicate a biblical faith with the growing segment of our population attracted toward new age spirituality In its own way this book is an apologetic for a more traditional Christian theology of human spirituality and self identity presented in a
