Creel, 1974* **Collected Writings on Chinese Culture** Tsuen-hsuei Tsien, 2011 Focuses on such topics as Chinese documents Chinese paper ink making printing cultural exchange libraries and biographies *Transformations Of The Confucian Way* John Berthrong, 2018-10-08 From its beginnings Confucianism has vibrantly taught that each person is able to find the Way individually in service to the community and the world John Berthrong's comprehensive new work tells the story of the grand intellectual development of the Confucian tradition revealing all the historical phases of Confucianism and opening the reader's eyes to the often neglected gifts of scholars of the Han T'ang and the modern periods as well as to the vast contributions of Korea and Japan The author concludes his revelatory study with an examination of the contemporary renewal of the Confucian Way in East Asia and its spread to the West **The Mythistorical Chinese**

Scholar-Rebel-Advisor Li Yan Roger V. Des Forges, 2020-03-09 Roger Des Forges here examines the puzzle of Li Yan a Chinese scholar who advised the rebel Li Zicheng 1605-1645 and helped him to overthrow the Ming only to die at his hands For more than three centuries Li Yan's identity and even existence were seriously questioned Then in 2004 there was discovered a genealogical manuscript which includes a Li Yan 1606-1644 He now appears to be the principal historical reality behind the Li Yan story which became a powerful metaphor for the rise and fall of Li Zicheng's rebellion Offering a fresh theory of Chinese and world history the author elucidates Li Yan's historical significance by comparing and contrasting him with similar figures in other times and places around the globe *A Madman of Chu* Laurence A. Schneider, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980 *K'ung-ts'ung-tzu* Yoav Ariel, 2014-07-14 In analyzing evidence indicating that K'ung ts'ung tzu was a forgery Yoav Ariel questions current views of the Confucian school in the time between the Sage's death in the fifth century B.C. and the emergence in the eleventh century of Neo Confucianism The text traditionally ascribed to a descendant of Confucius K'ung Fu 264-208 B.C. provides a setting for a series of philosophical debates between K'ung family members and representatives of such non Confucian schools as Legalism Mohism and the School of Names However finding that this text was probably fabricated by the controversial Confucian master Wang Su A.D. 195-256 Ariel explains how it sheds light on the third century philosophical milieu Confucianism then is seen to have been not only Taoistically metaphysical individualistic and escapist but also aggressive in advocating early Confucian values The first part of Ariel's book deals with the general characteristics history dating authenticity and authorship of the text The second part is a fully annotated and analyzed translation of the first of the two traditional volumes that constitute the K'ung ts'ung tzu Originally published in

Writing Chinese Laws Ernest Caldwell, 2018-05-23 The legal institutions of the short lived Qin dynasty 221 207 BCE have been vilified by history as harsh and draconian Yet ironically many Qin institutional features such as written statutory law were readily adopted by subsequent dynasties as the primary means for maintaining administrative and social control This book utilizes both traditional texts and archeologically excavated materials to explore how these influential Qin legal institutions developed First it investigates the socio political conditions which led to the production of law in written form It then goes on to consider how the intended function of written law influenced the linguistic composition of legal statutes as well as their physical construction Using a function and form approach it specifically analyses the Shuihudi legal corpus However unlike many previous studies of Chinese legal manuscripts which have focused on codicological issues of transcription and translation this book considers the linguistic aspects of these manuscripts and thus their importance for understanding the development of early Chinese legal thought Writing Chinese Laws will be useful to students and scholars of Chinese Studies as well as Asian law and history more generally
