The Universal Sherlock Holmes Ronald Burt De Waal, 1994 *A New New English* Anja Kellermann, 2001 Gibraltar is a mere 2.5 square miles of British rock at the southern tip of the Iberian peninsula Yet this microcosm is home to 20,000 Gibraltarians In the wake of age old geo political social and cultural tensions a unique language contact situation has emerged Since the arrival of the British in 1704 Spanish and English have coexisted in the colony English as the language of the colonial masters and Spanish Yanito as that of the local people Over the last 60 years however this diglossic situation has gradually changed with the Gibraltarians adopting English as their mother tongue The result has been the institutionalisation of the language and the emergence of a new New English This empirical study conducts an instrumental analysis of this localised form of English revealing its nativisation process The analysis pinpoints the distinctive features of Gibraltarian English and posits that a focussing process is in progress Implementing a qualitative quantitative analysis of sociolinguistic data the author also explores the mechanisms behind the speech community's language usage attitudes and ideology Over time Gibraltarians changing conceptions about English and Spanish have reflected their perceived identity of themselves as British and or Gibraltarians This book reveals Gibraltar as speech community in search of an identity It is a people aware of its multicultural heritage determined in its continued rejection of Spanish claims on sovereignty and increasingly ambivalent toward its colonial past *Literary Afterlife* Bernard A. Ghost Ship
 Brian Hicks,2005-06-28 On December 4th 1872 a 100 foot brigantine was discovered drifting through the North Atlantic without a soul on board Not a sign of struggle not a shred of damage no ransacked cargo and not a trace of the captain his wife and daughter or the crew What happened on board the ghost ship Mary Celeste has baffled and tantalized the world for 130 years In his stunning new book award winning journalist Brian Hicks plumbs the depths of this fabled nautical mystery and finally uncovers the truth The Mary Celeste was cursed as soon as she was launched on the Bay of Fundy in the spring of 1861 Her first captain died before completing the maiden voyage In London she accidentally rammed and sank an English brig Later she was abandoned after a storm drove her ashore at Cape Breton But somehow the ship was recovered and refitted and in the autumn of 1872 she fell to the reluctant command of a seasoned mariner named Benjamin Spooner Briggs It was Briggs who was at the helm when the Mary Celeste sailed into history In Brian Hicks s skilled hands the story of the Mary Celeste becomes the quintessential tale of men lost at sea Hicks vividly recreates the events leading up to the crew s disappearance and then unfolds the complicated and bizarre aftermath the dark suspicions that fell on the officers of the ship that intercepted her the farcical Admiralty Court salvage hearing in Gibraltar the wild myths that circulated after Sir Arthur Conan Doyle published a thinly disguised short story sensationalizing the mystery Everything from a voodoo curse to an alien abduction has been hauled out to explain the fate of the Mary Celeste But as Brian Hicks reveals the truth is actually grounded in the combined tragedies of human error and bad luck The story of the Mary Celeste acquired yet another twist in 2001 when a team of divers funded by novelist Clive Cussler located the wreck in a coral reef off Haiti Written with the suspense of a thriller and the vivid accuracy of the best popular history *Ghost Ship* tells the unforgettable true story of the most famous and most fascinating maritime mystery of all time
