doctor wounded while serving in the military in Afghanistan returned to London only to be introduced to a most unusual young man who was already making a name for himself as the world's first consulting detective. At that time the young man and his unique colleague were only just in their late twenties, unaware of their legendary futures, but they would go on to become two of the most famous and recognizable figures in the world: Sherlock Holmes and Dr John H Watson. In 1887 Holmes and Watson's first investigation as a team, *A Study in Scarlet*, was published. *The Sign of Four* followed in 1890, and then in 1891 the world was electrified with the publication of *The Adventures of Sherlock Holmes* in the newly formed Strand Magazine, and the world would never be the same. Through the remainder of the nineteenth Century and all the way through the twentieth, Holmes and Watson's fame would grow. We're now well into the twenty-first century, yet the much-loved duo are just as popular today, if not even more so. In 2015 *The MX Book of New Sherlock Holmes Stories* burst upon the scene, featuring stories set within the canon's correct time period, written by the very best of today's Sherlockian authors from around the world. That first anthology spread over three huge volumes, contained sixty-three stories, and was the largest collection of its kind assembled at the time. Response was immediately and overwhelmingly positive, and soon there were calls from fans for additional collections. Over 150 contributors so far have joined together from around the world to produce well over three hundred new adventures to honour Sherlock Holmes, the man described by Watson as the best and wisest whom I have ever known. **Earth vs. the Sci-Fi Filmmakers** Tom Weaver, 2010-06-28. Back in the era of black and white horror and sci-fi movies, we didn't have special effects or the money for them, says Peter Graves, one of the genre's most popular stars. But in those days, an unlimited amount of money wouldn't have gotten us much better special effects because they didn't exist. We had to go with the stories and try to make them as believable as possible and flash the outlandish things by quickly so the audience never got a good in-focus look at them. Perhaps no films attracted more rabid fans and less critical acclaim than the genre movies of that era. The men and women who made the characters come to life are interviewed here, talking about their work, the behind-the-scenes action, and the impact the movies had on their careers. The interviewees are Gene Barry, Gary Clarke, Gary Conway, Merian C Cooper, Robert Dix, Donnie Dunagan, Alex Gordon, Peter Graves, Gary Gray, Arch Hall Jr, Stephen Kandel, Carolyn Kearney, Ken Kolb, Robert L Lippert Jr, Jan Merlin, Mary Mitchel, Elliott Reid, Stanley Rubin, Frankie Thomas, and Burt Topper. Extensively illustrated. *Sherlock Holmes and the Sword of Osman*
