The Routledge Research Companion to Early Modern Spanish Women Writers Nieves Baranda, Anne J. Cruz, 2017-08-14 In Spain the two hundred years that elapsed between the beginning of the early modern period and the final years of the Habsburg Empire saw a profusion of works written by women. Whether secular or religious, noble or middle class, early modern Spanish women actively composed creative works such as poetry, prose, narratives and plays. The Routledge Research Companion to Early Modern Spanish Women Writers covers the broad array of different kinds of writings, literary as well as extra literary, that these women wrote, taking into consideration their subject positions and the cultural and historical contexts that influenced and were influenced by them. Beyond merely recognizing the individual women authors who had influence in literary, religious and intellectual circles, this Research Companion investigates their participation in these circles through their writings as well as the ways in which their texts informed Spain's cultural production during the early modern period. In order to contextualize women's writings across the historical and cultural spectrum of early modern Spain, the Research Companion is divided into six sections of general thematic interest: Women's Worlds, Conventual Spaces, Secular Literature, Women in the Public Sphere, Private Circles, Women Travelers. Each section is subdivided into chapters that focus on specific issues or topics.

A Companion to Spanish Women's Studies Xon de Ros, Geraldine Hazbun, 2014 This volume presents an overview of the issues and critical debates in the field of women's studies, including original essays by pioneering scholars as well as by younger specialists. New pathfinding models of theoretical analysis are balanced with a careful revisiting of the historical foundations of women's studies.

Ein Platz für sich selbst Anne Bollmann, Anne M. Bollmann, 2011 Im Mittelpunkt dieses Bandes stehen die Zusammenhänge zwischen dem Selbstverständnis schreibender Frauen und den religiösen und kulturellen Veränderungsprozessen vom 15. bis ins 17. Jahrhundert. Das Augenmerk liegt insbesondere auf den unterschiedlichen Wegen, die Frauen in dieser Zeit beschritten haben, um sich schriftlich zu äußern, ihre Texte zu verbreiten und am Austausch

intellektueller Zirkel teilzunehmen Einerseits geht es also um die Kommunikationsr ume in denen Verfasserinnen sich in Sp
tmittelalter und Fr her Neuzeit bewegt haben und andererseits um die Kommunikationsformen die sie hierf r gew hlt haben
Zusammen genommen sind die Kommunikationsr ume und formen der dokumentierbare Ausdruck f r diese
Wechselbeziehung zwischen den gesamtgesellschaftlichen Wandlungsprozessen und weiblicher Autorschaft The present
volume focuses on the rules and customs which determined the activity of female writers in the transition from the late
Middle Ages to the early modern period The topics include the connections between specific religious and cultural processes
of change the praxis of women writers and women s understanding of their own role as authors In this context particular
attention is given to the various routes taken by female authors of this period in order to express themselves in print to
disseminate their texts and to engage in intellectual networking On the one hand therefore the focus lies on the
communicative space within which female authors in the late Middle Ages and early modern times operated and on the other
on the forms of communication which they chose for their literary creativity Taken together the areas and forms of
communication constitute the basis of what can be documented concerning the interaction between the larger processes of
change within society and the women s authorial activity
