Charlotte Perkins Gilman

Moving The Mountain:

Moving the Mountain Charlotte Perkins Gilman, 2015-08-24 *Moving the Mountain* is the first book in Charlotte Perkins Stetson Gilman's well known trilogy. The second book in the trilogy is her landmark classic *Herland*. *Moving Mountain* delivers Gilman's program for reforming society. She concentrates on measures of rationality and efficiency that could be instituted in her own time, largely with greater social cooperation, equal education and treatment for girls and boys, day care centers for working women and other issues still relevant a century later. Yet Gilman also allows for technological progress: electric power is the motive force in industry and urban society; power generated largely by the tides, wind mills, water mills and solar engines. Wilder Publications is a green publisher. All of our books are printed to order. This reduces waste and helps us keep prices low while greatly reducing our impact on the environment.

Fear often grips us, and we become overwhelmed and anxious. However, in the spirit realm, mountains can and should be moved. Jesus is quoted as saying the following: "For verily I say unto you, that whosoever shall say unto this mountain, Be thou removed and be thou cast into the sea, and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass, he shall have whatsoever he saith."
