Violet Popovich in a Chicago hotel room When the regular season ended the Cubs and Yankees clashed in what would be Babe Ruth's last appearance in the fall classic After the Cubs lost the first two games in New York the series resumed in Chicago at Wrigley Field with Democratic presidential candidate Franklin Roosevelt cheering for the visiting Yankees from the box seats behind the Yankees dugout In the top of the fifth inning the game took a historic turn As Ruth was jeered mercilessly by Cubs players and fans he gestured toward the outfield and then blasted a long home run After Ruth circled the bases Roosevelt exclaimed Unbelievable Ruth's homer set off one of baseball's longest running and most intense debates did Ruth in fact call his famous home run Rich with historical context and detail The Called Shot dramatizes the excitement of a baseball season during one of America's most chaotic summers Race to Revolution Gerald Horne, 2014-07-08 The histories of Cuba and the United States are tightly intertwined and have been for at least two centuries In Race to Revolution historian Gerald Horne examines a critical relationship between the two countries by tracing out the typically overlooked interconnections among slavery Jim Crow and revolution Slavery was central to the economic and political trajectories of Cuba and the United States both in terms of each nation's internal political and economic development and in the interactions between the small Caribbean island and the Colossus of the North Horne draws a direct link between the black experiences in two very different countries and follows that connection through changing periods of resistance and revolutionary upheaval Black Cubans were crucial to Cuba's initial independence and the relative freedom they achieved helped bring down Jim Crow in the United States reinforcing radical politics within the black communities of both nations This in turn helped to create the conditions that gave rise to the Cuban Revolution which on New Year's Day in 1959 shook the United States to its core Based on extensive research in Havana Madrid London and throughout the U S Race to Revolution delves deep into the historical record bringing to life the experiences of slaves and slave traders abolitionists and sailors politicians and poor farmers It illuminates the complex web of interaction and influence that shaped the lives of many generations as they struggled over questions of race property and political power in both Cuba and the United States
