Mucheke Race Status And Politics In A Rhodesian Community:

Mucheke A. K. H. Weinrich,1976 *African Police and Soldiers in Colonial Zimbabwe, 1923-80* Timothy Joseph Stapleton,2011 Recruiting and motivations for enlistment Perceptions of African security force members Education and upward mobility Camp life African women and the security forces Objections and reforms Travel and danger Demobilization and veterans **Zimbabwe, a Country Study** United States. Department of the Army,1983 **Aluta Continua Biblical Hermeneutics for Liberation** Obvious Vengeyi,Joachim Kügler,2013 This book was passed as a PhD thesis at Bayreuth University Germany The author challenges African Biblical scholars and Christian leaders to premise Biblical interpretation on the experiences of the often neglected underclasses The author argues that from a comparative historical cultural and material methodological point of view the experiences of the Zimbabwean underclasses whose collective ordeal is represented by the experiences of domestic workers are strikingly similar to those suffered by slaves among other underclasses in the biblical world In the same way religion was appropriated by the elite to validate oppression of the underclasses in the biblical world the author shows that since the colonial era Christianity in Africa through biblical interpretation among many other tactics has been an influential force on the side of the dominant class to advance their racial class and gender interests To date in Zimbabwe for example the Bible and religion in general is manipulated by the dominant minority to justify and entrench the exploitation of the majority underclasses On the other hand the author observes that the history of ancient Israel Roman colonial Palestine and colonial Zimbabwe evidences that when religion is appropriated and or the Bible is read and interpreted from the historical cultural and material conditions of the underclasses it can be a valuable resource not only for their mobilization to overthrow oppressive systems but also for justifying their resistance tactics Aluta Continua The Struggle goes on *Home and Hegemony* Kathleen M. Adams,Sara Dickey,2000 Original and provocative essays on the construction of identity and hegemony [The Bulletin of the Southern Association of Africanists](#) Southern Association of Africanists (U.S.),1980 *Labour and Economic Change in Southern Africa c.1900-2000* Rory Pilosof,Andrew Cohen,2021-06-03 This book explores the social and economic development of Zimbabwe Zambia and Malawi over the course of the twentieth century These three countries have long shared and interconnected pasts All three were drawn into the British Empire at a similar time and the formation of the ill fated Federation of Rhodesia and Nyasaland formally linked these countries together for a decade in the mid twentieth century This formal political relationship created dynamics that resulted in yet closer economic and social links After Federation the economic realities of industry transport and labour supplies meant that these three countries continued to be intricately interconnected Yet despite these connected pasts comparative work on the economic histories of Malawi Zambia and Zimbabwe and how these change over time is rare This book addresses the gap by providing the first comprehensive collection of labour and census data across the twentieth century for these three countries The different economic models and performances of these states offer good comparison

allowing researchers to look at different models of development and how these played out over the long term The book provides data on population growth and change industrial and occupational structure and the various shifts in what the economically active population did It will be useful for historians economists development studies scholars and non governmental organisations working on twentieth century and contemporary southern Africa *Hungochani, Second Edition* Marc Epprecht, 2013-04-01 In the tapestry of global queer cultures Africa has long been neglected or stereotyped In Hungochani Marc Epprecht seeks to change these limited views by tracing Southern Africa's history and traditions of homosexuality modern gay and lesbian identities and the vibrant gay rights movement that has emerged since the 1980s Epprecht explores the diverse ways African cultures traditionally explained same sex sexuality and follows the emergence of new forms of gender identity and sexuality that evolved with the introduction of capitalism colonial rule and Christian education Using oral testimony memoirs literature criminal court records and early government enquiries from the eighteenth century to the present he traces the complex origins of homophobia By bringing forth a wealth of evidence about once hidden sexual behaviour Epprecht contributes to the honest open discussion that is urgently needed in the battle against HIV AIDS Homosexuality or hungochani as it is known in Zimbabwe has been denounced by many politicians and church leaders as an example of how Western decadence has corrupted African traditions However a bold new gay rights movement has emerged in several of the countries of the region since the 1980s offering an exciting new dimension in the broad struggle for human rights and democracy unfolding on the continent In a new preface to this edition Epprecht considers the recent advances of equality on the continent such as the legalization of same sex marriage in South Africa as well as discriminatory setbacks such as Uganda's anti homosexuality legislation *Hungochani* Marc Epprecht, 2004

Challenging the stereotypes of African heterosexuality from the precolonial era to the present **Distant Companions** Karen Tranberg Hansen, 2018-03-15 Distant Companions tells the fascinating story of the lives and times of domestic servants and their employers in Zambia from the beginning of white settlement during the colonial period until after independence Emphasizing the interactive nature of relationships of domination the book is useful for readers who seek to understand the dynamics of domestic service in a variety of settings In order to examine the servant employer relationship within the context of larger political and economic processes Karen Tranberg Hansen employs an unusual combination of methods including analysis of historical documents travelogues memoirs literature and life histories as well as anthropological fieldwork survey research and participant observation
