Muddied Waters Nancy P. Appelbaum,2003-04-07 Claims that Colombia s present day regional and local hierarchies were shaped by 19th and 20th century processes of colonization and that regionalism and race are tied into Colombia s history of violence *Cauca's Indigenous Movement in Southwestern Colombia* Brett Troyan,2015-06-10 Cauca s Indigenous Movement in Southwestern Colombia Land Violence and Ethnic Identity provides a vivid account of how the indigenous communities of Cauca in southwestern Colombia engaged with the Colombian central state Troyan begins with the question of how 3 4 percent of the Colombian population obtained legal rights to close to a quarter of the national territory Her in depth study of the correspondence between the central state and indigenous communities of Cauca reveals that the nation state played a key role in the legitimization of land claims based on ethnic identity Starting with the indigenous movement led by Manuel Quint n Lame in 1914 this book shows how in contrast to the local authorities of Cauca the central state adopted a more sympathetic albeit contradictory approach to indigenous communities grievances throughout the twentieth century Land Violence and Cauca s Indigenous Movement in Southwestern Colombia presents an examination of state initiatives in the 1930s 1950s 1960s and 1970s toward indigenous communities in Cauca whichsheds light on the political and social construction of Colombian indigenous identity Troyan also reveals how violence and the representation of violence shaped the conversations between the central state and indigenous communities of Cauca the central state s inability to exert a monopoly on violence Troyan argues places indigenous communities and their leaders in jeopardy despite the discursive legitimization of land claims based on ethnic identity *The Course of Andean History* Peter V. N. Henderson,2013-08-01 The only comprehensive history of Andean South America from initial settlement to the present this useful book focuses on Colombia Ecuador Peru and Bolivia the four countries where the Andes have played a major role in shaping history Although Henderson emphasizes the period since the winning of independence in 1825 he argues that the region s republican history cannot be explained without a clear understanding of what happened in the pre Hispanic and colonial eras Henderson carefully explores the complex relationship between the Andean peoples and their land up until the fall of the Inka Empire in 1532 before addressing the Spanish conquest and the colonial aftermath emphasizing the syncretism often unwillingly forced upon the original inhabitants of the region His account of the nineteenth century discusses the attempts of the Andean elite to fashion modern nation states in the face of many divisive factors including race The final chapters carry the story from 1930 to the present as the Andean countries debated different ways to create a more inclusive and prosperous society
