Negotiating Democracy Politicians And Generals In Uruguay

Cecilia Josefsson

Negotiating Democracy Politicians And Generals In Uruguay:

Negotiating Democracy Charles Guy Gillespie, 2006-04-20 Uruguay was once the most stable democracy in Latin America but in 1973 the military seized power for the first time Political parties did not disappear however even though they were made illegal By the 1980s Uruguay's generals were anxious to find a way to withdraw from power Yet they continued to insist on certain guarantees as the price for holding elections The issue of whether to make any concessions to the military came to divide the country's three major parties the Blancos the Colorados and the Left Nevertheless the latter two parties eventually did agree to a pact in July 1984 The military agreed to return to the barracks and the politicians made an implicit commitment not to prosecute them for their past human rights violations

Negotiating Democracy Charles Gillespie, 1991-11-29 This book discusses how Uruguay was once the most stable democracy in Latin America but in 1973 the military seized power for the first time

Latin America in the Era of the Cuban Revolution and Beyond Thomas C. Wright, 2025-07-10 Examining how the Cuban Revolution dictated Latin American politics and U S Latin American relations from the 1950s to the present this fourth edition engages with the question is the Cuban Revolution dead Fidel Castro's ascent to power and the revolution he led in Cuba not only catalyzed a wave of revolutionary activity it also set off a wave of reaction that led to widespread military dictatorships and severe repression culminating in state terrorism Both revolution and reaction were essentially over by 1990 and yet long term effects of the Cuban Revolution continue to influence the modern era Latin America in the Era of the Cuban Revolution and Beyond covers the events of the Cuban Revolution itself the resulting radicalization of Latin American politics the United States responses to the threat of communist expansion in the region and rural and urban guerrilla warfare that were spawned by the Cuban Revolution It also addresses the very different but incomplete revolutions in Peru Chile and Nicaragua the rise of state terrorism in response to the threat of revolution and major developments after 1990 This fourth edition includes a new chapter with expanded coverage of women's political representation the continued rise of authoritarianism Mexican democratization the Pink Tide of recent leftist governments including those of Hugo Chavez in Venezuela and Evo Morales in Bolivia and Cuban politics in the post Castro era The revised edition features maps of the region as well as updated further reading sections following each chapter

Elections in the Americas: A Data Handbook Dieter Nohlen, 2005-04-14 This volume continues the series of election data handbooks published by OUP It presents the first ever compendium of electoral data for all 35 states in the Americas from their independence or the introduction of universal male suffrage to the present Containing contributions from renowned scholars Elections in the Americas is a highly authoritative resource for historical and cross national comparisons of elections and electoral systems

Problems and Alternatives in the Modern Americas Pablo A. Baisotti, 2021-09-30 This volume explores several notable themes related to political processes in Latin America and offers insightful historical perspectives to understand national regional and global issues in the continent from the beginning of the 20th century to the

present day The collected essays focus on Latin American politics such as political cycles left wing political parties nationalism progressivism crime and resistance violence authoritarianism and relationships with the United States Venezuela Chile Ecuador Brazil Colombia and Paraguay The perspectives of the chapters presented an attempt to seek lines of continuity by highlighting traditional interpretations of new scenarios and refusing to impose a traditional and uncritical linear historical narrative The fundamental objective of the volume is to provide a rational and critical political historical explanation of Latin America since the early 20th century with the purpose among others of deepening understanding of the present

Latin America since 1780 Will Fowler, 2015-10-23 *Latin America since 1780* provides an accessible introductory text aimed at Spanish linguists and historians taking modules in Latin American history It provides a compelling continental based historical narrative supported throughout by incisive evaluation pedagogical features and authentic source texts in the original Spanish This book focuses on key events such as the Wars of Independence the Mexican Cuban and Sandinista Revolutions and the recent shift to the left as well as providing short inserts on the main political protagonists such as Simon Bolivar Getulio Vargas and Hugo Chavez The 3rd edition has been revised in line with crucial recent political cultural and economic developments It offers an entirely new chapter covering the key events and issues of the 21st century fresh topics for essays and presentations increased attention to literary ethnic and social culture and a new e resource offering English translations of Spanish sources

Between States Yossi Shain, Juan J. Linz, Lynn Berat, 1995-05-26 *Between States* is the first book that assesses systematically the broad implications of interim governments in the establishment of democratic regimes and on the existence of states Based on historical and contemporary democratisation experiences the book presents four ideal types of interim government opposition led provisional governments power sharing interim governments incumbent led caretaker governments and international interim government by the United Nations The first part explores the theoretical problems of each of these models from a broad comparative perspective It uses as illustrations historical and contemporary cases that present a wide spectrum of contexts for comparison The second part provides extensive case studies that are intended to illustrate appraise amplify and criticise the analysis in volume one These include Iran East Germany Portugal Afghanistan and Yugoslavia

Challenges of Party-Building in Latin America Steven Levitsky, James Loxton, Brandon Van Dyck, Jorge I. Domínguez, 2016-10-13 Nearly four decades since the onset of the third wave political parties remain weak in Latin America parties have collapsed in much of the region and most new party building efforts have failed Why do some new parties succeed while most fail This book challenges the widespread belief that democracy and elections naturally give rise to strong parties and argues that successful party building is more likely to occur under conditions of intense conflict than under routine democracy Periods of revolution civil war populist mobilization or authoritarian repression crystallize partisan attachments create incentives for organization building and generate a higher cause that attracts committed activists Empirically rich chapters cover diverse cases from across Latin America including both successful and failed cases

Presidential Campaigns in Latin America Taylor C. Boas, 2016-03-04 Taylor C Boas argues that new democracies are likely to develop nationally specific approaches to electioneering through success contagion The theory of success contagion holds that the first elected president to complete a successful term in office establishes a national model of campaign strategy that other candidates will adopt in future

Managing Terrorism and Insurgency Cameron I. Crouch, 2009-09-10 This book examines how governments can weaken the regenerative capabilities of terrorist and insurgent groups The exploration of this question takes the form of a two tier examination of three insurgent actors whose capacity to regenerate weakened in the past the Front de lib ration du Qu bec FLQ of Canada the Movimiento de Liberaci n Nacional Tupamaros MLN T of Uruguay and the Provisional Irish Republican Army PIRA of Northern Ireland during the mid 1970s At the first level of its examination the book investigates the extent to which the regenerative capacities of the FLQ MLN T and PIRA weakened because of an increase in attrition and a decrease in recruitment The primary objectives of this analysis are to uncover whether a declining intake of recruits played a lesser equal or greater role than a burgeoning loss of personnel in weakening the capacities to regenerate of the three insurgent actors and in turn to shed greater light on the broader validity of the prevailing view in conflict studies that a decrease in recruitment is more important than an increase in attrition in effecting the corrosion of an insurgent actor s capacity to regenerate At the second level of its exploration the book assesses the effectiveness of five of the most prominent policy prescriptions in the literature and insurgent recruitment and attrition ameliorating grievances selective repression discrediting insurgent ideology improving intelligence collection and restricting civil liberties This book will be of much interest to students of terrorism and counter terrorism conflict studies strategic studies and security studies in general Cameron Crouch is currently an Analyst at Allen Consulting Group an Australian economics and public policy consulting firm He has a PhD from the Strategic and Defence Studies Centre at The Australian National University

Comparative Political Systems Charles F. Andrain, 1994 This book focuses on the economic changes produced by different political systems and on the social impact of regime transformations It addresses several key policy issues How does the policy process operate in various types of political systems What impact do public policies and policy outcomes wield on transformations in a political system How does public policy preference in different political systems affect democracy capitalism and socialism

Handbook of South American Governance Pia Riggirozzi, Christopher Wylde, 2017-12-14 Governance in South America is signified by strategies pursued by state and non state actors directed to enhancing some aspect of their capabilities and powers of agency It is about the spaces and the practices available demanded or created to make politics happen This framework lends explanatory power to understand how governance has been defined and practiced in South America P a Riggirozzi and Christopher Wylde bring together leading experts to explore what demands and dilemmas have shaped understanding and practice of governance in South America in and across the region The Handbook suggests that governance dilemmas of inequitable and unfulfilled political economic

governance in South America have been constant historical features yet addressed and negotiated in different ways Building from an introduction to key issues defining governance in South America this Handbook proceeds to examine institutions actors and practices in governance focusing on three core processes evolution of socio economic and political justice claims as central to the demands of governance governance frameworks foregrounding particular issues and often privileging particular forms of political practice and iterative and cumulative processes leading to new demands of governance addressing recognition and identity politics This Handbook will be a key reference for those concerned with the study of South America South American political economy regional governance and the politics of development **Delayed**

Transitional Justice Mariana S. Mendes, 2023-07-24 This book addresses the issue of the timing of transitional justice policies in countries that had negotiated transitions from authoritarianism to democracy Why are transitional justice measures often being implemented decades after the events they refer to More specifically what combination of factors leads to the implementation of transitional justice policies at certain moments in time And what explains countries different choices and trajectories To address these questions this book pursues a comparative analysis of three cases comparing a case of robust implementation of transitional justice measures Uruguay a case where only victim centered measures were approved Spain and a case that sits in between these two Brazil Through an in depth empirical analysis of these specific country cases and focusing on seven different transitional justice initiatives the book identifies the determinants behind delayed transitional justice policies and explains why such policies are more robust in some settings than in others In doing so it provides a holistic account of post transitional justice outcomes offering more general conclusions and insights about the study of the drivers of transitional justice This book will appeal to scholars and students of transitional justice in politics law and sociology as well as to policymakers involved in the implementation and administration of transitional justice measures

Defending the Status Quo Cecilia Josefsson, 2024 Defending the Status Quo explores political elites resistance against electoral gender quota reforms a widespread reform aimed at improving women s political representation The book introduces The Resistance Stage Framework a theoretical model rooted in feminist institutionalism which outlines how politicians try to block or slow down gender equitable change throughout the policy process Through a detailed analysis of Uruguay s 30 year struggle to adopt and implement electoral gender quotas the book reveals the adaptive nature of resistance among powerful status quo defenders Drawing on interviews and legislative debates the book shows how resistance strategies vary over the policy process and across political parties in response to changing institutional and ideational constraints *Triggering Communism's Collapse* Marjorie Castle, 2003 Through research and interviews Castle examines the causes and consequences of Poland s collapse as a communist state and explores how today s leaders confront some of the legacies of transition *Left in Transformation* Vania Markarian, 2013-09-13 This book takes an innovative look at international relations Focusing on the worldwide campaign against abuses by the right wing authoritarian regime in

Uruguay 1973 1984 it explores how norms and ideas interact with political interests both global and domestic It examines joint actions by differently motivated actors such as the leftist activists who had to flee Uruguay in these years the Organization of American States The United Nations Amnesty International and the United States It traces language and procedures for making their claims The chief goal however is to peruse the specific reasons that led these actors to endorse the central core of liberal rights that gave foundation to this system A close examination of the available documents shows that even as they joined efforts to protest abuses they were still pursuing their individual agendas which is often overlooked in the existing scholarship on human rights transnational activism The book pays special attention to the Uruguayan exiles analyzing why and how leftist activists and leaders adopted the human rights language which had so far been used to attack communism in the context of the Cold War

Becoming the Tupamaros Lindsey Churchill, 2014-01-15 In *Becoming the Tupamaros* Lindsey Churchill explores an alternative narrative of US Latin American relations by challenging long held assumptions about the nature of revolutionary movements like the Uruguayan Tupamaros group A violent and innovative organization the Tupamaros demonstrated that Latin American guerrilla groups during the Cold War did more than take sides in a battle of Soviet and US ideologies Rather they digested information and techniques without discrimination creating a homegrown and unique form of revolution Churchill examines the relationship between state repression and revolutionary resistance the transnational connections between the Uruguayan Tupamaro revolutionaries and leftist groups in the US and issues of gender and sexuality within these movements Angela Davis and Eldridge Cleaver for example became symbols of resistance in both the United States and Uruguay and while much of the Uruguayan left and many other revolutionary groups in Latin America focused on motherhood as inspiring women's politics the Tupamaros disdained traditional constructions of femininity for female combatants Ultimately *Becoming the Tupamaros* revises our understanding of what makes a Movement truly revolutionary

Leftovers Jorge G. Castañeda, Marco A. Morales, 2009-09-10 Written by specialists on the region this book provides a comprehensive account of the left across Latin America

A Companion to Latin American History Thomas H. Holloway, 2011-03-21 *The Companion to Latin American History* collects the work of leading experts in the field to create a single source overview of the diverse history and current trends in the study of Latin America Presents a state of the art overview of the history of Latin America Written by the top international experts in the field 28 chapters come together as a superlative single source of information for scholars and students Recognizes the breadth and diversity of Latin American history by providing systematic chronological and geographical coverage Covers both historical trends and new areas of interest

The Americas Felipe Fernández-Armesto, 2006-01-17 In this groundbreaking work leading historian Felipe Fernández Armesto tells the story of our hemisphere as a whole showing why it is impossible to understand North Central and South America in isolation without turning to the intertwining forces that shape the region With imagination thematic breadth and his trademark wit Fernández Armesto covers a range of cultural political and social subjects taking us from the

dawn of human migration to North America to the Colonial and Independence periods to the American Century and beyond Fern ndez Armesto does nothing less than revise the conventional wisdom about cross cultural exchange conflict and interaction making and supporting some brilliantly provocative conclusions about the Americas past and where we are headed

As recognized, adventure as competently as experience virtually lesson, amusement, as well as promise can be gotten by just checking out a ebook **Negotiating Democracy Politicians And Generals In Uruguay** plus it is not directly done, you could allow even more on the subject of this life, on the world.

We give you this proper as well as easy mannerism to get those all. We give Negotiating Democracy Politicians And Generals In Uruguay and numerous books collections from fictions to scientific research in any way. in the course of them is this Negotiating Democracy Politicians And Generals In Uruguay that can be your partner.
