 about our exciting range of titles [A Companion to Hemingway's Death in the Afternoon](#) Miriam B. Mandel, 2009 New
 carefully focused essays providing a thorough examination of Hemingway's groundbreaking non-fictional work Published in
 1932 Death in the Afternoon reveals its author at the height of his intellectual and stylistic powers By that time Hemingway
 had already won critical and popular acclaim for his short stories and novels of the late twenties A mature and self-confident
 artist he now risked his career by switching from fiction to nonfiction from American characters to Spanish bullfighters from
 exotic and romantic settings to the tough world of the Spanish bullring a world that might seem frightening and even
 repellant to those who do not understand it Hemingway's nonfiction has been denied the attention that his novels and short
 stories have enjoyed a state of affairs this Companion seeks to remedy breaking new ground by applying theoretical and
 critical approaches to a work of nonfiction It does so in original essays that offer a thorough balanced examination of a
 complex boundary breaking and hitherto neglected text The volume is broken into sections dealing with the composition
 reception and sources of Death in the Afternoon cultural translation cultural criticism semiotics and paratextual matters and
 the issues of art authorship audience and the literary legacy of Death in the Afternoon The contributors to the volume four
 men and seven women lay to rest the stereotype of Hemingway as a macho writer whom women do not read and their
 nationalities British Spanish American and Israeli indicate that Death in the Afternoon even as it focuses on a particular
 national art discusses matters of universal concern Contributors Miriam B Mandel Robert W Trogdon Lisa Tyler Linda

Steven W. Hackel,2017-01-15 Recovering lost voices and exploring issues intimate and institutional this sweeping examination of Spanish California illuminates Indian struggles against a confining colonial order and amidst harrowing depopulation To capture the enormous challenges Indians confronted Steven W Hackel integrates textual and quantitative sources and weaves together analyses of disease and depopulation marriage and sexuality crime and punishment and religious economic and political change As colonization reduced their numbers and remade California Indians congregated in missions where they forged communities under Franciscan oversight Yet missions proved disastrously unhealthful and coercive as Franciscans sought control over Indians beliefs and instituted unfamiliar systems of labor and punishment Even so remnants of Indian groups still survived when Mexican officials ended Franciscan rule in the 1830s Many regained land and found strength in ancestral cultures that predated the Spaniards arrival At this study s heart are the dynamic interactions in and around Mission San Carlos Borromeo between Monterey region Indians the Children of Coyote and Spanish missionaries soldiers and settlers Hackel places these local developments in the context of the California mission system and draws comparisons between California and other areas of the Spanish Borderlands and colonial America Concentrating on the experiences of the Costanoan and Esselen peoples during the colonial period Children of Coyote concludes with an epilogue that carries the story of their survival to the present day *Intensive Short-Term Dynamic*

Gaboriau,2023-06-13 A murder is discovered The authorities quickly arrest an obvious suspect A detective spends hours at the scene in disguise before making himself known and proceeds to minutely examine the evidence with the assistance of a doctor among others before proclaiming the answer lies in a completely different direction One would be forgiven for thinking the detective must be a certain famous Englishman and his doctor companion But this detective is French rather than English a professional working for the police rather than an amateur and indulges in candy lozenges rather than cocaine If there is a straight line between Poe s Dupin and Doyle s Holmes then Gaboriau s Lecoq lies right in the middle of it He is a master of disguise he is proud and sometimes arrogant he notices infinitesimal things others do not he makes great leaps in deduction while others are struggling to take small steps He is both strikingly similar and distinctly different than his more famous English cousin Although Monsieur Lecoq appeared in Gaboriau s first novel there he played only a minor part Here

he is the main attraction Solving the murder of a countess and disappearance of a count requires all of Lecoq s skills and as he steadily unravels the mystery one sees the debt that is owed by all who came after him **Conditions in the Coal Fields of Pennsylvania** United States.
